**A. (Deepa Desai) Student Pay Process Presentation**

-Deeps: Everybody who works here gets paid on the monthly basis of the Education code 85260 not just students. The county office of education along with sonoma county have set it as a monthly pay roll. Even if we were fiscally independent it would be impossible to pay twice a month due to the amount of workers that we have and the time to process. It is just the way that the cycle is set up. We need that processing time to meet the deadline from the county. This is not just for the student payroll but how.

The first paycheck sometimes we have delays for the whole process to get paid if not all the paperwork is there. Even though we have deadlines we put in pay sheets until the last hour.

-Hilleary: Hopefully students know that you can get direct deposit.

-Deepa: We are really encouraging to use direct deposit, in the future we are working for people to do direct deposit, but we can't force people to do direct deposit. It becomes helpful because you don't have to worry about losing your check because, or when the campus is closed like christmas time.

-Gavin: Is there any proactive actions that we can help those who are not using direct deposit to get paid on time.

-Deepa: I would encourage you to spread the word about turning in all the appropriate paperwork, to turn in their timesheet on time.

-Gavin: At 3:28pm the gavel was transitioned to Jordan P. from Gavin.

-Jordan: Has there ever been discussed to pay undocumented students perhaps not through checks but possibly scholarships for work.

-Deepa: For undocumented students if you get a Tax Identification number you can get paid through accounts payable (in accounts payable you get stipends through the accounts payable system).
