A. N/A

VIII. New Business:

At this time the SGA will discuss and possibly take action on the following items:

A. A motion may come forward to approve up to \$2,500 for student life marketing games.

M: Maria S: Eduardo

-Fernando: We (Other S.G.A. members) focused on life size games, the cool thing about this marketing strategy is we would purchase it through the student center fee (S.C.F.). The only way that the students would be able to check these games out would be using the cub-card plus, and that would help market the cub-card plus.

-Eduardo: This is an opportunity to use the S.C.F. that is a great resource that we can tap into, and we can also begin to

Gavin: I think it's a great idea, and I think having these events accessible for students, but I would like to have more information presented such as a detailed proposal for someone who may not know and have questions about this business item in the future . I am definitely pro-information when it comes to financial matters.

Fernando: I do have the paperwork and

Zack: If we do move forward that if we do pass it that the list of the items being put up before

Agendas and Minutes are put up online at studentlife.stantarosa.edu

Move to close debate and go to a vote M: Gavin S: Maria

MOTION OUTCOME: Passed

B. A motion may come forward to approve up to \$5,000 for annual M.E.Ch.A youth conference.

Rai: 11th Annual Youth Conference, usually 15k is spent in the conference, this year a little more will be spent. During this conference we talk to students about activism, education, and leadership. The reason why I am asking up to \$5k is so we don't have to worry about the money and can continue with planning and work of this conference. Just the food alone will cost \$5K, and we still have to purchase shirts and pay for transportation.

Will: It looks like it is an I.C.C proposal

Rai: I also sent a proposal to I.C.C. as well

Daniela: Are clubs allowed to table for this event

Rai: Yes

Hector: Yes, but it's a limited amount, but if you want to let the clubs know as long as it pertains to education, they can contact Rai or myself

Rai: April 21st Friday is the day of the conference

Eduardo: Where do you think would be the best place to pull money from is our budget

Rai: This year student equity gave us \$10k but if I get a good portion from here and ICC we are good to go but essentially it would be good to get money from both.

Gavin: I think that there is money in committees all around, and it would be a good way to split the cost between I.C.C. and S.G.A., if we can decide the amount of money to be spent

-Motion to table until next Monday: Will S: Daniela

MOTION OUTCOME: Tabled

IX. Discussion Items:

A. (Robert Ethington) Transportation Fee Initiative for the April 2017 Student Election Ballot

-Robert: One of the things we have been working on is getting free transportation for students all around

the county. What I am hoping for is for us to put it on a ballot. You can make the decision as a body of who you wanted to charge for the Transportation fee. You can only charge \$10 a semester, b/c the most you can charge someone a semester for parking is \$70 a semester. You can come up with any laws for any students that you would like. Work with the city council so that they match up

Jordan: As an S.R.J.C student I already pay enough money for parking. The money from the parking pass goes to the S.R.J.C. district police. It would be cool if we kept the \$60 limit, and lowered the parking pass to \$50 and the students would pay the \$10 if this were to pass.

Robert E.: This would be like a public health care model, also it would be a good way to subsidize transportation.

Robert M: If this weren't to be spent on the buses were would the money go?

Robert E: I don't know yet, but I do want to get that question answered.

Gavin: I think that if we go talk to Doug Roberts things can be negotiable, and also if the students don't want it they can vote no

Emi: I think if we don't use the money for the busses, we can potentially buy those students who can't afford it bus passes

Zack: We are only paying for the bus passes for those who would ride the bus

Jordan: It could create jobs and help the environment

Robert E.: Bryan A. from county transit, Rachel E. from City Transit can come over.

Jordan: If you or Zack can let us know about the possibility about lowering the transportation price

Robert E: I will talk to Doug about it.

B. (SGA) International Student Meet & Greet Reception

C. (Eduardo) AB 1995:

-Robert: Resolution 4/17, this would proclaim to everyone that as long as you are a student you can use the shower open from 8 am - 8 pm, and also the shower care packages

-Fernando: Some things for hygiene use showed up in my office so who ever can distributed, if you need them let me know

X. Communications from the Floor:

At this time members of the SGA may make announcements on items not listed on the agenda. Communications shall be limited to 2 minutes. Clarifying questions will be entertained; however, no action shall be taken.

-Joran: International Students meet and greet Wednesday Feb.1st 4 pm - 5 pm in the Doyle Library

-Pedro's Feb. 7th 9am-12pm Pedro's welcome party

-.Maria: Meet with Pedro, I will

-Robert M: I read in the 20/30 plan that there might be housing, I would like for us to advocate for affordable housing for students that come from a low socioeconomic background

Robert E.: The idea is that we use the money to create to houses, and it has to be done from a 3rd party vendor

Eduardo: Region 3 meeting will be here, January 28th 12:30pm-4pm. Show up!

Robert M.: I think it is a good idea that a lot of people show up to be welcoming, they used to have meetings here due to the beautiful campus that we have

Eduardo: S.G.A office space is to do work

Robert E: We can tighten it up if needed, respect the space and if it's your stuff it's your stuff but if it's someone else ask before you use it

Zack: Let us know if you need someone that you need to talk to someone if they are not respecting the space

Gavin:

A. (Deepa Desai) Student Pay Process Presentation

-Deeps: Everybody who works here gets paid on the monthly basis of the Education code 85260 not just students. The county office of education along with sonoma county have set it as a monthly pay roll. Even if we were fiscally independent it would be impossible to pay twice a month due to the amount of workers that we have and the time to process. It is just the way that the cycle is set up. We need that processing time to meet the deadline from the county. This is not just for the student payroll but how.

The first paycheck sometimes we have delays for the whole process to get paid if not all the paperwork is there. Even though we have deadlines we put in pay sheets until the last hour.

-Hilleary: Hopefully students know that you can get direct deposit.

-Deepa: We are really encouraging to use direct deposit, in the future we are working for people to do direct deposit, but we can't force people to do direct deposit. It becomes helpful because you don't have to worry about losing your check because, or when the campus is closed like christmas time.

-Gavin: Is there any proactive actions that we can help those who are not using direct deposit to get paid on time.

-Deepa: I would encourage you to spread the word about turning in all the appropriate paperwork, to turn in their timesheet on time.

-Gavin: At 3:28pm the gavel was transitioned to Jordan P. from Gavin.

-Jordan: Has there ever been discussed to pay undocumented students perhaps not through checks but possibly scholarships for work.

-Deepa: For undocumented students if you get a Tax Identification number you can get paid through accounts payable (in accounts payable you get stipends through the accounts payable system).

B. (Doug Roberts) Weekly budget update

- **Doug: Revenues are not coming in as high in 2015-2016 so that affects how funding will be handled in the 2017-2018 year. We are going to be given money available through restricted funds. We are going to receive 1.9 million dollars, we are going to lose 2.5 million and also lose 1.5 million in ongoing expenditures. January is the start of the budgetary season the next budgetary update is in May. Budgetary revise is the money received in April. One of the factors but not the only one, when unemployment is down generally enrollment is down.**

Eduardo: Would Affordable student housing help enrollment?

Doug: Yes, it would, but it would take a long time to be able to see the effect.

Jordan: Is it possible to lower the parking price to \$50?

Doug: Everything is possible, the question is, what is the tradeoff? We would be taking money out of the unrestricted general fund. To make any change in that fee you would have to present it to the Board and we already have.

Doug: I want to encourage if you have any questions how the money goes and how it is spent s about , call my office extension 4421.

-Shae: I wanted to say thank you for having such a dynamic experience, I think that this government is so reflective of what I want to see on campus

-Fernando: For me as a student leader reflecting on student government, it would be the growth that I have seen in Eduardo Osorio Juarez in student government, He is willing to help students whether they believe in his cause or not, I am saddened

-Gavin: I mirror those thoughts that he shared about Eduardo, coming into this student government and gaining the trust and being respected for what I do I am thankful for, One of the most beautiful things was to go through a tumultuous time and then going back to it and getting to work on student problems, we have all gone through hard things, I have the utmost respect for the president. I am thankful for this experience.

-Abril: One of my favorite quotes was from Ann S. "Get rich or die trying", the second one was from Gavin "Robert Ethington Agrees so do I", horchata spilling in my car, thank you to everyone who has supported me, I want to give a shoutout to Jordan, thank you to my cabinet, thank you Alexia
