The amendment passed, the main motion then passed.

It was moved and seconded that the following statement be adopted and supported by C.S.A.:

The most serious academic problem confronting black students enrolled in the Educational Opportunity Program at Santa Rosa Junior College stems from an ingrained refusal to accept or be accepted by white society i.e. racism. Black students may appear to be semi-illiterate or dumb because their manner of speech is not acceptable to many instructors on this campus and because the accepted manner of writing here and elsewhere is based upon a manner of speech utilized by a very limited segment of white society. The black student is the most likely recipient of an "F" grade unless this type of institutionalized racism is properly identified and attacked by both student and instructor.

Often those who have difficulty reading have acquired a guilt or feeling of inadequacy as a reaction to scolding, teasing and general harassment from those who have lesser difficulty. Too, they may easily become confused because the bulk of society relies upon a medium they scarcely comprehend. This is a delicate problem that requires a delicate approach. It should be the responsibility of the instructor to discover this approach.

Many instructors on this campus should be reminded that in the past student performance has always been evaluated as though all students were white and existed in an all-white society. With this approach educators have traditionally stifled black advancement and assisted in the creation of a socially non-acceptable nigger image. This is a variegated society and students should be taught and encouraged to respond to a variegated culture and not to an all-white culture. Why then should a black student who has made an attempt to communicate with whites be given a lesser grade for his attempt than the white student who has only managed to communicate within his own ethnic group?

Both the Black Students Union and the College Student Assembly deplore this type of racism. For further information as to how this problem might be solved or to give comments or advice please do not hesitate to Contact the Black Students Union or a representative.

The motion passed.

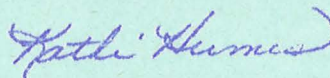

IX. Announcements

Jeff Hess reminded everyone to attend the banquet again tomorrow night.

X. Adjournment

The last meeting of the College Student Assembly Fall 1969 was adjourned at 5:00.

I MOVE THAT THE FOLLOWING STATEMENT BE ADOPTED AND SUPPORTED BY C.S.A.

The most serious academic problem confronting black students enrolled in the Educational Opportunity Program at Santa Rosa Junior College stems from an ingrained refusal to accept or be accepted by white society i.e. racism. Black students may appear to be semi-illiterate or dumb because their manner of speech is not acceptable to many instructors on this campus and because the accepted manner of writing here and elsewhere is based upon a manner of speech utilized by a very limited segment of white society. The black student is the most likely recipient of an "F" grade unless this type of institutionalized racism is properly identified and attacked by both student and instructor.

Often those who have difficulty reading have acquired a guilt or feeling of inadequacy as a reaction to scolding, teasing and general harrassment from those who have lesser difficulty. Too, they may easily become confused because the bulk of society relies upon a medium they scarcely comprehend. This is a delicate problem that requires a delicate approach. It should be the responsibility of the instructor to discover this approach.

Many instructors on this campus should be reminded that in the past student performance has always been evaluated as though all students were white and existed in an all-white society. With this approach educators have traditionally stifled black advancement and assisted in the creation of a socially non-acceptable nigger image. This is a variegated society and students should be taught and encouraged to respond to a variegated culture and not to an all-white culture. Why then should a black student who has made an attempt to communicate with whites be given a lesser grade for his attempt than the white student who has only managed to communicate within his own ethnic group?

Neither the Black Students Union nor the College Student Assembly will allow this type of racism to continue to suppress blacks and impede the process of civilization. For further information as to how this problem might be solved or to give comments or advice please do not hesitate to contact the Black Students Union or a representative.

Gene:

This will introduce Mr. David Smith, the student I mentioned to you on the telephone on Monday. Your suggestion of possibly assisting him through the special fund set up by the studentbody sounds fine. I'm convinced that the serious intent and industriousness of this student will more than justify any assistance you can give him.

Thinking about our conversation, it seems to me that either of the following proposals would be appropriate for favorable consideration under the terms of the student assistance fund for special projects:

1. A direct grant of assistance to aid Mr. Smith in the purchase of supplies (perhaps a tape recorder), transportation, and other needs that he is having real difficulty in meeting as he pursues his project of studying and collecting authentic material from the Pomo Indians of this area.
2. ~~Payment of a sizeable fee to Mr. Smith for a special program of Pomo Indian dances and songs that he would produce on this campus.~~

I'd like to assist Mr. Smith in any way possible, so feel free to call on me if you think of some way I can help. Many thanks for your interest in this very deserving student.

Sincerely,

Don Emblen

Dr. H. T. Bower
Santa Rosa Junior College
Drama Department

Dear Dr. Bower:

This letter will formalize an earlier discussion which you and I had regarding the project "Santa Rosa Junior College Road Show Productions".

In the summer of 1969 the Executive Cabinet of the College Student Assembly set aside the amount of \$1,000.00 from the 1968-69 budget surplus, to be used for a traveling production to be produced jointly by the SRJC Drama Department, the SRJC Music Department and the SRJC Associated Students.

We envisioned a traveling show which would perform at all of the high schools in the county, a performance here at the junior college and perhaps performances at two nearby junior colleges. The idea encompasses an up-beat variety show with singing groups, perhaps a rock band, short skits, readings, blackouts, etc. We are thinking in terms of a fifty minute show similar to the NEW CHRISTY MINSTRELS, SING-OUT, or the NEW HOPE SINGERS.

We feel that the only purpose for the show would be to indicate to the county at large that the Santa Rosa Junior College is an exciting place where exciting things are happening.

The \$1,000.00 special budget would be in addition to the normal Drama budget and would be used for special costumes, equipment, rental or purchase, rental of the transport necessary to move the show and other incidental equipment.

We hope that you will discuss this project with the personnel involved and return to us an early answer as to your commitment.

Sincerely,

STUDENT EXPERIMENTAL PROJECT GRANTS

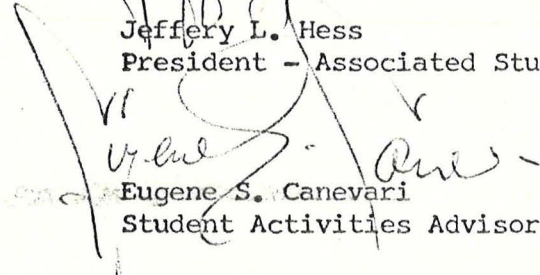

During the summer of 1969 the Executive Cabinet of the College Student Assembly set aside \$1,000.00 from the 1968-69 budget surplus for student experimental projects.

These projects may be undertaken by a student in any academic area. The maximum grant to any one individual will be \$200.00. Each request for funds must be submitted on a form provided in the Student Activities Office and each project must have a faculty advisor.

We envision that these funds would be used in areas such as student produced films, recordings, publications, rental or purchase of special equipment for chemistry or physics experiments, purchase of special materials for art projects, research projects in all areas, etc.

When submitting a request for funds an outline of the project will be required, along with some information about the student. The Executive Cabinet of the College Student Assembly will be the sole and final judge of which projects will be allocated funds. All of the financial matters will be handled through the Student Activities Office.

To All Faculty Members:

Your response from the proposed faculty evaluation were appreciated and warranted. I have taken under consideration all the proposals that were returned and then revised the evaluation.

The time for commitments has come. I have to know which faculty members are opposed to conducting this evaluation.

Because it is impossible to conduct this evaluation with the entire student body and because only the faculty member knows the size and variations in the classes, it will be up to you to choose which classes you would like the evaluation to take place in, trying to get as many students involved as possible. With this information I can figure out how much of a financial commitment from the College Student Assembly I need.

It has also been suggested that a few trial runs be made to be sure of the clarity. If you would be willing to help in this matter, please let me know by message on the opposite side of the consent form.

It would be appreciated if this can be done soon.

Sincerely,

Richard B. Brantingham

COMMITTEE STRUCTURE--PROPOSED CHANGES

A. Number of Committees

1. Eliminate Some Faculty Committees

- a. Advisory--function of committee on committees to be transferred to 4 "parent" bodies
- b. Humanities--department formed
- x c. Bulletin--assumed by given existing offices and coordinated by Registrar (resource personnel must be guaranteed)
- d. Evening College--~~perhaps a citizens advisory committee would perform a more valuable function~~
- e. General Education--Curriculum and Instruction Committee can assume responsibility
- f. Occupational Education--Curriculum and Instruction Committee can assume responsibility, as well as Assistant Dean of Instruction meeting with groups of instructors

2. Combine Some Faculty Committees

- a. Scholarship Awards, Student Personnel, Doyle Center, and the sub-committees for Housing and Student Affairs--there should be reorganization to eliminate duplication and release committee members for other assignments. There is presently a total of 51 persons on these committees.
- b. Courtesy Fund and Social Committees--these can be merged since responsibilities of each are very limited.

3. Adjust Some Faculty Committees

- a. Mid-Day Series, Open Forum, and Program Coordination can continue to operate as presently organized, yet the planning by each should be under the guidance and with the assistance of the Evening College Assistant Dean.

- will change*
- b. Administrative--it will ~~probably~~ continue to function, but in what manner remains to be determined by the entire college-wide structural adjustment. At the minimum it should not continue to consider the minutia with which it is confronted presently.

4. Faculty Committees Not Requiring Change (except as indicated in the foregoing)

- a. Board of Review
- b. Curriculum and Instruction-(sub-committees on General Education, Ethnic Studies, and others as needed)
- c. Library
- d. Parking
- e. Scholarship Petitions

5. Committees to Be Added

- a. ~~Committee on Educational Opportunity~~--should become a standing committee.
- b. ~~Budget Committee~~--assumes responsibility for general budgetary concerns, campus master-planning, and staffing priorities. *see attached*
- c. ~~Liaison/Clearing House Committee(s)~~-- at least directs committee traffic, and should perform functions assigned to the existing Liaison Committee. *see attached*

B. Students and Committees

1. Membership on Proposed Committee Structure

- a. Existing representation is appropriate except consideration should be given for an expansion on Curriculum and Instruction, Library, and Parking Committees. Adequate representation is proposed for membership on the Budget and Liaison/Clearing House Committee(s), depending on the composition of that body. }
- b. ~~Faculty~~ Committee membership should entitle students to voting participation. Committee appointments will be made through C.S.A.

2. Student Committees

- a. Student representatives on faculty committees should serve on student committees that have counterparts identified with C.S.A. Separate student committees should be formed for curriculum, student personnel services (including Doyle Center), and special programs. + *discipline*

3. Other Thoughts

Formation of a student judiciary and implementation of a newspaper management under student government are important concerns and should be pursued, but these are matters that should not delay some of the obvious changes in structure that are needed.

C. Classified Staff and Committees

1. Whereas current committee participation is limited to the Doyle Commission (2) and Parking Committee (1), expansion is in order as follows:
 - a. Mid-Day Series (1)
 - b. Open Forum (1)
 - c. Program Coordination (1)
 - d. Library (1)
 - e. *Finance* Budget Committee (number ²⁾ depends on total composition)
 - f. Liaison/Clearing House Committee (1)
2. Determination of committee membership will be made through the C.S.E.A., local chapter.

RECOMMENDATIONS OF THE "AD HOC COMMITTEE FOR STUDENT INVOLVEMENT"

1. Establish an additional area for posting of publicity to be ^{Contained} ~~continued~~ by Shuhaw Hall, Baker Hall, and Bech Hall. *Funds ; Maint.*
2. Relaxation of the leafletting policy in the Coop which is a focal point for a large majority of the students during the week. One afternoon each week could be designated as open to leafletting, and one member from the grounds crew used to assist in maintenance/policing of the Coop. *Dayle student center.*
3. Solicit support of the Administration and Faculty Senate to re-schedule the publication date of Oak-Leaf to Wednesday instead of Thursday, re-orienting the paper from a recorder of past events to a reporter of future events. Since the most active day -campus wide- ~~activity~~ is Wednesday and better coverage and explanation of the scheduled events could be achieved. *Publication Council - and Oak Leaf Adv.*
4. Request of the Faculty Senate names of teachers who would be willing to announce to their classes, CSA sponsored activities, if the activity were fully/personally explained by a member of CSA. *to Faculty Senate -*
5. Select at least one person to work each polling booth, who could serve as a "itch" man to encourage students passing the polling booth to vote. *Booeman + Elections Comm.*
6. Establish a file on elections giving a brief description of the campaign and sponsors (if any), stressing what were effective facets of the successful campaign. This should be used as source material in briefing campaign managers in the future about campaign policies and procedures.
7. In the issue immediately preceding election of candidates publish a six-page Oak-Leaf using as much of the inserted two pages for publicity and promotion of the candidates as necessary. Appropriation of \$300 might be needed to cover the added expense.
8. Appropriate funds (or otherwise earmark money) to the elections commissioner for presentation of a popular band on election days during noon-hour (weather permitting) and presentation of the candidates on stage again to be left to the discretion of the elections commissioner.
9. Establish procedures that expedite voter processing at the polling booth consistent with maintaining adequate controls for insuring a valid election: We recommend that the number of persons at the booth be limited to three, one CSA monitor, and two persons to process voters. Processing of voters should be as follows:
 - A. First person accepts student body card (or written statement from the registrar that the individual has purchased a current student body card), punches the card (as prescribed by the elections commissioner) and calls the student body card number to the second person and returns the card. *} Loss of control - 2 votes on one card -*
 - B. The second person records the number in a manner

prescribed by the elections commissioner.

- C. CSA monitor would distribute the ballots in a manner prescribed by the elections commissioner and as a member of CSA, familiar with student government regulations and policies, would insure the observance of established procedures at the polling booth.

MINUTES

Academic Senate Meeting, Wednesday, September 24, 1969, 3:10 p.m., Faculty Lounge.

Mr. Sherak, presiding, called for approval of the minutes of the meeting of May 28, 1969. It was moved and seconded that the minutes be approved. Motion carried.

Mr. Sherak reviewed briefly the major areas of concern to the Senate in the current academic year, including: revision and clarification of committee structure; adjustments of salary guidelines; continued informal meetings with the Board of Trustees.

It was announced that Mr. Rodarmel has resigned his Senate seat and Mr. Sherak appointed Mrs. Mazzucchi and Miss Spain to serve as a committee to select candidates for the remaining three-year term from the Occupational Division.

Mr. Sherak, acting under Article IV, Section 4, of the constitution, certified the seating of the C.T.A. and A.F.T. presidents.

Mr. Jeff Hess, the Student Body President, addressed the Senate. He reviewed the following concerns of the student government and expressed the opinion that the Senate should consider action on them:

1. Visitation rights in Kent Hall.
2. Student dress code.
3. Possible formation of a student curriculum committee.
4. Evaluation of faculty.
5. Encroachment on college hour.
6. Student representation on the Senate.

Mr. Hess closed his remarks with an invitation to Senate members to attend C.S.A. meetings.

Mr. Sherak reported the deliberations of the Liaison Committee. The most urgent business has been a discussion of the proposed revisions to the administrative handbook dealing with student conduct and emergency procedures. The possibility of carpeting the Faculty Lounge was discussed. It was generally felt that the money should be spent on student needs such as the Dean's Loan Fund.

Mr. Harrigan gave a summary of the summer-long meetings of the Campus Structure Committee. While a final proposal has not been drafted, the major point seems to be the formation of a Clearinghouse Committee and a Budget Committee. The Clearinghouse Committee would have power over the entire committee structure and which would also serve to channel reports and suggestions to the appropriate committee(s). The Budget Committee would be concerned with long-range planning and would likely involve department chairmen.

Mr. Burroughs reported the recommendation of his committee was to investigate the C.T.A. Staff Satisfaction Survey.

MOTION: It was moved and seconded that Dr. George Starrett of the C.T.A. Junior College Council be invited to informally talk with the Senate about the C.T.A. Staff Satisfaction Survey. Motion carried.

There was discussion of the need to recognize the long hours and hard work expended by members of the Salary Committee. The suggestion was made that the faculty should be assessed \$10 per person to raise the funds. No action was taken at this time.

Mr. Sherak made the following committee appointments:

Professional Relation Committee:	Bower
Elections:	Mazzucchi Spain
Bulletin Board:	Burroughs Squires Beebe

The discussion turned to the need of up-dating the sabbatical-leave policy.

MOTION: It was moved and seconded that an ad-hoc committee be designated by the president to investigate sabbatical-leave policy revision. Motion carried.

Mr. Sherak appointed the following members: Coombs, Askim, Churchill, Burroughs.

Mr. Embeln addressed the Senate with a request to support Mr. Harold Hill in his present conflict with the Department of Education.

MOTION: It was moved and seconded that the Academic Senate approve the following resolution and that the Secretary be instructed to forward copies of it to Mr. Richard Shipp, Executive Secretary, Committee on Credentials, Department of Education, to Dr. Randolph Newman, and to Mr. Harold Hill:

WHEREAS, it is our understanding that a technicality now clouds the validity of Mr. Hill's teaching credential;
and WHEREAS, it is our understanding that it lies within the power of the Committee on Credentials to clarify and re-affirm Mr. Hill's status as a licensed teacher;
and WHEREAS, the faculty, the students, and the curriculum of Santa Rosa Junior College would suffer serious loss through the needless disqualification of Mr. Hill.
and WHEREAS, Mr. Hill has been a valued member of this faculty for seven years;

we are hereby resolved and respectfully request that the Committee on Credentials use every means within its power to assist Mr. Hill in validating his teaching credential. Motion carried.

Next meeting: Wednesday, October 8, 1969, 3:10 p.m., Faculty Lounge.

ASSOCIATED STUDENTS SANTA ROSA JUNIOR COLLEGE

MENDOCINO AVENUE
SANTA ROSA, CALIFORNIA

September 24, 1969

To All Faculty Members

As many of you may remember the Associated Students, through the Executive Cabinet, went on record last semester as favoring a faculty evaluation poll. At the September 24th meeting of the Executive Cabinet once again affirmed their desire to have a faculty evaluation poll.

There has been a great deal of work on the formulation of such an evaluation. The time has come to submit the proposed form to the instructors for their examination so that disagreements, objective evaluations, and possible refinements can take place. It is hoped that those instructors who disagree in form or idea will let their views be known.

While formulating these questions, a definite desire for objectivness was one of the major considerations. The style of the questions asked are such that the evaluator would not begin with a negative attitude. To continue with this affirmative approach the the answers is a letter rather than a number response, a numbering system designating a good/bad relationship.

Because, when evaluating an instructor, one is in actuality evaluating the entire course make-up, questions on all aspects of the course are asked.

The processing of this evaluation shall be by mechanical means. The distribution ratio can not encompass the entire student body, so there will be a random choice sampling of each instructors classes.

The publishing of the results will be done in such a way as to negate the possibility of ear-marking any of the instructors. The results will be in tabular form giving a cross reference of all the students polled. As an example:

84 polled

	A	B	C	D	E	F
Question 3	3.2%	22.9%	17.5%	18.4%	28.1%	9.9%

In this way the instructor and the student can see the variance in responses as percentage scores of the number of students who were polled.

Your examination of this proposal shall be appreciated. It must be remembered that the poll shall be at the discretion of the instructor, although it is hoped that all the instructors will respond favorably. No response to this letter will denote acceptance of the proposed faculty evaluation poll.

Thank you.

Sincerely,

Richard B. Brantingham

THEREFORE BE IT FURTHER RESOLVED: that barmade shorts (men & women), pants of any kind (women), sandals (men & women), tee shirts, and clean P.E. sweatshirts be considered appropriate dress, and

THEREFORE BE IT FURTHER RESOLVED: that foreign students wearing traditional costume of their country be exempt from this code.

MINUTES OF STUDENT AFFAIRS COMMITTEE May 4, 1966

PRESENT: Charles Lucchesi, George H. Hollidge, Evelyn Pollard, Ernestine Smith
Curt Askin, John Peterson Ted Macklin and Steve Bray

ABSENT: Scott Sorenson

GUEST: Dave James

The meeting was opened by the chairman, Curt Askin, with the remarks that at the last meeting the procedure was discussed for limited clubs and the procedure was reported to the College Student Assembly on May 2. Today at the I.C.C. meeting the technique that we suggested was mentioned to the I.C.C. and Dave Samuels, who is the chairman of I.C.C., assigned a committee to discuss working out preliminaries for limited club membership. He responded that the clubs would submit their proposals to the I.C.C. and the I.C.C. would submit its procedure of recommendation to the Student Affairs Committee for its action later, but this will all take some time. There will be a meeting Friday (May 6) at noon, to get started, and they will report back later on what the procedure and recommendations will be. I think by the end of May may be a little wishful for finality on this; there are only two or three more meetings. We will try to get on this, but it will not be possible to have the by-laws changed this semester. It will have to wait until next semester before anything is done about it.

Regarding religious clubs on campus. Very briefly, Dave Samuels is student representative on the committee. John Grevelli, Charles Lucchesi, Devore Smith, assistant pastor Presbyterian Church, Santa Rosa, and the Reverend Walters, assistant pastor at the Methodist Church, Santa Rosa. (i.e., one faculty member, one administrator, one student and two pastors).

With reference to the dress code, Curt Askin read the resolution of the Faculty Association now says:

"Therefore be it resolved: that the C.S.A. go on record as being in favor of revising the present dress code to read that short shorts, bare feet and beach attire should be considered inappropriate dress, and

"Therefore be it further resolved: that bermuda shorts (men and women), pants of any kind (women), sandals (men and women), tee shirts, and clean P.E. sweatshirts be considered appropriate dress."

Do any of you have any strong feelings about the resolution on this? Curt Askin asked.

This brought forth a discussion about dress and what was considered appropriate or inappropriate.

Ernie Smith asked Steve Bray how many of the students voted on the dress code issue and Steve indicated there were about 200, which Miss Smith felt represented about 10 per cent of the student enrollment.

After further discussion on the student dress code, Curt Askin suggested that it be tabled until next meeting.

A summary for the Sub-Committee Board of Review was handed out to those present at the meeting, the provisions of which were read by Mrs. Follard.

Discussion ensued during which Charles Lucchesi said that whatever the Board of Review decides will be the law.

Curt Askin indicated that Mr. Lucchesi would turn over the statements of those subject to review to the Board for action. The Board of Review would have a petition from the student arising out of disciplinary action by the Dean of Men.

Curt Askin said it would be helpful to have this brought up again at the next meeting.

The meeting was adjourned. The next meeting - a brief one - scheduled for May 11 at 3:00 p.m.

MINUTES OF STUDENT AFFAIRS COMMITTEE

May 11, 1966

PRESENT: Charles Lucchesi, George Hollidge, Curt Askim
Evelyn Pollard, Ernie Smith, Steve Bray

ABSENT: John Peterson, Scott Sorenson

Mr. Askim opened the meeting with the suggestion that a brief discussion be given to the dress code - which was tabled from the preceding meeting. He mentioned that at the last meeting it was felt that the last sentence of the code (i.e. the one relating to dress of foreign students) should be deleted. He asked if there were any other comments on the dress code at this time.

Mr. Lucchesi said he had a question. He mentioned that he had contacted each of the administrators on the dress code question and the question he had was with reference to "beach attire". He asked for clarification of this - as to whether thongs or go-ahead sandals would be allowed.

Discussion ensued as to what each type of footwear represented.

Mr. Hollidge said he did not have any strong feelings about unusual footwear but he did think bare feet should be completely barred from the campus during classes.

After more discussion about types of shoes worn on campus Mr. Askim said "I feel we should go ahead on the assumption that this means as long as feet are not bare, it would be appropriate for the purpose of these rules - that bare feet are inappropriate - as long as something covers the sole of the foot this would be appropriate.

Mr. Lucchesi said: "I move that we accept this proposal as suggested, for a period of one year - to be re-evaluated at the end of that period. I also move that we clarify "beach attire".

Mr. Askim: "You are moving that we approve 'as is' but that it be evaluated for determination?" "Yes", Mr. Lucchesi.

Steve Bray thought a separate vote should be taken as to whether thongs should be considered as inappropriate.

Mr. Askim: "Moved and seconded, passed. "as is", with the exception of beach attire and thongs as accepted dress code: 5 in favor, 1 abstention. I will contact the absent members on this point."

Steve Bray: "I move that we change the word "beach attire" to "swimming attire" or "swimming attire and thongs" e.g., specifically "beach attire includes swimming attire and thongs to be considered as inappropriate dress."

Mr. Askin asked: "How many of you would like to have thongs included in beach attire as inappropriate? (1 - inappropriate; 2 - appropriate.) This will be turned over to the Assembly. If the students object to the phrasing of this, their appeal would be to Dr. Newman and the Board."

Mr. Lucchesi: "I move that we recommend its adoption."

Seconded by Steve Bray.

Yes: 6

Mr. Askin read the recommendations to the Inter-Club Council as the nucleus of policy for choosing the membership of limited-member clubs. (Copy attached to file copy in Student Personnel Dept.)

The meeting was adjourned on this note, Mr. Askin explaining that another meeting is not planned at this time. Notice will be given to members of the committee of the next meeting date.

STUDENT DRESS GUIDELINES:

The matter of student dress guidelines is once again with us. We now have a minimal statement which reads as follows:

"IN GENERAL: The college desires to maintain a level of dress in keeping with the fine appearance and tradition of the institution as well as in keeping with the dignity of educational pursuit. To this end extremely casual attire is discouraged. Short shorts, bare feet and beach attire (swimming attire) are considered inappropriate. (Students inappropriately attired may be prevented from attending class and using college facilities.)

To date this semester:

(a) The College Student Assembly has passed the following motion (10-8):

"The College Student Assembly recommends elimination of the dress code with the exception of those courses where a person's safety would be directly related to his attire."

(b) The Inter-Club Council voted to support the College Student assembly in its motion to eliminate the dress code.

(c) In a vote on an initiative measure, 334 students of 3965 eligible voters voted 182 to 152 to eliminate the code. A copy of the measure is attached.

The Board's last action in this matter was in July, 1966 when it voted to accept a dress code...."as approved by the Committee on Student Affairs....which prohibits beach attire, lack of shoes, and short shorts, with freedom by the instructor to use the judgment which dignity commands."

The Academic Senate took the following action in April, 1966:

".....the Senate wishes to affirm that there will be a standard of dress for the SRJC community and supports the existence of a dress code arrived at by mutual agreement among students, faculty, and administration; (and) that all the college segments be involved in an annual reappraisal of such code under the direction of the Student Affairs Committee whose additional job it will be to inform the Board of Trustees and other necessary personnel of the results of the annual reappraisal; (and) that this faculty will support a mutually acceptable dress standard; (and) that the statement of 'Authority of Instructors' included in the Bulletin of Information is reaffirmed."

STUDENT DRESS GUIDELINES (Cont.)

The Student Affairs Committee (3 students, 3 teachers, 3 administrators) is in process of reappraising the dress code and will have comments and/or recommendations to make to the Board of Trustees in the matter. The Student Affairs Committee may or may not be ready to make a recommendation next Wednesday night, but the item on the agenda will provide an opportunity for students to address comments to the Board on the issue; and there are students who wish to speak.

PRESENT: Garth Dougan Evelyn Pollard Gene Canevari John Peterson
Pat Ryan Mike Cardin Steve Caffery

GUEST: Cirre Emblen

Dr. Dougan, in opening the meeting, requested the selection of a chairman of the committee. He explained to the committee that the chairman was a rotating one -- each year a different one -- and after discussion Steve Caffery nominated Mike Cardin, seconded by Gene Canevari, with unanimous approval by the committee members.

Dr. Dougan asked the reaction of the committee to a recommendation he had submitted to the Doyle Student Center Commission regarding the unification of three committees -- Doyle Student Center Commission, Student Affairs and the Student Personnel Committees.

After general discussion of the composition (student/faculty/administrator) of the respective committees for unification, Steve Caffery made the motion that "we recommend the unification of the three committees and that this recommendation be presented to the Faculty Advisory Committee," which was seconded by Mr. Canevari and agreement signified by all present.

The question of dress code was then submitted for discussion. Dr. Dougan pointed out that the dress code is on the books, which is Board of Trustees policy. He reviewed the discussion of dress code in the spring of 1966 and mentioned that the resolution regarding dress code came out of C.S.A.

The question was raised, during the discussion, as to whether the faculty senate was interested in responding to the issue of dress code. Cirre Emblen said she would be appearing before the senate on Wednesday, at which time they would tell her if they wanted to be involved in the issue. In the recent ballot on the dress code, it was mentioned that C.S.A. had voted for the complete elimination of the dress code -- that the campus vote represented less than 10 per cent of the student population and that the vote was a close one -- abolition of dress code won by 20 votes. Mrs. Pollard asked if it was well known in advance that the dress code was the item on which to be voted. Steve Caffery thought it was not widely publicized.

Mr. Peterson said he was aware of one overwhelming fact in the dress code -- that it has never been enforced and probably never will be enforced. There would have to be a radical new system of policing to enforce this or any other dress code, he thought.

In the discussion which followed, Mrs. Pollard asked the question: "Does this remove from any one individual the right to refuse to allow a student in class or to have a student enter an office -- if I, for instance, strongly object to a person's dress?"

Cerri Emblen said that her mode of dress is a small matter -- a matter of personal taste and satisfaction.

Mrs. Pollard asked Cerri Emblen about her philosophy on dress -- whether it would be a short-lived philosophy or one she would carry through after leaving campus. Cerri said she is on campus to learn a various number of subjects, not personal grooming. She realized that if she were to seek a job in one of the stores in Santa Rosa she would need to be differently dressed.

Dr. Dougan said he recognized Cerri's statement in regard to liberty -- but wondered how such actions would affect the pride we all have in S.R.J.C. -- that in comparison with other colleges S.R.J.C. still maintains a little class.

He went on to say "if you then decide to do away with your dress code on an individual liberty basis, I cannot see how you would defend the right of any instructor to throw you out of a classroom if you attended with bare feet."

Mr. Canevari asked "would you be satisfied if the Board were to say - 'we eliminate the dress code, but we reaffirm the right of every instructor and every administrator to have complete control within the area in which he is responsible?'" Discussion on this point ensued.

The motion by Steve Caffery for the abolition of the dress code died for lack of a second.

Mr. Peterson suggested it might be worth while to look into the State Code of Education about what authority a faculty member may have in his classroom.

MINUTES OF STUDENT AFFAIRS COMMITTEE -- OCTOBER 7, 1969 -- 10 a.m. --

A-81, BAILEY HALL

PRESENT: Garth Dougan Evelyn Pollard John Peterson "Pat" Ryan
 Helen Cooper Gene Canevari Mike Cardin Peggy Christian
 Steve Caffery

GUESTS: Don Emblen and Cirre Emblen

The meeting was called to order by Mike Cardin, as chairman of the committee, and he read for the information of the committee the revised section of Chapter V of the Administrative Handbook relating to Student Dress Guidelines - submitted to the Board of Trustees with a memorandum from Dr. Randolph Newman dated October 3, 1969.

In the discussion which followed the reading of this excerpt, Cirre Emblen explained that she had not made clear at yesterday's meeting that her purpose was to ask for a recommendation to the Board to abolish the dress code. She said: "I am simply trying to remove a regulation from the books -- I am not questioning teachers or administrators or anyone's authority."

Mr. Peterson indicated that the reason he had stopped his own exploring of the situation at yesterday's meeting was, when Cirre mentioned that if a student were angry enough to be refused admission to class/office she would take the matter to court on the basis of infringement of rights.

Mrs. Helen Cooper (campus nurse) outlined the health aspects of barefoot students who visited the health center for treatment of blisters, bee stings, splinters, etc.; that it was necessary for her to wash dirty feet before treating them -- that in some cases bee stings had necessitated medical treatment for allergies, etc. She felt that foot treatments in her office had increased considerably since students had adopted the shoeless habit. She felt it was strictly a health matter to wear shoes.

Mr. Peterson said he felt that what a student wears on campus is determined by personal taste of the student and that every effort should be made to respect the student's taste, but that, if the student's dress was objectionable to ANY PERSON on campus, that person should feel free to make the offense known to the student. Any necessary further action, he felt, should be handled by the Office of the Dean of Students.

The question of personal hygiene was discussed by the Dean of Women, Mrs. Evelyn Pollard, which she felt was tied in with not wearing shoes and being in classes/offices with dirty feet.

Mr. Emblen indicated that his daughter had asked him to accompany her to the meeting and inquired about the functions of this committee with respect to Cirre's presence at the meeting. He explained the channels she had gone through to have the dress code removed from the regulations of the campus. He said that students generally -- the youth generation -- are highly suspicious of the authority of institutions, which are controlled largely by adults. He pointed out that this student, Cirre, has gone through every conceivable procedure laid down -- the recognized authority of the student government, has made her argument and received their official support (both from CSA and ICC). He said she has gone a step further than he thought necessary -- circulating a petition and asking for a ballot. The ballot was

voted on and she was then advised by Dr. Newman to come to this committee to present a student's request both to the organized government of the students and to a popular vote. These are the facts which are in your lap. I wonder what your function is now? . . ."

Mr. Canevari said he would clarify one point. The reason this committee is meeting on this at all -- and there was some administrative resistance to meet on this -- was that Dr. Newman directed it meet, because the 1966 Board resolution had come from this committee and eventually adopted by the Board and he felt the Board would ask -- "Who had this last and what is their recommendation now." The other point is that Cirre was not asked to be here -- I invited her as a guest because I felt she should be here to give first-hand facts.

Mr. Peterson said he understood that all the proposals and recommendations made by all the student groups are going to be presented to the Board of Trustees tomorrow night. The main reason for the Student Affairs Committee to meet, he understood, was to go on record as recommending/not recommending/doing nothing.

Mr. Canevari asked Mrs. Cooper, Mrs. Pollard and Mr. Peterson if there were radical changes in student dress on campus after the dress code was instituted in 1966. Mrs. Pollard observed that the only change she could think of was an increasing number of slacks worn by the women students. Mrs. Cooper again observed the health aspect of wearing shoes -- which was her main concern.

In the discussion which followed, Cirre Emblen re-iterated "I am not questioning anyone's authority at all in this."

Don Emblen asked if an instructor has the right or authority to bar, for whatever reason, a student from the classroom.

Dr. Dougan mentioned the purpose of the meeting was to come up with a recommendation --

1. to do nothing
2. to recommend complete abolition of the dress code
3. to recommend changes

The chairman of the committee (Mike Cardin) called for voting on the motion submitted to the Student Affairs Committee (which reads --

The Student Affairs Committee recommends that the Board of Trustees of the Sonoma County Junior College District eliminate the existing student dress policy as passed by the Board and substitute for it the following statement:

Students of Santa Rosa Junior College are expected to dress in accordance with accepted community standards and the tenets of decency, good taste and good health standards.

Further, the Board of Trustees of the Sonoma County Junior College District affirms the right of each administrator and each faculty member to set and enforce minimum standards of dress for those areas of the campus over which he has control or for which he has a responsibility.

The motion was passed unanimously by the members of the Student Affairs Committee, with the recommendation that this resolution be forwarded to the Board of Trustees.

Members of College Student Assembly:

There are many on this campus, students and faculty, who feel that the dress code is archaic and should be abolished. But as long as there is such a rule, the Administration feels that it must be enforced. Thus the dress code becomes not only an infringement of a choice that should be left to the individual, but a positive interference with the education of some students on this campus.

Let us look at the dress code more carefully. It seems that "appropriate" is the most useful word to those who enforce the code. But what is meant by "appropriate"? The dictionary says, "whatever is suitable or fitting." But what does this amount to? Fashion or fad. The appropriate, suitable, fitting way to dress is nothing more nor less than the fashionable way to dress, which simply means the way most people dress on a given occasion. I am questioning the justice of being forced to be like everyone else, that is, to be fashionable in this matter of dress. It is conceivable that small children should be taught something about the nature and force of fashion, but the time one reaches college, he should have the right to decide whether he chooses to be fashionable or not.

There are far too many ideas on what is appropriate dress for the specific terms of a set regulation to be useful for any purpose other than that of allowing some individuals to enforce their will upon others. For example, many here feel that bare feet are just as appropriate as shoes or sandals for gaining an education. As far as I can see, the wearing or not wearing of shoes has nothing whatever to do with the learning process. If I wanted to learn how to be fashionable, I would take a course in personal grooming at a charm school, but this is not my purpose for attending college.

Fashion or appropriateness is by its nature in a constant process of changing, and since the dress code is governed by what is fashionable, it calls for revision season by season, as the fashion or styles change.

I am not here protesting only the particular specification of the dress code, but the whole principle behind it, the idea that any individual or group of individuals should have the right to dictate anyone's mode of dress.

I therefore come before you, asking your support in taking this matter-- the abolishment of the SRJC dress code-- before the Board of Trustees.

Thank you for your consideration.

KENT HALL ASSOCIATION

To: The Board of Trustees
Santa Rosa Junior College

From: Steve Burnside and Larry Gibson
ASB Vice-President

As you may recall, the purpose of this final proposal concerning women's visitation hours in Kent Hall housing is to state exactly the proceedings that the previously proposed judiciary committee will follow in the event of a violation of the rules.

We are concerned specifically with the residents' ability to obey the women's visitation hours:

Sunday through Thursday	Noon to 9:00 p.m.
and	
Friday and Saturday	Noon to midnight.

It must be made evident, also, to the residents that there is a woman present in the room they are entering. When a resident checks into the hall, among the articles he will be issued will be a piece of bright colored tape. The purpose of this tape, as will be explained to the resident, will be to place it on the outside of his front door and the inside of the door adjoining the two rooms. The tape will be put up whenever there is a woman present in the room. The tape is to let each roommate know that he is to act in his most cordial manner while in the presence of the woman. If a man is found to have a woman in his room without the signal present, a report will be made and submitted to the judiciary committee.

Who will make out the reports? A schedule will be made, by the president of the hall, of three (3) residents to serve as checkers for a week at a time. Each checker will take one section of the dorm. and check each room at the leaving hour, or at any time he feels is necessary. At the beginning of each new week, three different residents will perform their duties as checkers.

When a report is submitted to the head of the judiciary committee, they will meet and hold a hearing. The judiciary committee will have the power to sentence the resident with any of the following four penalties:

1. Warning
2. Suspend women's visitation privileges
3. Lose \$10 of his \$25
4. Be removed from the housing entirely

The violator may appeal any decision of the committee to the dormitory supervisor--the Assistant Dean of Students. The judiciary committee may levy the sentence they feel is necessary according to the seriousness of the violation.

It will be a further purpose of the judiciary committee to rule on any disputes or conflicts among the residents arising from women's visitation hours.

A hearing will be held, and recommendations will be made to the residents to alleviate the problems.

Respectfully submitted,

Steve Burnside

Larry Gibson
ASB Vice President

THE PUBLIC SPEAK

Jack Johnson Lauded As 'Man of Courage'

TOR: There are many of courage. The kind ayed with unfortunate arity by our men in Viet-ranks high on the list. perhaps the highest type is that required of a lone idual who stands opposed to the tide of his times. im there are no medals, onors by his fellows, no lits from the crowd. Only personal integrity holds fast to his resolve in the of the gnawing tempta-just to relax and drift the current.

st week Santa Rosa lost a whe exemplified all of ighest types of courage. ave his life in an attempt ve another, a courageous ulminating a life of quiet ge.

s man had the courage a constitutional conserv-in these days of liberal If you think that that re-d little courage, consider the man had a black

a time when the leaders race were busy selling followers the idea that onkies owe them welfare obs and college degrees dless of qualifications, Johnson stood as a lone and called them the fools hey are. At a time when others of his race were ng the sayings of Chair-Mao and arming to de-our "decadent" capital-ociety and when most of st of his race were silent r of acquiescence, Jack on had the guts to get ad work for men whose ums promised an expand-capitalism. During the ater campaigns, the n campaigns, the Raff-ampaigns, Jack Johnson d to none in effort, for ew, you see, that what ood for the country was or Jack Johnson and all others of all races with-borders.

He knew that the promises of the socialists, the planners, the welfare-statists, the liberal humanists were empty, and that each one we embrace we pay for in loss of freedom on our way to tyranny. It would, even so, have been far simpler, for him, to accept the transient benefits accruing to those whose black skin is a pass into the money vaults, since he could reasonably have rationalized that he would probably be long gone before the ultimate bill fell due. Too, this way he would never have had to endure the curses, the midnight calls, the slurs and snubs of his racial brothers, the threats against his family, the loneliness of excommunication.

But Jack Johnson refused to trade his freedom for beneficence or his dignity for a handout. He rejected being a kept citizen, a ward of the state. He preferred the challenges and the risks of capitalism to the numbing calm of the welfare state, and with rare courage he stood staunchly to be counted.

He died as he lived—courageously.

He will be missed, but more important, he will be remembered.

Contributions to his wife and four surviving sons may be sent to Geraldine Johnson, P. O. Box 7001, Santa Rosa, Zip 95401.

Publicity Commissioner--Steve Cabot announced that all posters are to be taken down as soon as possible.

Student Activities Advisor--Mr. Canevari and the other CSA members joined in a round of applause for Dennis for his outstanding job.

It was moved and seconded that CSA invalidate the last run-off election on the grounds that Mr. Burnside's posters were not approved.

After much discussion, it was moved and seconded to vote immediately. The motion passed. The main motion then passed.

It was then moved and seconded that CSA go on record as stating that only students presenting student body cards be allowed to vote in this run-off election.

It was moved and seconded to vote immediately. The motion passed.
The main motion then passed.

VII. Old Business

- A. Bookstore--A letter from Dr. Newman regarding the bookstore resolution passed in CSA was then read. Dr. Newman stated that he would not accept the recommendation that Mr. Cooper be replaced as manager of the bookstore. However, an assistant bookstore manager is proposed who will be responsible for organizing and conducting the sales operation of the store.

It was then moved and seconded that a letter be written to Dr. Newman, advising him of receipt of his letter dated May 23 and informing him of CSA's concurrence with the actions proposed in the letter. The motion passed unanimously.

- B. CSA Banquet--The newly-elected officers will be invited to the banquet. Those who want to bring guests are to pay \$3.75.
- C. Curriculum Committee Response to Pass/Fail Recommendation--In response to the Physical Education Department Pass/Fail proposal approved by CSA, a letter has been received. Mr. Tauzer has written to CSA that a similar grading system, Credit/No Credit, has been approved by the Doyle Student Center Commission, and is available to all departments. The P. E. Department, however, chose not to participate in this system.
- D. From the Floor--The Committee to Obtain a Lawyer met and decided that it would be impractical to continue the matter further.

It was moved and seconded that CSA adopt the following statement on the restrictions on the use of the bulletin board in the Coop:

1. Notices must be placed on a 3" X 5" card.
2. No notices of books for sale or books wanted may be posted as space will not permit, and a card file exists for this purpose.
3. Activities of special interest may be posted by students on a larger card, but these must be approved by the Student Activities Office in the same manner as is all other publicity.
4. Notices must be dated and may remain posted for two weeks.
5. The Publicity Commissioner shall check the board twice each week and remove notices over two weeks old.
6. The Publicity Commissioner must bring to the attention of the Student Activities Advisor any notices he thinks might be exceeding the bounds of the law. Their joint decision shall determine whether these notices may remain posted. Students may appeal this decision to the College Student Assembly.

The motion passed.

It was moved and seconded that CSA adopt the following guidelines for the allocation of the \$1200 program of Grants and Aid: First, that two \$400 grants will be administered by the Financial Aids Office to underprivileged students; and secondly, that a \$400 book fund and grant will go to the Dean's Loan and Grant Fund. College Student Assembly
Santa Rosa Junior College
Santa Rosa, Ca.

Gentlemen:

I wish to acknowledge receipt of a communication dated May 21, 1969, addressed to me by Robert Marmor for the Associated Students in which he called my attention to a resolution passed by the College Student Assembly at its meeting of May 19, 1969. In its resolution the College Student Assembly recommends Mr. Cooper be replaced as manager of the bookstore.

Mr. Cooper has been an employee of this college since April, 1947; and no employee, past or present, has rendered a more devoted, loyal, energetic service to the college and its students and faculty. In the early and middle years of his employment Mr. Cooper was responsible for managing the bookstore and cafeteria and the finances of the Associated Students. His hours of work were whatever it took to get the job done, and a 14 to 16 hour day was more common than unique to his duty. He was absolutely selfless in his service. In all the years during which he ordered and packed and unpacked books, manned the counter, hired and trained cafeteria employees, helped serve the food, operated the cash register, organized the sale of tickets to student events, hired and trained the personnel necessary to get the job done and supervised their activities at hundreds of athletic contests, dances, music and dramatic events, I never once heard him begrudge the time and energy he so willingly gave. I do not lightly recall these years of service nor will I casually disregard them.

In more recent years as the college grew, responsibility for the cafeteria was reassigned, as was fiscal and management responsibilities for the affairs of the Associated Students. The volume of bookstore activity required the attention of a full-time manager.

Any employee is entitled to an appropriate hearing at which charges and complaints are specified and documented. In fact the law requires it. The College Student Assembly action does not serve this purpose. I recognize it as an expression of opinion that a problem

exists. I am unwilling, however, to have Mr. Cooper bear the burden of cause alone. In part, I am at fault for permitting the responsibility of management to grow to such a size as to impose unacceptable pressures on Mr. Cooper. The size of the bookstore operation requires management assistance. Secondly, the facility is inadequate and almost automatically creates negative reactions on the part of users.

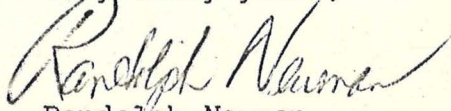

The Doyle Student Center Commission has recently been conducting hearings on the operation of the bookstore, and I find merit in the findings. An assistant bookstore manager is proposed, and in my opinion he should be appointed and assigned responsibility for organizing and conducting the sales operation of the store. I think we should adapt the C.S.A. recommendation to this position, and three C.S.A. members and three non-C.S.A. members should assist in his selection. It is proposed use of student clerks be increased, and this change will also be adopted.

The commission clarified to its satisfaction the appropriateness of a number of practices which have contributed to student concern. If the College Student Assembly desires another or a continuing review of specific procedures or policies, it should so inform the commission. The commission cited the necessity to the manager of a written statement of philosophy, objectives, policies, and practices for the bookstore. It further desires this be distributed to students to improve communication and understanding. This shall be undertaken.

Finally, financing, design, and construction of a new facility have been jointly agreed upon by the College Student Assembly and the Board of Trustees. The architectural firm of Steele and van Dyk has been authorized by the Board to undertake a study of bookstore and student activity office needs and to consult with staff and students to develop a floor plan and specifications for new and/or rehabilitated facilities.

In my opinion the Doyle Student Center Commission recommendations are sound, and I expect affirmative action to be taken on all of them. If in ensuing months the problems persist which gave use to the College Student Assembly recommendation, the matter can be reconsidered. In the meantime I do not accept the recommendation that Mr. Cooper be replaced as manager of the bookstore.

Very truly yours,

Randolph Newman

Mr. Reed Zimmerman
Financial Aids Officer
Santa Rosa Junior College

Dear Reed:

This note is in reference to our recent telephone conversation. The attached minutes show the creation of these grants by the College Student Assembly and the later modification by C.S.A. of the method of administration. As the minutes state, you are to administer the two \$400.00 grants. I would urge that each of the grant recipients be given \$80.00 monthly for the five months of the semester rather than a flat \$400.00. This will give you a chance to check that the student is still enrolled.

The \$400.00 book fund grant will be administered through the Dean's Loan and Grant Fund. In all cases we would ask that the recipients of funds be informed that these grants are from the Associated Students.

In recent action, the Executive Cabinet of C.S.A. passed a motion asking that one of the \$400.00 grants be given to Jerry Johnson and that his books be purchased out of the \$400.00 Book Fund Grant.

If I can be of further assistance, please let me know.

Sincerely

Eugene S. Canevari
