Subject: supplementary appropriation for Forensics

When our budget was presented last Spring we requested \$2000 for this year. \$500 of this amount was for the State Championship tournament, which at that time had not been given to a host school. The \$500 request was predicated on the tournament being in Los Angeles, the most likely location, there was however the possibility that it would be at Hayward State and require a smaller sum. Since the amount needed could not be predicted at that time, and since the CSA hoped for a "budget surplus" to ~~arise~~ arise from Spring 1970 registration ~~the amount~~ we were requested to withdraw this item from our budget so that it could be reconsidered when the location was known and the results of the Spring registration determined. These things are now known and we wish to bring this matter up before CSA or the ~~executive~~ Executive Council.

Specifically, we are requesting an amount sufficient to take a delegation of 10 students (the maximum a school can enter) to the tournament. This will allow us to compete for the Sweepstakes trophy on an equal basis.

This request breaks down;

Air Fare SFO-LAX	\$27.50@	\$275.00
food (4 days at \$5.00/day)	16.00@	20.00
registration fees	150.00 estimate	150.00
		\$585.00
		80.00
		\$705.00

As I am sure you are aware the team has ~~been~~ done exceptionally well this year. We have brought home trophies from every tournament we have been to, including the sweepstakes trophy from the big UOP Invitational. Because we have an exceptionally strong squad this year I am requesting an additional supplementary appropriation to allow us to attend the Junior College National Tournament at the University of Michigan during the first week in May. To send a delegation of 5 students plus a ~~one~~ coach would require \$14-1500. We realize that the Associated Students probably could not provide all of this sum. We are undertaking a number of fund raising ventures on our own, and will approach the district for partial funding. We are ~~now~~ requesting that the Associated Students provide \$500, approximately 1/3 the required amount, as their contribution towards our first National Championship delegation. We have several students (more than 5 in fact) who have already qualified for competition at "Nationals," and it may be years before we can field this strong a delegation again. If for any reason the team were not able to go to Nationals, if for example, the rest of the funds required could not be raised, we would use the money to attend a tournament at ~~the~~ Columbia River JC which will be held at the same time as nationals. The Columbia tournament, (near Modesto) is a new one and ~~not~~ thus was not included in our budget ~~last~~ last year.

V. Approval of Minutes

Under Ass. Finance Commissioner's report Area 7 was changed to CCCSGA and under announcements Steve Cabot's address was changed to 2001. The minutes were approved as corrected.

VI. Reports

A. President--Larry Gibson discussed Ecology Day. Larry will be having dinner with Jim Gillette, Student Body President of Sonoma State, to develop communication between colleges, and also attempt to form a big meeting for the Presidents of California Colleges.

Jeff Hess moved that CSA support National Ecology Day on April 22, 1970. The motion was seconded and passed.

On February 25 Larry will make a presentation to the Academic Senate to discuss Teach-In.

Larry announced that it is Larry Jackson's birthday today. He also welcomed Emi Hirsh back.

B. Executive-Vice-President--John Wong talked about the weekly reports and stated that some officers have not completed their reports as yet.

John welcomed everyone to the year of the dog. He also discussed SCIG, Student Curriculum and Instruction Council, which is to organize representatives from all Departments to make recommendations for curriculum and instruction.

C. Vice-President--Steve Cabot said that the ICC Rep to CSA is Rich Truax. There will be a meeting of the Student Affairs Consolidating Committee on Friday at noon. Their purpose is to combine Doyle Student Center, Student Affairs, and Student Personnel. Anyone that is interested can attend.

G. Assistant Finance Commissioner--Jeff Hess attended a Higher Education Council at Sacramento on Thursday and Friday. This committee formulates policy for regulating higher education in California. It is basically an advisory committee. It is the first pressure point we have in governing policies that govern our school.

Jeff is investigating the possibility of getting Community Colleges to become part of the advisory council. He also read an excerpt from a newspaper dealing with government. This excerpt will be available to anyone wishing one.

H. Sophomore Representatives:

Larry Jackson--reported that he attended Executive Cabinet for the first time and that he also attended a party.

Connie Chudwick-- reported that people are noticing our blazers and made a suggestion that the reps. introduce themselves in their classes so that students will know who they are and come to them with their ideas.

As AWS President, Connie asked Larry to appoint two reps. to be on the Woman of the Month Committee. Kathy Pedroni and Rosa Mai volunteered.

Ken Lomax-- reported that he attended Rotary and that he will be attending next week also.

Lydia Vasquez-- reported that she attended a Chicano Conference where they discussed education and student leadership. About nine members of MASC attended.

I. Freshmen Representatives:

Debbie Cox-- attended the Parking Committee which suggested that CSA could use six or seven parking spaces in the Student Activities Office Parking Lot with the understanding that they may not be able to use them next semester.

Debbie also went to Lincoln School where she taught the girls how to walk properly.

Bob Hall--also attended the Parking Committee meeting and has a new suggestion that possibly there could be limited parking at the Analay Parking Lot for hour and a half intervals. Research was decided to be done on it.

Bob then proposed a new newspaper on campus called the "Aquarian", and asked for \$200 for its printing.

Steve Cabot moved that Finance Commissioner, Tom Rodella be directed to review the budget and investigate the possibility of getting \$200 and report next week; and that Bob Hall come back with an itemized budget sheet. The motion was seconded and passed, after a brief discussion.

Bob Hall then moved that the following resolution be adopted: Whereas, It is the policy of this body to protest against racist actions

Whereas, It is the policy of this body to protest against racist attitudes

Whereas, There are not sufficient Blacks or other minorities represented on this campus' maintenance and gardening staffs

Whereas, we do not condone the use of racial slurs in public places by representatives of this ~~junior~~ college

Be it therefore resolved that the College Student Assembly suggest that Harvey Addington, a gardener, be disciplined immediately for having made a public derision of Black people, and demand the immediate hiring of Black and other minority group persons on our maintenance and gardening staffs.

"Hey Mr. Hill"! "Do you know a nigger is going to take my place in two years. Thanks to you and Mr. Harrigan"

Witnessed by Harold Hill, Humanities Instructor and Howard Shipman, Librarian. The motion was seconded.

Discussion was held. Steve Caffrey called for a division of the question. The chair then recognized that motion to divide the motion. Therefore, the first part of the divided motion read: Be it therefore resolved that the College Student Assembly suggest that Harvey Addington, a gardener, be disciplined immediately for having made a public derision of Black people. The vote was then held and the motion was defeated.

Bob Hall then withdrew the other part of the motion.

Jeff Hess then moved that CSA delegate one person to speak to Mr. Harold Moore about statements made by Mr. Addington and that some sort of agreement between maintenance and students of this college be made.

Jeff Hess then made an amendment to his motion, he moved that also there be a delegation to speak to Dr. Newman on this matter.

Discussion was then held at which time George Prentise made an amendment to the amendment. He moved that CSA delegate a letter to Dr. Newman to make Mr. Addington apologize for his remarks about Mr. Hill and Mr. Harrigan; and to apologize for the remarks about the Blacks'.

A vote was then held on the amendment to the amendment which was defeated.

A vote was then held on the original amendment by Jeff Hess. The amendment was passed. This was followed by a vote on the original motion. The motion also passed.

Larry Gibson then appointed the delegation, which will consist of: Steve Cabot, Bob Hall, Larry Jackson, Jeff Hess, and himself.

The chair then moved to suspend the orders of the day to item C. Approval of Rep. (Sophomore) under New Business and to approve David Smith as the new Sophomore representative. The motion was seconded and passed.

Project Outline-

The project that I would like to accomplish is a study of two teachers on campus seen through art as a media. The two teachers would be Mr. Don Emblem and Mr. H. Hill. The Santa Rosa Junior College Campus would be the back ground with possibly quotes, poems, and works from the two men as inlays.

The media that I would use will be open and broad, such as:

- 1) Paintings(oil and acrylic)

- 2) Pencil Drawings

- 3) Silkscreen

- 4) Wood blocks

- 5) Photo-silkscreening

- 6) Photography

- 7) Sculpture

- 8) Also mixed media and experimental work

This project will give the students a better understanding of the two men and their relationship to art as well as a better understanding of the use of art in ones life.

The cost of the project will be most expensive in the silkscreening, photography, and the photo-silkscreening which require the most amounts of paints, paper, and screens, as well as some films and camera rentals(camera rental will be those things as telephoto lens and cameras too expensive and unnecessary to buy).

Student information- I am an art major with interest in poetry. I plan to become an art teacher. I am presently living in Santa Rosa where I have bought a house at 346 Steele Ln.

General Title of the Project: Development of a Liquid Laser

Amount of Grant Requested: \$100

Project Outline:

The project is to develop a working laser. There are several plans to follow for making a liquid laser available in magazines, particularly Scientific American. The grant will be used to buy materials such as a flash tube to excite the laser, the chemicals which actually "lase", circulating systems to cool the apparatus, and the necessary optical system. Hopefully, I will be able to utilize many parts currently available on campus. After I get the basic apparatus set up, I can experiment with different chemicals which have been proven capable of "lasing" to develop a continuous laser beam. One source estimates the cost of the parts for the laser at about \$80.

ACTIVITIES

PROBLEM: HELP FROM OTHER COLLEGES

SOLUTION:

Send a list to each college of person in charge of activities (dance commissioner, rallies, etc.). They would then be able to send out information to all Area 7 colleges about what was happening at individual colleges during that week.

Mainly publicity throughout Area 7 colleges.

CAMPUS ORGANIZATION

PROBLEM: FINANCES -- STUDENT BODY CARDS

SOLUTION:

Offer students more for their student body cards. More free or reduced rates to students' activities -- lectures, games, dances, etc.

PROBLEM: SELECTIVITY IN CLUBS

No women in clubs such as race, creed, color, sex.

Constitution of the United States is against selectivity.

SOLUTION:

Natural selectivity. Students are doing their own selectivity. Let each group handle their own particular situation.

Depends on function of club.

PROBLEM: COLLEGE HOURS

Noon hour left free of classes for student activities -- affects club activities. Few classes are scheduled during College Hour because of lack of space for them at another time.

SOLUTION:

Students themselves must not register for classes during College Hour.

Workshop in favor of College Hour at least once a week.

"Bear Facts" - a ditto-daily-type information sheet to inform students of activities.

PROBLEM: COMMUNICATION BETWEEN COLLEGES
Inner Organization Communications

SOLUTION: Proposal - State-wide or Area Conference just for clubs or campus organizations.

Vice-Presidents' meeting to discuss campus organizations (or commissioner of activities.)

Corresponding Secretary who would handle all correspondence for any campus problems. She would exchange ideas for entire student body.

Secretarial club that would be available for student body jobs. Get them interested by offering them money or units.

PROBLEM: UNITING ORGANIZATIONS TO A COMMON ACTIVITY

SOLUTION:

Increased stimulation within the Inter Club Council.

Some organization below Inter Club Council and college student assembly to unite students on a project.

Solution is with the club representatives. By bringing them together we will find the answer to uniting organizations on campus.

CAMPUS ORGANIZATION

PROBLEM: UNITING ORGANIZATIONS TO A COMMON ACTIVITY (Continued)

SOLUTION:

A planning sheet for each activity listing event, student chairman or coordinator, advisor, function, individual responsible for each facet of the activity, and comments on outcome of activity planned.

PROBLEM: COMMUNICATIONS BETWEEN INDIVIDUAL STUDENTS

SOLUTION:

Couple hundred mailboxes open for use by students. Use this on a trial basis to see if students would profit from this.

Listing of every student's classes in a central spot.

Listing faculty classes and office hours.

PROBLEM: Methods for raising money for clubs.

SOLUTION:

Movies, dances, candy machines, coffee house, motorcycle dirt races, (this would include entry fees, concessions, repairs to motorcycles).

Taking over a community cinema. The cinema takes major portion of price, and club gets a small portion.

Mobile concession stand, so students won't have to walk across campus to get food.

Mardi Gras-type affair - including a dance and each club will have a booth.

Coffee machines. Can coke machines.

Printing presses. Newspaper collections.

PROBLEM: Activities between schools.

SOLUTION:

Perhaps bring all these Mardi Gras-Kaleidoscope events together and invite other schools.

Could begin by having clubs have activities together, then perhaps work up to activities between schools. Communication between schools and clubs.

PROBLEM: Liason between campus structure and outside groups.

SOLUTION:

Companies to help out clubs: such as electronic firms to help electronic club with scholarship and finances. Outside groups to be affiliate with campus club. Example - Circle K & Kiwanis.

CAMPUS ORGANIZATION

PROBLEM: How to get feedback from students.

SOLUTION:
Students to take polls.

PROBLEM: Meeting needs of clubs. For example, meeting their needs for a club day - a day for clubs to sign up new members.

SOLUTION:
Club day itself is a solution to meeting needs of clubs.

Make out cards and list clubs and addresses, and during registration students can check if they are interested in joining any clubs.

PROBLEM: Students have no place to go for beer, games such as pool, and to eat. Need a place that caters to the students.

SOLUTION:
Coffee houses sponsored by student body funds, run and managed by students. Close enough to the campus to make it worthwhile.

COMMUNICATIONS

PROBLEM: WHERE LIES THE POWER FOR MAKING DECISIONS CONCERNING DISTRIBUTION OF LITERATURE

SOLUTION:

1. Six students for...
 - a. anyone can distribute - name and address on literature
 - b. student government president and college president have copy of literature
 - c. student government president explains legal consequences if slanderous or libelous
2. Three students for...
 - a. set up communications board with respect to publications and literature.
 1. composition
 - a. students only
 - b. student, faculty, administration
 2. board to determine guidelines for distribution of literature and publications
 3. responsibility
 - a. campus
 - b. intercollege
 - c. community
 4. duties

PROBLEM: How can we rectify the lack of communication between student government and student body?

SOLUTION:

1. Orientation
2. Get counselors to help
3. Faculty and administration to help
4. Student government to work this out - coordination
5. Vehicles for communication
 - a. newspapers
 - b. bulletins
 - c. polls and teacher evaluation
 - d. direct confrontation
 - e. assemblies and programs
 - f. open forums on student government
6. Co-curricular programs, assemblies and other programs
7. Central Information Center for students
8. Inter-Club Council Fair
9. Student Grievance Committee

PROBLEM: How can students get effective representation in the promotion of ideas and decisions on campus.

SOLUTION:

1. Equal representation on policy-making bodies.
2. Ex-officio member on Board of Trustees for Student Body President
3. A Town Hall meeting (a meeting in open forum with student body in general and members of faculty and administration).
4. Invite faculty and administration to student government meetings as resources personnel on relevant problems. This should apply in reverse.

COMMUNICATIONS

PROBLEM: Problem of communication with the community

SOLUTION:

1. Art show
2. Cultural programs
3. Flea markets
4. Services offered on campus
 - a. legal aide
 - b. placement --placement office, draft help, welfare rights; extended to off-campus.
 - c. use community paper for publicity purposes.

ECOLOGY

PROBLEM: CONTROLLING GARBAGE ON CAMPUS

SOLUTIONS:

1. Get people to stop polluting by reminding them.
2. Take legal action in terms of fines. Raise money to hire someone to give citations out.
3. Do not sell anything on campus that would be a possible pollutant.
4. Do not pick up garbage for two weeks to make students aware of problem. After two weeks have a big clean-up to illustrate the amount collected during this period. (Put in one big pile after clean-up).
5. Get publicity behind idea and push it towards the people.
6. Student services to pick up garbage. (From EDA program).
7. Get standardized cups. It would be our own cup. Responsibility would be with individuals.
8. The use of more receptacles.
9. Litterbug of the week, putting shame on people polluting. (Pictures in newspapers, etc.).
10. Suggest to manufacturers of vending machines that they use biodegradable wrappers.
11. Sort out garbage and put into a display to show how these things can be re-used.
12. Point out that the students are losing money by using cans.
13. Make students aware by having anti-pollution week.

PROBLEM: CAR EMISSION POLLUTIONS

SOLUTIONS:

1. Push for students busing.
2. Organize car pools.
3. Student discounts on public transportation.
4. Condensed transportation system.

PROBLEM: COMMUNICATION ABOUT ECOLOGY

SOLUTIONS:

1. Get campus organization to join Student Environmental Confederation.
2. Push high school ecology class that is mandatory.
3. Ecology majors in junior college level.
4. Assign someone on campus to push for an ecology program.
5. Establishment of a Eco-7 program for communication between Area 7 colleges concerned with ecology.

PROBLEM: LACK OF STUDENT INVOLVEMENT IN ECOLOGY ON CAMPUS.

SOLUTION:

1. Establishment of Eco-7.
2. Establishment of an Ecology Club on each campus.
3. Communications between campuses to coordinate business concerning ecology.
4. Possibility of coordinating communications between high schools.
5. If we can establish this in Area 7 that it will be continued statewide to raise priority of ecology.

ECOLOGY

PROBLEM: WHAT CAN STUDENT GOVERNMENT DO

SOLUTION:

1. To coincide with April 22, try to have dramatic trial, which will be a mock trial to prosecute polluters.
2. Proposal of ecology slate of officers in elections.
3. Communicate political preferences of people in regards to ecology.

FINANCE

PROBLEM: DECLINING STUDENT BODY CARD SALES IS AN IMPORTANT PROBLEM IN COLLEGES TODAY. THE DIRECT PROBLEM IS HOW TO BOOST THEIR SALES TO AID THE PARTICULAR COLLEGE'S FINANCES.

SOLUTION:

1. Make student body cards worth something, possibly by granting discounts with off and on campus stores.
2. Mandatory cards are necessary to gain the finances with which to obtain more benefits from the cards, but colleges can't depend on the legislature to approve this so they must go through their own particular channels.
3. If campuses could put on good activities on a small scale in the beginning and as more response is received the programs could be expanded to stir interest among students.
4. Try to pull in more money through other activities such as bands.
5. To make student body cards work, students should be informed before registration as to what their student body card will do for them.

PROBLEM: CUTTING COSTS AND CO-OPERATION IN THESE CUTS WITHIN THE BUDGET.

SOLUTION:

Cuts could be made on the basis of priority. This priority in turn, would be based on student needs, such as loans for books, athletics, etc. The purpose would be to keep specific budget items pertaining to student needs so that they could provide incentive for students to continue school.

PROBLEM: INCONSISTANCIES IN THE DISTRICTS' TAB ASSUMING PROGRAM IN ATHLETICS.

SOLUTION:

Have students under the same Board of Trustees discuss the inconsistencies and possibly the reason for these inconsistencies, which if discovered could greatly aid the college's individual budgets. If nothing else, some understanding of the total district situation may be realized.

MINORITY

RESOLUTION --

It has been resolved that an ethnics studies program or department should be instituted on each junior college campus in Area 7.

PROBLEM: There is not an established ethnics studies or department to fulfill the needs of the 3rd World Students and aid in getting 3rd World faculty.

PROBLEM: Need for more 3rd World Faculty. The establishment of a good ethnics studies program.

SOLUTION:

Pressure on administration - that it is their job to get more faculty with a screening committee selected from the 3rd World community and in proportion to the amount of Blacks, Mexicans, etc. in the community. Faculty should be selected in proportion to the amount of Black students, Mexican students, etc.; i.e., 10% Blacks - 10% Black faculty.

Faculty evaluation by students.

PROBLEM: WHAT IS THE WHITE MAN'S ROLE IN THE "REVOLUTION" OR THE CHANGING OF THE SYSTEM?

SOLUTION:

Appropriate funds for Ethnic People to come on campus to speak.

PROBLEM: HOW CAN STUDENT GOVERNMENT BE MORE HELPFUL TO MINORITY STUDENTS' NEEDS?

SOLUTION:

Unify minority groups first.

Get more 3rd World people into student government either by appointment or by election.

PROBLEM: UNIFICATION OF ALL 3RD WORLD PEOPLE - - STUDENTS NEEDED.

SOLUTION:

More communication between schools and organizations. Need the support and backing of the other schools. If as a body support each other.

Write a combined newsletter, by Blacks, Mexicans, all 3rd World people and sent it to each other.

SERVICES

PROBLEM: ADEQUATE HOUSING DOES NOT EXIST ON JUNIOR COLLEGE CAMPUSES

SOLUTION:

1. There be established a student housing placement service to work in conjunction with the community and the work/study program.
 - a. Housing Authority - look into work in the apartments and houses for students needing room and board.
2. Action by College to sub-let apartments to aid in student housing in community.
3. Dormitories.
 - a. Trial visitation rights to aid community in getting used to the expanded programs in dormitories.
 - b. Expand Dormitory facilities to include married couples.

PROBLEM: CAFETERIAS FOR THE MOST PART DO NOT OPERATE FOR, OR WITH, THE STUDENTS BUT FOR THEMSELVES.

SOLUTION:

1. Expansion of culinary arts program to take over cafeteria programs and processes on campus, but keep prices within student income and budget.
2. Facilities be made available to the students wherever a need is proven; where need is, students should be able to run the service and also to provide the workers.
3. Apply test programs for food that can be supplied at low cost to the students.
4. Facilities should be provided to meet the diverse needs of the students such as: snack bars, mobile units, regular restaurant facilities and, when deemed necessary, student-operated vending facilities.

PROBLEM: SELLING STUDENT BODY CARDS TO STUDENTS AND CREATING INTEREST IN STUDENT BODY CARDS

SOLUTION:

1. Discounts to theaters and campus functions.
2. Student government should go out into community to attain discounts at local stores with student body cards.
3. Take 10 per cent off the top of the price of books (i.e. discounts based on the total purchase.)
4. Thirty day loan program available to students.

SERVICES

PROBLEM: SINCE COUNSELING, OF ALL TYPES, IS AN INTEGRAL PART OF STUDENT LIFE, IT SHOULD BE MORE INFORMED AND INVOLVED IN NEW FACTS REGARDING COUNSELING; ALSO TO BE SO VARIED AS TO COVER ALL FACETS OF STUDENT LIFE.

SOLUTION:

1. Establishment of full-time counselors.
2. Full and informative draft and welfare-rights counselors.
3. Establishment of:
 - a. Birth control counselors.
 - b. Scholarship counselors.
 - c. Retail counselors
 1. Regarding specific days for sales at local stores (to be coordinated by publicity commissioner).
4. Legal counselor.
5. Information Center where students can go to find information on any problem.

PROBLEM: THERE ARE NEEDS FOR JOBS FOR STUDENTS DUE TO THE RISING RATE OF THE COST OF LIVING, ESPECIALLY FOR A STUDENT.

SOLUTION:

1. Set up an office to keep student body aware of job openings in the community.
 - a. Teachers, Employment Department workers, and counselors go out in community to look for jobs for students relevant to their specific fields (i.e. auto service and other facilities).
 - b. Make information available to the community that there are students who are willing to work.

STUDENT INVOLVEMENT

PROBLEM: HOW CAN STUDENTS THAT ARE IN STUDENT GOVERNMENT IDENTIFY THEMSELVES TO THE OTHER STUDENTS WITHOUT SEEMING TO IDENTIFY WITH THE ADMINISTRATION, ESTABLISHMENT, OR ANYTHING THAT WOULD TEND TO SEPARATE OR REGIMENT STUDENTS THAT ARE INVOLVED IN STUDENT GOVERNMENT.

SOLUTION:

Unsolvable - due to the fact that all students are not in agreement on whether students involved in government should identify themselves by wearing blazers etc. and if they do identify themselves if the other students would identify them with the administration and establishment or if the students would simply feel these involved students were merely trying to let the other students know who they were. Example: In a college of ten thousand students - how are the students going to identify the students that are involved in government, without identifying with someone, whether it be the administration or establishment.

PROBLEM: ORGANIZATION - THE ICC PRESIDENT AT SRJC IS THE VICE PRESIDENT OF THE STUDENT BODY. THE PROBLEM AT MANY COLLEGES IS THAT WHEN THE ICC PRESIDENT IS FILLING THAT POSITION, HE IS NOT COORDINATING ICC'S PROBLEMS WITH THE STUDENT BODY'S PROBLEMS, WHICH LEADS TO A DISTINCT SEPARATION BETWEEN THESE TWO GROUPS - THIS SEPARATION LEADS TO AN UNORGANIZED STUDENT BODY AND/OR CLUBS. THIS DISORGANIZATION CAUSES INDIVIDUAL REPRESENTATIVES IN STUDENT GOVERNMENT TO PERSONALIZE THEIR OWN GROUP PROBLEMS, WHICH LEADS TO FURTHER DISORGANIZATION.

SOLUTION:

Do away with the "fear" aspect between the administration and the student body. There has to be cooperation between these two groups. The representatives of the student body must represent the student body and not individual problems.

PROBLEM: MOST PEOPLE ARE UNAWARE OF THE NEED FOR FACILITIES FOR DISABLED PEOPLE WANTING TO GO TO SCHOOL.

SOLUTION:

Take a survey of the percentage of people who are disabled and cannot go to school because of lack of facilities for them.

PROBLEM: HOW TO GET STUDENTS INVOLVED IN PROBLEMS-COMMUNICATIONS.

SOLUTION: Communicate to individuals rather than to the mass.
By way of daily newspapers

Rap sessions.

A newspaper that any student can submit an article to.

VOL. 1 NO. 2

CALIFORNIA COMMUNITY COLLEGE STUDENT GOVERNMENT ASSOCIATION

APRIL 1970

REINECKE, ALQUIST TO SPEAK

Spring Conference Set For Asilomar

T. GOVERNOR ED REINECKE SENATOR AL ALQUIST

Plans are underway for the 49th Semi-Annual Conference of the California Community College Student Government Association, April 29, 30, and May 1 at Asilomar Conference Grounds, Pacific Grove.

A number of major changes have been made in the statewide student government association which have helped make it the strongest and most effectively organized student association in California. These changes and accomplishments include:

- implementation of the nine member statewide executive board
- implementation of the nine area executive boards
- initiation of monthly meetings with Governor Reagan
- election of a junior college student to the chairmanship of the Student Advisory Committee to the Legislature's Joint Committee on Higher Education
- initiation of the quarterly newsletter "The Student Voice" that reaches all legislators and major educational groups in the state
- selection of CCCSGA representatives as the major voice for junior college students on committees of the Board of Governors of the California Community Colleges and the California Junior College Association

-introduction of major CCCSGA resolutions as legislative bills or proposed policy changes and follow-up of those measures in the legislative session.

All of these accomplishments should help set the stage for a most productive CCCSGA Spring Conference.

The upcoming conference will differ in several ways from past CCCSGA conferences. In an effort to get away from the parliamentary hassels that have marked many student conferences in recent years, resolutions will not be initiated this spring. The student legislative program was passed at the Fall Conference and is currently being implemented. The new CCCSGA conference procedures will always devote the Fall Conference to the legislative program and the Spring Conference to the exchange of ideas.

A number of major changes will be featured this spring. Perhaps the most important will be the inclusion of a number of competent resource people who will assist students to learn the facts necessary to propose needed policy changes. One of the major weaknesses of student resolutions in the past has been the lack of factual evidence to back opinions.

Two major addresses will be made at the conference. State Senator Alfred Alquist of San Jose will speak after the Wednesday evening banquet, and Lt. Governor Ed Reinecke will speak at the Thursday luncheon.

Close to 500 junior college students and approximately 100 advisors are expected to attend the three day conference.

THE LEGISLATIVE SCENE

Following the Fall CCCSGA Conference in San Diego, a number of resolutions were directed to the office of the executive secretary for follow-up. The following is a status report on the current progress of these matters:

TRANSFER PRIORITIES FOR JUNIOR COLLEGE STUDENTS

The conflict and crisis over the question of transfer priorities for junior college students has generated much emotion and rhetoric. On the surface, the issue seems clear—junior college transfer students must have an assurance of a place in the four-year institutions. However, the best way to achieve that goal is the subject of much debate.

Basically, there are two approaches. One would be to seek a policy agreement through the Coordinating Council for Higher Education that would insure a transfer priority. The other would be to seek legislation which would mandate such a priority.

The problem with the policy agreement is that it is not mandatory (although it carries a very heavy informal pressure). The problem with legislation is that it opens the door to all kinds of amendments and changes which could end up hurting the student's chances of acceptance. Also, legislative action could set a precedent that might work against self-governance of colleges and universities in the future.

At this time, assurances are being given through resolutions by the California State Colleges and the Coordinating Council to the effect that junior college students will be given a transfer priority as long as they maintain academic eligibility.

Also mixed in with the transfer problem is the question of needed additional facilities at the 18 state colleges, which is a separate, but related problem.

Our current position is to seek a policy agreement and make sure that all segments adhere to that policy. If qualified junior college students are not given a transfer priority, based on newly adopted policy guidelines, then legislation will be introduced at the next legislative session to seek to mandate that priority.

The CCCSGA Executive Board:

Top Row: Jack Warford, Area 4; Mike Davis, Area 2; Rusty Beith, Area 5; Jeff Hess, Area 7; Tom Dunn, Area 9; John Bothwell, Area 3; and Rex Sermon, State Treasurer.

Bottom Row: Roy Stafford, Area 1; Joe Calloway, State Executive Vice-President; Jim Woodward, State President; Steve Brown, State Administrative Vice-President; Gary Hansen, Area 6 and Joe Theep, Area 8.

THE MANDATORY STUDENT BODY CARD (AB 2438)

Legislation has been introduced by Assemblyman Wadie F. Deddeh to add section 25426 to the education code which would authorize governing boards of junior colleges to fix maximum student body membership fee not to exceed \$10.

The bill has a provision for the waiver of such fees when payment might prevent a student from attending college. This bill will require the support of students, faculty and administrators if it is to succeed this legislative session. The entire co-curricular programs at many junior colleges (including student activities, newspapers, athletic functions, and cultural events) are in serious trouble due to lack of funds.

However, the move toward tuition at both the State Colleges and the University has raised questions about the need for this bill. The need is clear. It is up to all junior college people to contact their local legislators and communicate this need to help secure passage of this bill. Otherwise, important cultural and co-curricular programs may have to be dropped in junior colleges.

Testimony on this measure will begin sometime next month and press releases will be sent to keep you informed of dates and times of these public hearings.

Chairman Roy Stafford (San Diego Mesa) led the discussion as representatives of the University of California, California State Colleges, junior colleges and private colleges met recently in Sacramento to discuss public aid to private higher education. The discussion was part of the agenda of the Student Advisory Committee to the legislature's Joint Committee on Higher Education.

ELIMINATION OF MANDATORY PHYSICAL EDUCATION (AB 1887)

Assemblyman Ken Cory has introduced our bill to seek the elimination of mandatory physical education classes in California junior colleges.

While physical fitness is certainly a desirable goal for a college student, there should not be required courses in physical education at the college level—these courses should be optional.

The rationale is that such program offerings cause problems in scheduling and counseling. Also, it is argued, such programs tend to be carry-overs from high school.

You will be informed of hearing dates on this bill. Again, we urge your active participation by contacting your local Senators and Assemblymen and communicating your support for this bill.

LOWERING THE VOTING AGE AND THE AGE OF MAJORITY TO 18

There are many proposals, bills, and initiatives that have been introduced or suggested to date. It is most difficult to keep up with them, especially at the federal level. Everyone from the President to Senator Kennedy has designed or initiated a proposal.

The problem is getting an agreement on the best proposal. Some would lower the voting age to 18—some favor 19. Some would take effect immediately. Others would wait until after the 1972 presidential election.

Proposals in California on state elections are almost as numerous and confusing as those in Washington, D.C.

The Assembly Elections and Constitutional Amendments Committee recently did the unexpected and cleared for an assembly floor vote a proposal (ACA 40-Briggs) to lower the voting age in California to 19.

In another approach, a group called Citizens for Lowering the Voting Age has been active in seeking signatures for an initiative to put the question of lowering the voting age to 18 on the ballot.

Our immediate problem is to get behind one proposal and one course of action that will lead to the ultimate objective in the most expeditious, effective manner.

A further report on this matter will have to await additional developments in Sacramento.

At present, we are simply unable to venture what will happen in this legislative session, or how successful any of the initiatives might be.

ADDITIONAL JUNIOR COLLEGE FUNDING (SB 250, AB 412)

These two companion measures have been introduced in Sacramento and hearings have begun on the assembly version.

The bills represent an attempt to get the State of California to assume a more equitable share of the junior college operating costs. Currently the state is paying for only about 30%, despite the fact that the 1960 Master Plan for Higher Education said the state should pay at least 45%.

The main thrust of the bills is to increase the monies behind each full-time student from \$643 to \$718 per year. There is also a provision for a three-year phase-out of the statutory defined adult—an antiquated premise which argues that educating "defined adults" costs less than for regular students.

The first major test of the bills will come in the Assembly Education Subcommittee on Finance.

We plan to support these bills in both legislative testimony and at the CCCSGA board meeting with Governor Reagan on April 23.

TO SEEK IMPROVED BENEFITS FOR VETERANS AND TO SEEK TO CHANGE VETERANS RESIDENCY REQUIREMENTS FROM 14 TO 12 SEMESTER UNITS

These changes must be effected at the federal level.

Public Law 91-219 was recently signed into law by President Nixon. The law increases GI benefits by more than 30% and provides new benefits for "educationally disadvantaged" veterans.

The CCCSGA resolutions on veterans matters were sent to President Nixon and were acknowledged by members of his staff. Since the bill is now law, you may assume that your resolution contributed in some way toward that decision.

The change in semester requirements is being investigated through several veterans organizations. A further report on this matter will be provided in the June issue of *The Student Voice*.

SCHOOL BOND LAWS

There have been a number of court challenges to the law that requires a two-thirds voter approval for school bond issues. The matter is currently before the California Supreme Court and, at last check, should be decided by July. Any further action will await that decision.

In addition to the positive side of the legislative program, there is also a negative side. That is, we will be opposing a number of bills that we feel are not in the best interests of junior college students. Some of these bills include proposals for tuition in junior colleges and removal of funds from student control. Again, a complete rundown of all bills will be presented in the June issue of this newsletter. ...

Gov. Reagan Meets With CCCSGA Board

The second in a series of meetings with Governor Ronald Reagan is scheduled for April 23 in Sacramento. CCCSGA state officers, the nine area presidents, and the executive secretary will participate.

The meetings were established in the hope that a small group of 10-12 students can rationally discuss their problems and concerns with the chief executive, and the Governor, in turn, can explain his ideas and proposals to the students.

Tentative agenda items include: insuring a transfer priority for junior college students; problems of disadvantaged students resulting from tuition proposals; polarization in higher education; and the need for educational leadership in the colleges and at the capitol.

A full report on the meeting will be made at the state conference. ...

Conference-From Pg. 3

(Each area will hold a special function. Students are encouraged to travel from area to area to meet other students and take part in activities. Plans for area functions include everything from dances to speakers to encounter sessions.)

Breakfast 8 - 9 a.m.
General Assembly 9 - 11:30 a.m.
Elections
Lunch 11:30 - 12:30 a.m.
Introductions of new officers

In addition to the two major speakers, a number of competent resource people have agreed to make presentations at the first workshop session. They are:

Presidents - Douglas Carter,
Administrative Assistant to Assembly Speaker Robert Monagan

Finance - Charles W. Brydon,
Assistant Executive Director, California Junior College Association

Communications - Randall Young,
Assistant to the Chancellor, California Community Colleges

Minorities -
John Nisby, Calif. Community Colleges
Rudy Ortega, Cabrillo College

Articulation-Curriculum - John Fiedler,
Doctoral candidate, University of California Junior College Leadership Program

Grants, Aids, & Loans -
Chuck Carter, Cabrillo College

Each workshop will meet as a whole on Wednesday evening. The Thursday sessions will see the workshops break into small groups of about 20 (including advisors) to try to provide opportunities for students to speak, to listen and to learn in small group.

For the first time students from all over the state have had a say in the conference format. This opportunity, plus the major gains made in the statewide association since February should help make this a most productive conference—one that deals with substantive issues and not procedural hassels. ...

VII. Old Business

There was no old business.

VIII. New Business

B. Recommendation from J.C. Power & Light

A letter was received from Mark Karahadian, President of J.C. Power & Light who asked that item "D" of Section VI, banning the use of power amplification be repealed under the Hyde Park Code. Mainly because now neither Pioneer Hall or Garcia Hall are in use.

Jeff Hess, Assistant Finance Commissioner, moved that we investigate the Hyde Park revision of Section VI, item "D", further with a committee of three members. The motion was seconded and discussion held.

Vice-President Steve Cabot moved to amend the original motion to include one member from the ICC Committee on Speakers. The motion was seconded and discussion held further.

Sophomore Representative Connie Chudwick then moved to vote immediately on the amendment. The motion was seconded and passed.

The vote was held on the amendment. The amendment vote failed.

Charles Crocker, Head Yell Leader, moved to ammend the original motion to include a representative from ICC. The motion was seconded and discussion held.

Assistant Finance Commissioner Jeff Hess moved to vote immediately. The motion was seconded and passed. The vote, therefore, was held on Charles Crocker's amendment which failed.

Jeff Hess then moved to vote immediately on the main motion. The motion was seconded and passed.

The vote was then held on the original motion proposed by Jeff Hess concerning a committee of three members. The motion passed. Those appointed to the committee are: Bob Hall, Freshman Rep.; John Wong, Executive Vice-President; and Larry Gibson, President.

Freshman Representative Bob Hall moved that this body censure Assistant Finance Commissioner, Jeff Hess. The motion was seconded. The motion was objected to consideration. President Larry Gibson chose to rule this motion irrevelant and to proceed with business. Jeff Hess appealed to the decision of the Chair, which was seconded. President Larry Gibson at this time left the meeting and Executive Vice-President, John Wong now presided.

Bob Hall, Freshman Rep., chose to repeal his motion. He also moved that we move on to item "A" of New Business, which died for lack of a second. If there aren't any objections Bob's motion can be repealed after discussion was held but there were objections. Therefore the motion to censure Jeff Hess was once more on the floor.

Freshman Representative, Debbie Cox moved to vote immediately. The motion was seconded and passed. A vote was then held on the main motion and passed, Jeff Hess was censured.

A. Legal Aid for Students

Mr. David Harrigan gave a presentation on the possibility of legal advice on campus regarding people with criminal charges pending against them or others. An invostigation was held on this possibility and found it feasible to acquire a young Law student from Berkely to aid the students.

Finance Commissioner Tom Rodella moved that CSA support this idea of acquiring a legal advisor and present this proposal to the Board of Trustees for action. The motion was seconded and discussion held.

Corresponding Secretary, Pam Donahoe moved to vote immediately. The motion was seconded and passed.

The vote was held on Tom Rodella's motion and passed.

Oak Leaf Representative, Rich Truax moved that CSA censure Mr. Gibson for walking out of the meeting. The motion was seconded. There was an appeal to the Chair. A vote was then held on the motion and failed, therefore the motion was dropped.

Letters to the Editor

College Student Backs Osgood

EDITOR: As president of the Associated Students of your community college, I would like to say that the forthcoming election for the offices of city councilmen, is important to the students of this college because it is an attempt to alleviate the problems that are evident in our community that affect the students of our college.

Obviously, a community institution that services 4,000 people in the day, with approximately 1,000 of those 4,000 which are eligible voters, and approximately 7,000 in the evening for education, eventually produces those that contribute to a better community and society, would be a prime target for a prospective city councilman to discover the problems that our students are subjected to in this community.

At this time, this college wishes to recognize a man that has attempted to communicate and discover the problems the students of our college have in this community. That man — Jim Osgood.

AN OPEN LETTER OF INVITATION AND APPEAL

On April 4, 1970, the residents of South Park and South Park Organization for Race Togetherness (SPORT) will sponsor a Martin Luther King Spring Festival in commemoration of Dr. King's death.

It is at this time, during the throes of conflict in which we as a nation find ourselves, that the voice of peace and reason is most urgently needed. But, as the whole of a nation is only as great as the sum total of its parts, we feel that the voice must come from the most basic part of our nation: the neighborhood.

Scheduled for that date are bands and gospel groups that will perform on a temporarily erected outdoor stage, a gallery of ethnic arts, and a booth from which food will be served. Games will be offered and information of importance to residents of both South Park and the larger Santa Rosa community will be made available. The above mentioned activities are to take place at the South Park Rotary Park and other events planned on this same date will be hosted at South Park School. A symposium for current political candidates has also been arranged for the festival, but as of yet the details have not been made available.

South Park, as a community, despite its being economically disadvantaged, is a genuine microcosm of the cultural atmosphere that has become dissipated during Santa Rosa's rapid growth. It is hoped that our efforts will induce greater respect for all of those peoples who contribute to that atmosphere.

The festival is expected to attract 1,500 persons and will be offered from 9:00 a.m. to 9:00 p.m. To date all labor has come from volunteer sources and the cooperation among all groups involved has set a mood reminiscent of festivals we seem to only remember as part of those years when we were children.

We urgently need funds to help finish purchasing the almost two (2) tons of food necessary to feed hungry people and cover cost of building materials. For this we must ask donations. Construction of booths and platforms is expected to begin Thursday, April 2, and clean-up is expected to be completed by April 5 at 12:00 noon.

Persons wishing to participate or contribute financial aid are invited to contact: Luther Nelson or

ROBERT BOUDREAU at the SPORT headquarters. Phone 542-6446,
or write at 1213 Grand Avenue, Santa Rosa, California.

P.S. So come; we'll be glad to see you. And who knows, you might even meet your neighbor.

Thank you.

At all times not listed as meeting dates, I performed as the Chief Administrative Officer of the Associated Students.

At the present time, I am in the process of trying to involve the College Student Assembly and Campus Organizations in determining one of the next city Councilmen--Jim Osgood. Since we are a community college and all campus constitutions state "to provide a service to the campus community" gives us an opportunity to utilize the resources this institution has developed. Obviously there will be question as to "why" should we support Mr. Osgood, but the proper questioning should answer their own questions.

Note: Improvement. Moratorium organizers on S.R.J.C. campus stated to me "Student government is really changing for the people. Thank you for helping to end the war."

We are finally becoming successful.

After the Executive Cabinet Rap Session--I have been informed that the people in Student government do not fall apart of the work. Say I am doing it all by myself. This Monday I hope to delegate the labor load to keep people busy. They cannot do it themselves.

A. Our Opinion

Ken Beyries moved and it was seconded that the following resolution be accepted by the College Student Assembly:

WHEREAS CSA is the only truly representative body on campus which may officially speak for the students, and

TOGETHER as it is in violation of the spirit and intent of the original grant. We find this publication to be in poor tast and of no literary value. It tends to alienate people rather than bring them together.

THEREFORE be it resolved that the College Student Assembly, on behalf of the Associated Students of Santa Rosa Junior College, disavow any association with the publication.

LAW Enforcement Code of Ethics

As a law enforcement officer, my
fundamental duty is to serve mankind;
to safeguard lives and property; to protect
the innocent against deception, the weak
against oppression or intimidation, and
the peaceful against violence or disorder;
and to respect the Constitutional rights
of all men to liberty, equality and justice.

I will keep my private life uncellied
as an example to all; maintain courageous
clan in the face of danger, scorn or
ridicule; develop self-restraint; and be
constantly mindful of the welfare of
others

Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department.

Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, animosities, or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals,

I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession law enforcement.

Listening to all the words a person would have to be a God to fulfill this Code, and everyone of us in L.E. ^{today} aspires to be that God.

The 1st time a man puts on a uniform, badge and a weapon, we all feel about 10 feet tall. We immediately feel a source of unknown power simply because we have become one of a select group of people who are suppose to be all knowing, compassionate and willing to serve mankind. †

However, L.E. is not made up of God's but of people like ourselves.

The fallacy of it all lies in the fact that since we are humans, we are all subjected to ~~the~~ varying degrees of likes, dislikes, prejudices, shortcomings, weaknesses, and violence that plagues every person that walks this earth. Since we aspire in this line of work to better society for ourselves and our children, and to possibly gain a little more recognition and strive in many ways to achieve the goals set forth in the code, many of us will falter from time to time. Making mistakes and correcting but also learning by them with the hope that

in the end we can rightfully say that we have attempted to do the right thing.

In the type of work we are in, we are faced with many obstacles which prohibit us from fully attaining the goals set upon us in the creed. One such obstacle is the courts which demand that we follow guidelines put forth to us with allegiance and without wavering. In today's time of rhetoric, revolution, and descent with violence^{it}, has caused us to reflect whether or not we can uphold the meaning of the creed.

Grad. Speaker

To Larry

TO: Eugene Canevari

SUBJECT: Election and Publicity Code

DATE: May 21, 1970

As campaign manager for Ray Martinez for A.S.B. President, I am hereby lodging a formal complaint against the campaigning activities of Larry Gibson for A.S.B. President.

His campaign was in direct violation of the Associated Students of Santa Rosa Junior College Election Code in the following sections:

1. Section 18: There will be no campaigning the day of election within fifteen feet of the polls.
2. Section 19-B: No candidate for office may use photographs for campaign purposes.

His campaign also violated one section of the Santa Rosa Junior College A.S.B. Publicity Code, Section 3, Clause 3: "No handbills or leaflets may be distributed in the cafeteria."

I realize other candidates may have violated these election and publicity codes, but considering Mr. Gibson's experience as incumbent A.S.B. President, I personally feel that he should be disqualified by the Elections Commissioner according to the Associated Students of Santa Rosa Junior College Election Code, Sec. 20.

I feel this complaint is valid and should be acted upon immediately as stipulated in the Election Code.

The campaign of Ray Martinez for A.S.B. President was run according to the Election Code and the Publicity Code.

Sincerely,
Pat Orsborn

Meeting #14
May 18, 1970

I. Call to Order

The meeting was called to order at 3:14 by President Larry Gibson.

II. Flag Salute

There was no flag salute.

III. Roll Call

Members absent at this fourteenth meeting of CSA were:
Sophomore Representative Will Hall; Freshmen Representatives
Bob Hall and Joe Overall; and Athletics Commissioner George
Prentise.

IV. Approval of Agenda

Ken Beyries asked that item A. Approval of Budget, under
Old Business be moved to item VI; and continue numbering
accordingly. The agenda was approved as corrected.

V. Approval of Minutes

The minutes were approved as written.

VI. Approval of the Budget

The motion to approve the budget as written, made last
week, was automatically placed upon the floor for discussion,
having been posted for a week according to the constitution.

Assemblies Commissioner Steve Caffery "moved to vote immediately."
The motion was seconded and passed. The vote was then
cast on the main motion to accept the budget as written, which
passed.

VII. Reports

PRESIDENT: Larry Gibson read a letter he received from Frank
Belotti stating that the California Legislature does not
get involved in foreign policy, in answer to a letter he
sent protesting the war in Southeast Asia. Larry then
introduced an information sheet from Assemblymen John Vasconcellos
and Bill Greene asking for our support for two Bills on
the Assembly floor. These two bills, 1674 and AB 1460,
are pointed directly at the Vietnam War and challenge the
right of the President of the United States to engage in
war against another nation without a Congressional declaration.

Therefore, in response Larry read a letter he sent to
Assemblyman Belotti declaring his confusion on this issue.
Larry pointed out the two bills to the Assemblyman and asked
for a reply for understanding.

Larry then asked the members of CSA to support a letter he would write to all Congressmen and Senators on these two bills.

ICC Representative to CSA, Ken Beyries "moved that this body endorse both letters to Congressmen and Senators on Bills 1674 and AB 1460." The motion was seconded and passed.

Larry then read another letter he received from the Peace Commencement Fund, Inc. at UCLA asking for support. The Peace Commencement Fund, Inc. is to help end the war and obtain peace.

Sophomore Representative Larry Jackson "moved that we allocate \$25 to the Student Faculty Coalition for Peace and to allow them to do what they feel is best in the allocation of this money and that they submit a report of their decision to CSA." The motion was seconded and passed. - VI. Reports
PRESIDENT: Larry Gibson announced that tomorrow night there will be a campaign meeting for Wilson Riles who is running for State Superintendent of Schools. The meeting starts at 7:30 p.m. in the Faculty Lounge and everyone is urged to attend.

Larry then read a letter from the California Student Offensive (CSO) urging us to organize for peace and to help end the war. This association, located at San Jose State College, also asked for a \$25 donation to their cause.

Assemblies Commissioner, Steve Caffery "moved that CSA appropriate \$25 to the California Student Offensive at San Jose State." The motion was seconded and discussion held.

ICC Representative to CSA, Ken Boyries "moved to postpone this motion indefinitely until the end of Vice-President, Steve Cabot's report." The motion was seconded and passed.

VICE-PRESIDENT: Steve Cabot discussed the CSO and stated that he attended a meeting last Thursday at San Jose State. Their objectives are to unite the colleges and obtain a unified position on the war. Then to go on television with their results.

The CSO presented a full page resolution which stated that the

students were to dissassociate themselves from the war effort. That men of draft age are to resist induction in conjunction with the continued complicity action by women. They are to demand political amnesty for those arrested for political reasons including all arrests which may arise from anti-war efforts. And lastly to close schools and use the existing facilities to bear against war, racism, and poverty, until the United States withdraws from Indochina. Discussion was now held on the motion made earlier and postponed until this time.

ICC Representative to CSA, Ken Beyries "moved to vote immediately on the main motion." The motion was seconded and passed. Therefore, the vote was held on the original motion to grant the CSO \$25 which failed.

Ken Beyries then "moved that Larry Gibson and Steve Cabot write a letter to the California Student Offensive to be approved by the Executive Cabinet as to the reasons why this motion concerning a donation failed." The motion was seconded and passed.

Steve Cabot now continued with his report. In ICC it was attempted to move Kaleidoscope to Thursday only but the motion failed. They also moved to recommend to CSA that the coop dance, which we moved back to the 15th of May, be moved up to the 22nd of May.

Steve also explained that instead of having a Kaleidoscope, which he feels is in bad taste at this particular time, he would like to change it to a Peace Festival. It would be held on the same date that Kaleidoscope was scheduled but narrowed down to one day, Friday, May 22. Steve also stated that since he will not need very many bands now he would like the surplus of the Dance Budget donated to the Student Faculty Coalition, an organization here on campus.

Steve Cabot then "moved to rescind Connie Chudwick's motion, made last week, and have the dance moved up again to May 22 in co-operation with the Peace Festival." The motion was seconded. Discussion held.

Ken Beyries "moved to vote immediately." The motion was seconded and passed. The vote was taken on Steve Cabot's motion which passed.

CORRESPONDING SECRETARY: Pam Donahoo reported that she has received all of the Birth Control Questionnaires back and will tally them up and have a report next week. She also briefly discussed attendance.

Pam stated that May 26 is the CSA Banquet and anyone interested

in attending should have their answer at the next meeting. They must also know if they are taking a date.

FINANCE COMMISSIONER: Tom Rodella yielded the floor to Mike Archibald, a representative from the Student Faculty Coalition. He discussed their need for the money.

ICC Representative to CSA, Ken Beyries "moved to table this discussion indefinitely until the next CSA meeting, May 25, because of a lack of basic facts." The motion was seconded, and discussion held.

Tom Rodella, Finance Commissioner "moved to appropriate \$50 to the Student Faculty Coalition fund." The motion was seconded and discussion held.

Camino Real Premieres Tomorrow

SRJC's spring production, Tennessee Williams' **Camino Real**, opens tomorrow night in Burbank auditorium at 8:15 p.m.

Under the direction of William Harrison, Williams' surrealist fantasy is slated for four performances, two this weekend and two next weekend.

The play is one of Williams' lesser-known works but because of a recent Broadway revival it has once again come into the theatrical limelight.

The role of Kilroy, who is probably the play's main character, will be handled by Andrew Richardson. Mr. Richardson is no stranger to the SRJC stage as he portrayed Prince Hal in last semester's production of **Henry IV**.

Lauren Buchberg will portray Marguerite Gautier, the female lead. Miss Buchberg, who came to Santa Rosa from Los Angeles last fall, also starred in **Henry IV**.

Jay Johnson will be seen in the role of Casonova, the aging lover. SRJC theatre-goers may remember Mr. Johnson as General Oscar Fairfax in **Little Mary Sunshine**, the husband in **A Slight Ache** and Kokol in **Marat/Sade**.

Sue Snider will play the gypsy's daughter, Esmeralda. Miss Snider, a freshman here at SRJC, will be making her stage debut in **Camino Real**.

Victor Jones will be found in the role of Gutman, the swaggering, cigar-smoking tyrant. Mr. Jones is also making his stage debut here at SRJC.

Rounding out the top characters in **Camino Real** is Elizabeth Turner as the hard-hearted, light-headed gypsy.

Other key roles in the production will be handled by Jeff Hess, Roger Bolt, Ken Beyries, Betsy Jenkins, John Orella, Ruth Anne Seevers, Alan Sudduth, Barry Lawrence, Nancy Whitmore and Gaylord Schaap.

The various street people will be played by JoAnne Noble, Tony Fiori, Diane Alteri, Rich Guibault, Sunny Roberts, Debbie Hill, David Gjerdrum, Doug Draper and Tom Keller.

Larry Myler and Mike Cornwall will portray the bizarre streetcleaner/undertakers, while Mark Smith and Pat McLaughlin will handle the roles of Gutman's guards.

Rounding out the large cast are Bob Warner as Nurse, Richard Penrhyn-Lowe as the medical instructor and Randal Myler as Sancho.

The price of admission is set at \$2 for general admission, \$1.50 for other students and \$1 for students enrolled here at SRJC.

ANDY RICHARDSON (left) and Jay Johnson relax backstage during a brief intermission in **Camino Real**. Mr. Richardson portrays Kilroy in the play, while Mr. Johnson is cast as Jacques Casonova.

Do-Or-Die Week For Horsehidiers

By BILL MINNES

Baseball is an odd game. Last week at this time the Bear Cubs were in first place of the Camino Norte Conference, one-half game in front of second-place DeAnza College. This week the SRJC baseball team is in second place, one-half game behind league-leading DeAnza.

This magical feat was performed last week when the Cubs lost two out of three games in league play. The baseballers were edged by Contra Costa, 3-2, and were walloped by Canada, 7-4. College of Marin fell victim to the Cubs as they were edged, 5-4.

Cubs Luck Out

The Cubs lucked out in their contest with the College of Marin crew. A throwing error by Marin's catcher and an error in strategy led to the Tars'

Lancaster singled and Fletcher walked to load the bags. A single by D'Alessio scored Flores and Lancaster.

The Cubs scored single runs in the second and fourth innings. In the second, Steve Temple reached first on an error and stole second base. On a single by Frank Anderson, Temple scored. In the fourth, Steve Temple came through again and slugged a round tripper for the last Cub run of the game.

The Comets of Contra Costa blazed to victory with one run in the seventh stanza.

WV Helps SR

The second-place Cubs could have been further down the league ladder when they lost to Canada last Saturday had it not been for the help of West Valley. The Vikings kept the Cubs in the race for first by

Cub Netters Close Out Season

It was win number eight for Coach Hank Cooper and his courtmen as they romped over College of Marin, 7-2, last Tuesday.

The Bear Cubs, who host an 8-2 record on the year, trail first-place DeAnza by two matches, as they are 10-0.

SRJC will have closed out their dual season competition last Tuesday, April 28, against Canada.

After that its the conference tournament, May 1-2, followed by the Northern California Tournament, May 7-8-9, at Chabot College.

In last Tuesday's game with Marin, the Bear Cubs were led by Ron White, who played with his usual tenacity, defeating his opponent 6-1, 6-3.

Rick Torkelson had no problems in overpowering his competition 6-0, 6-2. Barry Marshall whipped his opponent 6-4, 6-1.

Paul Pederson had an easy day of it, as he won by forfeit.

Steve Wood and Fred Straub suffered Santa Rosa's only two defeats. Wood lost to Marin's Rich Bernard 6-2, 6-4, while Straub succumbed to the Tars' Rob Menzies 6-2, 6-3.

In double play, Wood and Straub got together and defeat-

and he promptly scored on a single by Steve Waller.

Marin tied the game in the next inning. A throwing error by Joe Sanders allowed Steve Trono to become a baserunner. He later scored on a single by Ken Roby.

An additional scoring effort by Marin put them ahead by three runs in the fifth inning.

Tar Lead Shrinks

In the sixth, one run was scored by the SRJC nine. Joe Sanders walked and went to third on a passed ball. He went to third on a ground out and scored on a sacrifice fly by Steve Waller.

The Cubs were still down by two runs going into the bottom of the eighth. Steve Temple doubled and with Chuck Leoni at bat as a pinch-hitter, he attempted to steal third. Marin's catcher came up with the ball and threw it a foot over the third baseman's head, allowing Temple to score.

Leoni walked on that pitch and scurried to second on the overthrow. Pitcher Larry Hendrickson followed and doubled to score Leoni.

The winning run for the Cubs came in the ninth inning. A single by Mike Edwards, an intentional pass to Steve Waller and another single by Steve Temple loaded the bases. Joe Sanders then hit a long sacrifice fly to score Edwards.

SR Drops to Second

The Contra Costa game played here last Thursday was the game that knocked the Cub horsehiders out of their first-place perch.

The Contra Costa Comets took a two-run advantage in the first inning. Flores and

The Canada crew scored runs in each inning except the fourth and sixth. Two runs were scored in the seventh on a tape measure job by Elmore with Robertson aboard. Robertson had received a base-on-balls.

Rally Stopped

In the second inning, a possible Santa Rosa rally was shut off when Don Shelton was ruled out on a contested call. Shelton was struck in the heel by a live ball off the bat of Rich Peters.

The Cubs were unable to get anything solid started until the fifth. Frank Anderson was safe on an error and later scored on a single by Steve Temple. Temple crossed the plate on a double by Mike Edwards.

In the seventh, Steve Temple was safe at first on a fielder's choice and moved to second on a single by Mike Edwards. Temple cruised home on a single by Ken Marshall. The last tally for the Cubs happened the same way. Steve Temple again singled and moved to third on a single by Steve Waller. Temple scored on a single by Ken Marshall.

This is a do-or-die week for the horsehiders as the league play comes to a close. It is still anyone's conference. The only teams that don't have a chance are College of Marin and Contra Costa College.

On Tuesday, April 28, Marin College put the Cubs back in first place by defeating the DeAnza Dons, 6-2. The Cubs blanked Solano College, 6-0, and are in first place by one-half game. Now the only two teams in contention for first place are the DeAnza Dons and the SRJC diamondmen.

Match Called In Dispute

Unsporting conduct denied the finish of the Santa Rosa Junior College soccer team's match against Solano JC last Thursday.

Losing, 3-1, the Solano Falcons expressed a conflicting view to that of the referee on an off-side penalty. So, they took their ball and went home, seemingly very unhappy.

The action up to the time the game was interrupted was quick and furious. The Bear Cubs scored first on a pass from John Schick to Nhorberto Tadeo.

The two teams then battled for 15 minutes without a score. Just before the close of the first half, Nabil Noujaim scored on a penalty (or free) shot from the 12-yard mark.

Starting the second half of play, the Cubs held a 2-0 lead over Solano and were to swap scores in the final period. Milo scored for the Bear Cubs on a long drive that proved to be the best play of the game.

The Solano soccer players rallied for their first tally with only 10 minutes to play in the second half. Soon thereafter, tempers flared and the game ended in dispute.

The win marks the second victory in three matches for the JC team this semester.

Coach Jackie Temple and her "Ladies of the Court" are now well into their spring schedule.

Starting out against City College of San Francisco, the girls' tennis team lost a hard-fought battle, 2-3.

They fared no better in two back-to-back battles against the two best tennis high schools in the area, Montgomery and Napa, falling by narrow margins.

The elements have not been kind to the girls' tennis team. Two of their five games have been called on account of rain.

Only four people from the team have been chosen to go to the meet. Karen Seppa and Carol Geiter will be the doubles team. Donna McMullen and Melinda DeSylva will be the first and second singles. Sylvia Young is another member of the team.

There are eight regular members of the girls' tennis team, but about 15 girls come out for practice, mainly just for the fun of playing.

The team's next home match will be against Sonoma State College, May 11. For an afternoon of fast-paced excitement, come on out and see the action.
