THE OAK LEAF

Workers Saluted

A "post-mortem" waiver worker's meeting was held Tuesday, February 25, to honor the people who worked at the waiver tables and to ask for suggestions on how to improve the situation.

Each semester students have a choice of purchasing an Associated Student Body Membership or obtaining a waiver. The purpose of the waiver workers is to be sure people are aware of the benefits of the membership. The workers talk to each student for a minute before giving them the waiver.

We feel that the waiver process is necessary because there is no other time or place where students would have an opportunity to talk to other students about the benefits of belonging to the Associated Students. We look on it as an educational process," said Eugene Canevari, Associated Student Body Advisor.

Mr. Canevari passed out certificates honoring the waiver workers, who gave out 2,700 waivers during the registration process this semester.

"It's a painful job...People just don't listen to you," Gwen Hill, Vice President of ASB, said. "There's a lot of good benefits (to the membership). It supports a lot of good programs."

Bear Cubs leaving tomorrow

Santa Rosa Junior College's state playoff-bound basketball team will leave for Fresno's Selland Arena Wednesday, 10 a.m., from the men's gymnasium area on campus.

The Bear Cubs will meet Cerritos College of Norwalk in the tournament's opening game at 3 p.m. on Thursday. It will be the first time in 10 years an SRJC basketball team has advanced to the state finals.

Compton (28-2), L.A. Harbor (24-5) DeAnza (23-6), Riverside (25-7), Long Beach (21-10), Cosumnes River of Sacramento (20-9) and Cerritos (15-14) and Santa Rosa (22-7) will play for the state junior college title.

The Cubs defeated the Camino Norte Conference All-Stars, 112-95, Sunday at Cal State College and netted \$300 toward the trip to Fresno.

A rooters' bus will leave Santa Rosa Saturday at 3 p.m. for the trip to Fresno should the Cubs make it to the 9 p.m. championship game. Tickets are \$4 for students and \$10 for non-students. There are 38 seats available on the Grayhound-type bus. The bus will load in front of the men's gymnasium area.

Reservations may be made at the Student Activities' Center at SRJC.

Statement of Purpose

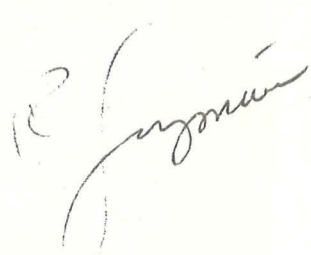

For many years colleges and schools have not been graduating minorities in proportion to the general population, and the minority student who has been successful in education has not been recognized to any sufficient degree. Giving positive public recognition to any student would be fundamentally helpful in ameliorating two problems: one, provide a much needed model for young students in the reinforcement of educational values - and two, help break down the feeling of alienation between minority communities and schools.

We propose to identify and recognize Black, Native-American, Filipino, and Spanish-Surname people this semester who have met one or more of the following criteria.

- Served on school or class committees
- Served as a student body officer
- Contributed significantly to classes or class projects
- Added to the education of other students, vis-a-vis, tutoring, group discussions, etc.
- Performed or contributed to productions (theatre arts, dance, lectures)
- Performed or contributed to varsity or intra-mural sports
- Graduating with A.A. or A.S.
- Completing a certificate program
- Served as aides to counselors, women's re-entry program, administrators, and faculty members

An important aspect of the program is to involve the SRJC staff in the identification and selection processes. (Letter to faculty attached)

In April, we will host a dinner recognizing the candidates.

In oral interpretation, Greg Champion received a gold award for his third straight first-place win, with Charles Cockran taking second place honors.

Other SRJC winners included Steve Wilson for his performance in the after dinner speaking category, and Kim Haylock - a last-minute entrant participating in her first tournament, who was a finalist in informative speaking.

Jack Perella, SRJC speech instructor and coordinator of the tournament, termed it the "most successful" in the seven-year history of the event.

Two SRJC groups entered in readers theatre, lost only one round - to Consumnes River College, the defending national champion.

FROM: BLACK STUDENT'S UNION

SUBJECT: THIRD ANNUAL BLACK CULTURE WEEK

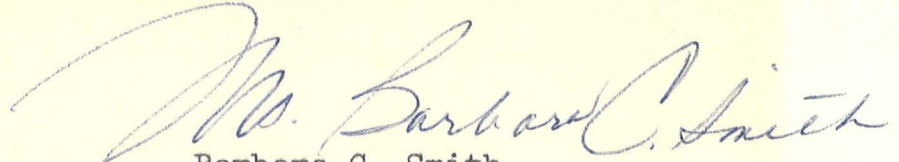

We would like to take this time out to thank the Santa Rosa Junior College Student Assembly for their "time" and "effort" in helping to organize the Third Annual Black Culture Week. We, who have worked hard to make this event happen, feel that it is one of the best things that has ever happened yet at Santa Rosa Junior College.

We realize that there are times when we, as a separate group, cannot get together to work our cobwebs out, however, if there was more cooperation between the Blacks and the Administrators, we wouldn't have to go through so many "trips".

Included with this letter is a schedule of the Open Forums that will take place during Black Culture Week. Also, you will find a schedule of the evening programs.

Thanks once again for your time and patience.

Respectfully yours,

3. Departments with more than 50% reassigned time must designate a separate evening chairperson.
4. Department chairpersons, who continue to qualify for reassigned time will be expected to perform those duties as time permits.

PARKING JUDICIARY BOARD - GUIDELINES

Statement of Purpose

The Parking Judiciary Board was set up for students to appeal citations. This board does not accept as testimony, complaints about the parking situation. The Parking Committee handles any complaints concerning the problems of parking. The Parking Judiciary Board does not judge the legality of the parking regulations, ~~or whether the ticketing officer was - right or wrong in issuing the citation.~~ - However, *whether or not the student was parked legally, and considers any extenuating circumstances.* The Parking Judiciary Board does judge ~~the extenuating circumstances for parking illegally.~~ In order to guide the Parking Judiciary Board in making its' decisions, the following guidelines have been set up:

Guidelines

- I. It is not the responsibility of the college to supply guaranteed parking spaces for all students.
- II. The amount of time a student spends looking for a parking space will not be taken under consideration.
- III. No citation will be appealed when the car is obstructing the natural flow of traffic.
- IV. Physical disablement will be considered as an extenuating circumstance. The student must, however, be parked in a way so as not to obstruct traffic. There are permits available to disabled students.
- V. The Board will make recommendations to the Law Enforcement Office and to the Parking Committee concerning areas of question.

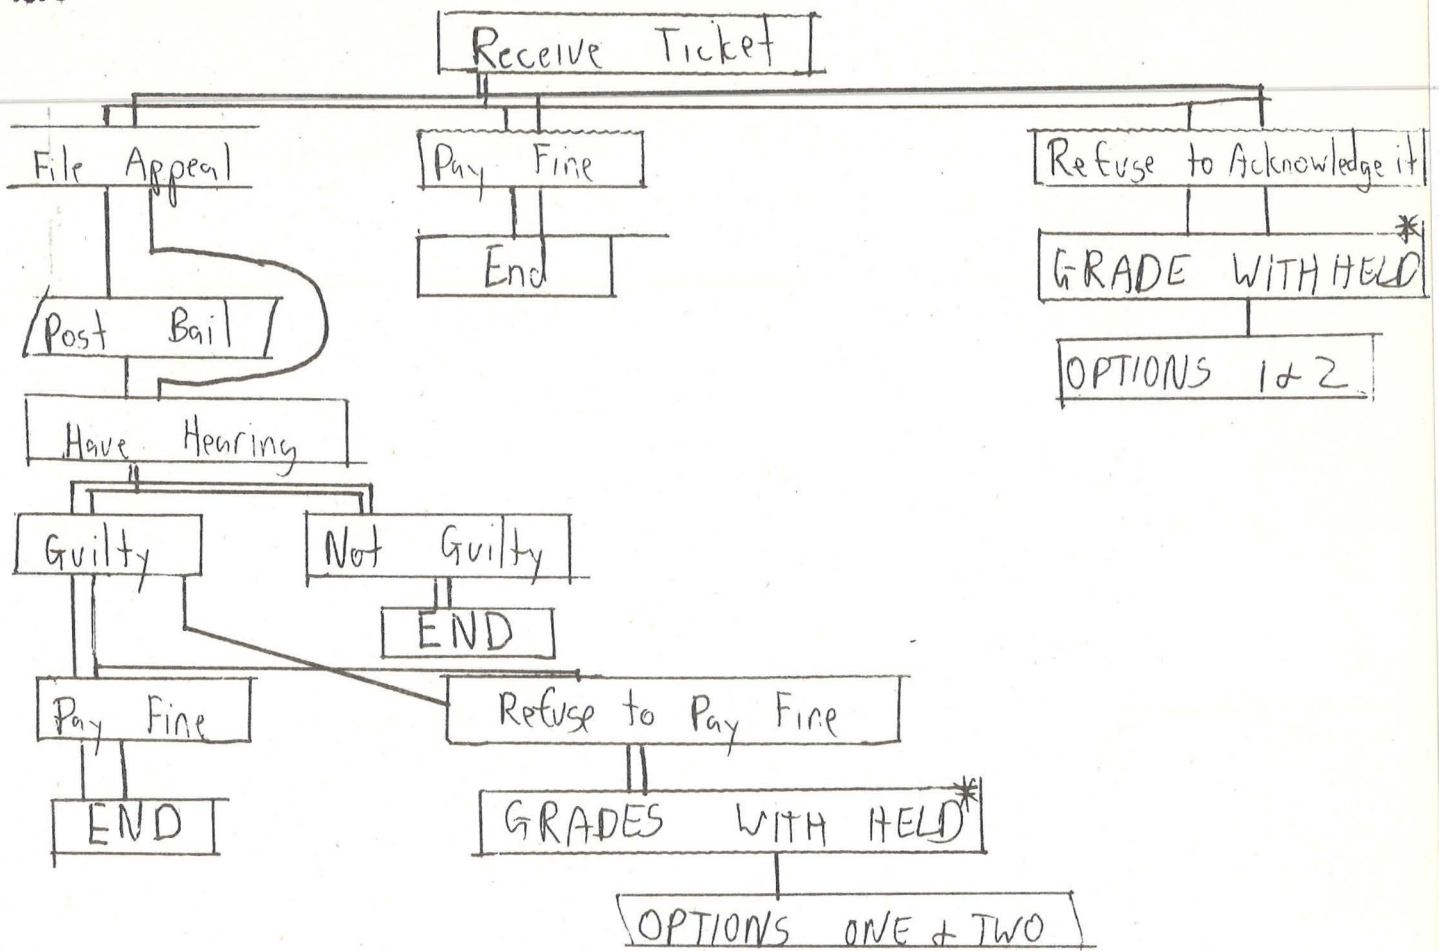

Revised / Adopted - Student Affairs Committee - 11/21/74

THE PARKING JUDICIARY BOARD - STRUCTURE

- I. The Parking Judiciary Board (PJB) will be composed of five students appointed by the Students Affairs Committee.
 - A. The chairman will be appointed by the Student Affairs Committee, who will be responsible for recommending four other students to serve on the PJB with the approval of the Student Affairs Committee.
- II. The student must appear at the Law Enforcement Department within five school days of issuance of the citation (as stated on the citation) to appeal the citation. *Upon request, the student will be issued an appeal form.* ~~He will be required to post a bail before receiving an appeal form.~~
 - A. The student will fill out a Notice of Appeal which will include his name, date of issuance, officer who issued the citation, plus time appeal is filed, reason for appeal, total number of citations pending during current school year, date student is to appear before the Board and the appealee's signature verifying his understanding of the PJB regulations and his promise to appear.
- III. The Board will meet regularly to hear the appeals filed from the previous seven days, or five school days. Generally this meeting time will be Fridays 12 to 1.
 - A. If a student is unable to attend the meeting, he will be able to postpone his case only if he resets the date of his appeal at the Law Enforcement Department before the Board meets. This is a one-time privilege.

- B. If a student fails to appear before the Board on the agreed date, and/or has failed to reset his appeal, his failure to appear will be regarded as an admission of guilt and he will forfeit his bail. In such a case, if the student then appeals to the office of the Dean of Students, the Board would expect the Dean to uphold its decision.
 - C. The Board will pass judgement based on evidence on hand plus the student testimony only.
- IV. The Board will not judge the legality of the parking regulations but only whether or not there were extenuating circumstances to warrant mitigation or dismissal of the citation issued.
- A. A set of guidelines that the PJB will follow will be worked out between the PJB, the Law Enforcement Department, and the Dean's Office with the approval of the Student Affairs Committee.
 - B. The PJB will have the power of mitigating the fine in cases where extenuating circumstances exist but do not warrant complete dismissal.
 - C. If at any time a Justice of the PJB feels the Board has abused its' power, said Justice will have the power to appeal the decision of the PJB to the Dean of Students.
- V. The Board will have the power to void any ticket appealed to them on the basis of a majority vote.

At semester's end, the employer and student will discuss the progress made in attaining the objectives and independently rate the progress (below). From this rating plus seminar discussions, individual conferences, term assignments and on-the-job evaluation, the instructor/coordinator will determine whether or not the student is to receive credit for the work experience.

Nancy Steele SRJC finalist

Santa Rosa Junior College sophomore Nancy Steele will be among finalists competing for top prizes of \$2,000 next week in Bank of America's Community College Awards program.

She is one of 10 finalists in social sciences and humanities.

SRJC'S ANNUAL BLOOD drive (You may remember last year's pictures of Dracula with the caption, "Other People Need Blood Too") is being led this year by a band of associated student loonies known as Robbin' Good and his Bloody Band. They give away tickets good for "one free bleed" on Friday.

FIREFIGHTERS do look after their own: Most of the \$1500-plus that has been collected for the benefit of Don McGee has come from his fellow firemen. The young Rincon Valley volunteer, wounded in that senseless downtown shootout last month, is still unconscious and most critical in Memorial.

I'M GOING TO HAVE to start reading the week's TV log ahead of time if I'm going to be of service to you. It's really too late to tell you that "Storm Center," the Bette Davis movie filmed here and beloved by those who remember the old library fondly, was on last night.

And it's also too late to call attention to the last episode of "Streets of San Francisco" in which the "Sheriff of Santa Rosa" comes off as a hillbilly reminiscent of the sheriff on the "Dodge Boys" commercials and Santa Rosa appears as the absolute essence of a hick town.

Don't say "Well!" It hurts me.

JC Speech Team 9th

The SRJC Forensics Team continued to place high in competition this weekend, April 19th and 20th, as they placed 9th overall in the National Junior College Speech Tournament.

There were 72 community colleges entered in the Nationals, which was won by Moorepark with a point total of 120. SRJC finished with a total of 72 points.

Mark Stegeman, who won a silver medal for Debate at the California State Championships, improved his performance enough to win a gold medal at the Nationals.

The team's other gold medalist was Steve Wilson. Steve won his in Informative Speaking, with a speech (and demonstration) on juggling.

Mr. Stegeman also won a silver medal, along with Kim Haylock and Phil Cowan.

Members of the Forensics Team that contributed to the cause with bronze medals were Jeri Cochran, David Wesner, Debbie Layne, Lou Bates, Charlie Cochran and Greg Champion.

CSA Bans Smoking in Bears' Den Again

The College Student Assembly voted last Monday to adopt a no-smoking policy in the Bear's Den. The policy as approved would prohibit smoking between 1 a.m. and 5 p.m.

"We're just creating a non-smoking area for day students," said Finance Commissioner Jeri Cochran.

Also at Monday's meeting it was decided to be more strict about dismissing Assembly members for lack of attend-

ance. Six members were dismissed for too many absences. Five members were reinstated on appeal. The sixth member, who was not present, will have a week to appeal his dismissal.

Vice President Gwen Hill made an appeal for students to attend the Bicentennial Committee meetings, and to submit their ideas. Choosing a candidate for the Minority Recognition Banquet was also discussed.

JC Student Interest In Election Grows

Interest in the College Students Assembly elections seems to be escalating on the SRJC campus.

In the Fall '74 semester only five students, combined, ran for the offices of President, Executive Vice President, and Vice President, and Vice President.

This semester there are 13 students running for these same three offices, as of Tuesday, April 29.

Five of these students are running for the office of President, with four students competing in both the Executive V.P., and the V.P. elections.

Three of the candidates for President are Michael K. Bard, Stephen Michael Platt, and Michael Underwood.

Mike Bard, public relations major, has served the last two semesters as Freshman Representative.

Mr. Bard feels that his qualifications for President are enhanced by the fact that he is "not one to be intimidated by

anyone or any group of people, either students or faculty."

Stephen Platt is a liberal arts major, who plans to "stress the need for student unity, to become a major political force in the community."

Michael Underwood is currently Publicity Commissioner of the C.S.A., who feels he has the experience needed to make the office worthwhile.

Two of the candidates for the office of Executive Vice President are William Terrance Lindley, and Mark Wilson Stegeman.

William Lindley, an agribusiness major, is interested in improving the Student Government.

Mark Stegeman, Sophomore Representative, feels that his experience with the executive council of the C.S.A. makes him a strong candidate for the office of Executive V.P.

Students who wish to become candidates for any student government office, must have a petition returned to the Students Associated Office by May 7.

JC Employee 'Forced' To Sign Loyalty Oath

James Hill, SRJC student and COIL employee, told the College Student Assembly Monday he was forced "under duress" to sign a loyalty oath after entering the college work study program.

As with a number of federally funded campus jobs, COIL tutors must swear allegiance to the U.S. and state constitutions.

Although Hill did submit to the written oath, he later objected to the wording of the document on a moral basis, calling it "ambiguous and hypocritical."

Hill requested the help of CSA in bucking the system, first by supporting college employees financially who lost their jobs after protesting the oath, and then by pursuing the matter on a state level.

CSA agreed to research the matter with Hill by way of an ad-hoc committee.

RAG PAPER

The Student Activities Office may start its own news tabloid sheet, with Kurt Schweitzer, housing secretary acting as editor, according to a discussion by the CSA.

Schweitzer plans to include classified ads, student opinions, and housing information in his first issue, scheduled to come out within the next two weeks.

Board sidesteps rock band issue

Sonoma County Supervisors yesterday twice sidestepped the touchy issue of rock concerts in public buildings.

In one case, the five man board refused to intercede in a county fair board's refusal to permit a benefit rock concert in the main pavillion of the fairgrounds.

And in a related case, they asked for more data on a proposal by Santa Rosa High School students to use the Veterans Memorial Building for a concert.

Santa Rosan Doug McCallum appealed to supervisors to overrule the fair board's rejection of his proposed concert, which he said was a benefit to aid softball teams in the city. It would involve 2,000 people and free beer.

He said the fair board recently allowed a rock concert as part of the recent auto show at the fairgrounds. The performers were the same as he intended to present.

"I don't think it is proper for us to take any action on

this," said Supervisor Ignazio Vella. "It is the fair board's prerogative."

"Each time we've had a convocation such as this, there has been a certain amount of damage done," Vella said.

Although the fair board operates the fairgrounds, it is appointed by supervisors.

But the board was more sympathetic to the high schoolers request for the Vets memorial building. They asked for detailed information on the security arrangements and other safety precautions.

Supervisors Charles Hinkle, William Johnson and William Kortum indicated some support of the high school concert.

Building manager Gregory Smith, in a letter to the board, recommended several conditions: at least two fire fighters on duty; police protection as determined by the police department; a \$100,000 liability insurance bond; no smoking in the main hall, and no alcoholic beverages.

To Associated Students:

I have known Michael Stewart for the past few years as a friend and student. I can tell you he is an intensely serious and creative filmmaker. He has won awards and attracted favorable recognition for his films. He is also in a financial bind.

The making of quality films is quite expensive and takes a great deal of his time and money. Any financial help you can give him in the way of a grant, I'm sure, would be put to good use.

It is my understanding, the college would receive a copy of the film now in process. This film would be available to share with other students. It sounds like an excellent bargain as a film of this caliber would otherwise be quite expensive.

To the Associated Students
Santa Rosa Junior College

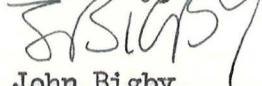

I understand that Michael Stewart will be asking CSA for financial assistance in purchasing a 16mm print of his most recent film. He has asked me to send along to you my evaluation of his work and my reaction to the appropriateness of his request; I am delighted to do so.

The question of financial allocations is, of course, one for CSA to determine and not a matter on which I am qualified to offer advice. I can, however, comment with some authority on the quality and seriousness of Michael Stewart's work. He is an independent filmmaker of national reputation and, as I said in originally supporting the Film Grant from SRJC Associated Students under which he began the film in question, our College is fortunate to have his work -- which has been and will continue to be exhibited in festivals around the country -- identified with it -- as Stewart is fortunate to be identified with the College and to enjoy the support he has already received from the Associated Students.

Filmmaking is an expensive undertaking. When a film artist has demonstrated his creative ability as Michael Stewart has, he is, I think, worthy of whatever support an organization such as yours can provide. Furthermore, the film in question was initially made possible, in part, through your Film Grant program; it would be a credit to the program and an encouragement to other student filmmakers to have available a professional, 16mm print of a film such as Stewart's .

If I can provide any additional information, please feel free to call upon me. And on behalf of the many film students whose work has been encouraged by your financial assistance , please accept my sincere appreciation. Time and again, a former student returns, usually from a four-year school, to tell me that his transfer school has nothing to compare with the climate for filmmaking he found at SRJC. We can all take pride in this fact.

Sincerely,

John Bigby

Circle K Club award winner

The Circle K Club at Santa Rosa Junior College received the Single Service Award at a recent southern California gathering of Circle K organizations from the California-Nevada-Hawaii district.

The award was presented to the local branch of the organization, sponsored by the Santa Rosa Kiwanis Club, for the financial assistance the group provided the Multiple Sclerosis Society with a fund-raising dance marathon March 14-16 at the college.

The event raised \$2,225.46, all of which was turned over to the charity to aid in multiple sclerosis research. Seven and a half couples completed the 48-hour marathon in the Tauzer gymnasium with sponsors paying so much per couple per hour of dancing.

Two SRJC couples, the first and second place winners in the marathon, are scheduled to enter the National Dance Marathon, beginning May 9 in Pasadena. They are winners Jill Packard and Craig Sykes, with the second place couple being Steve Reid and Heidi Henderson. Their expenses to southern California will be paid by the northern California Chapter

of the Multiple Sclerosis Society.

The Single Service Award was accepted at the Anaheim meeting by Sandra Waterson, president of the local coeducational organization. Co-chairman of the dance marathon project at SRJC was Jamie Romero. Eugene Canevari, student activities director at SRJC, and his assistant David Herrington, helped the Circle K with the dance marathon.

UCSB demonstration broken up

SANTA BARBARA (UPI)—Fifteen helmeted and club-wielding campus police officers broke into the computer center at the University of California, Santa Barbara today, ending a three-hour take over by about 20 students.

Santa Barbara Police Chief A.W. Trembly said 20 persons inside the building surrendered peacefully shortly after midnight and were arrested. Five persons who had been outside the building also surrendered, he said.

All were booked on charges of trespassing.

Katie Jacobson, a reporter for the Santa Barbara News and Review who was in the building covering the protest, reportedly was among those arrested.

Officers dispersed about 300 persons who had gathered in front of the \$14 million computer center, which had been

the scene of a student take over six years ago.

Using bolt cutters, the campus police broke the locks and entered the building around 12:30 PDT.

A meeting was scheduled today to discuss the protestors' demands which included the forced retirement of Chancellor Vernon Cheadle.

The protestors, who called themselves "Students for Collective Action," entered the computer center at 9:30 p.m. PDT and told everyone in the building to "get out,

we're taking over."

There was no violence and no damage was done to the computer.

Among the group's demands was a request that funds be reinstituted to the Black Studies Department, which was established after a similar takeover of the building six years ago.

MOIRA PLOWMAN

Scholarship to mother

Moira Plowman, the mother of three teenagers and an Administration of Justice major at Santa Rosa Junior College, has been awarded the ninth Montgomery Village Lions Club Scholarship of \$600, given annually to a graduating student at the college.

Mrs. Plowman will continue her education in the fall at California State College, Sonoma, where she plans to major in sociology. Active in student affairs at SRJC, she has served as Women's Activities Commissioner, is active in the Women's Center program and is currently Corresponding Secretary for the Associated Students.

The award to Mrs. Plowman this year marks a total of \$5400 which has been given by the Village Lions in scholarships at SRJC since 1967. Funds for the program are raised by a pancake breakfast, held early each year at the Veterans Memorial building in Santa Rosa.

FINAL REPORT
on
THE OFFICE OF STUDENT ACTIVITIES

prepared for

THE ACREDITATION SUB-COMMITTEE ON STUDENT PERSONNEL SERVICES

May 2, 1975

I. Description

Any evaluation of "Student Activities" is inevitably intertwined with "Student Government." Assuming that "Student Activities" refers to all extra-curricular, organized activities, the two terms at Santa Rosa Junior College are practically synonymous since virtually all such activities are at least partially funded by, or administered by the Associated Students of Santa Rosa Junior College. For purposes of the report, "Student Activities" are those which the "Student Activities Advisor" is charged with advising. Functionally, this resolves itself as the concerns of student government.

1

The Associated Students represents the members of the general student body who chose to buy the voluntary student body cards. In this capacity they a) maintain a broad spectrum of both "traditional" and "social involvement" programs, b) co-ordinate and develop campus events of general student interest, c) act, on behalf of the students, in an advisory capacity to the administration. The position of Student Activities Advisor is a part of the Office of Student Personnel, and is technically advisory to the elected student President and the elected College Student Assembly.

II. Activity Since Last Accreditation Report

Since the last accreditation, a student-initiated movement publicized the fact that student cards, by law, could not be advertised as "required." The essential result was to go from a "mandatory" to "voluntary" membership.³ The resultant decline in income initiated a reappraisal of the activities program and increased efforts to make membership valuable. There has been a shift towards "social involvement" programs, although traditional activities remain strong. Card holders can get legal advice, low

1

All interviewees agree the current Constitution (Exhibit 1) accurately describes the structure of Student Government.

2

At registration all day students must either buy a card or obtain a "waiver." All that is required to obtain a waiver is that the student have the advantages of joining the Associated Students explained to him. The process takes about 3-5 minutes and the student is at liberty to request the waiver afterwards. About 2/3's of the 6,000 day students are members. About 500 vote at each semester's election. For past records see Exhibits 6 and 10. Club activity is so nominal (Exhibits 7 and 11) that it has not been considered in this evaluation. The Student Activities Office does not appear in any way at fault for this lack of activity. Ample advice and support is provided.

3

This was initiated by the "December Coalition for Action" elected for the Spring of 1973.

cost health insurance, and a reduction in parking fees, among other services. Student government was also instrumental in establishing a day-care center, building a bicycle parking lot, and having library hours extended. Overall, this enforced reappraisal has been valuable and has made student government highly responsive to its constituents and potential market.

Recommendations from previous accreditation team

- (a) IT WAS RECOMMENDED THAT THE COLLEGE COMPLETE AS RAPIDLY AS POSSIBLE THE PLANS FOR THE REMODELING OF PIONEER HALL. THIS WOULD PROVIDE FOR A STUDENT LOUNGE, RECREATION ROOMS, STUDENT GOVERNMENT OFFICES, ETC., FULFILLING TO A CERTAIN EXTENT THE SUGGESTION OF THE PREVIOUS TEAM FOR EXPANDED RECREATIONAL FACILITIES.

Action Taken

The remodeled structure is now in use and has proven both efficient and attractive. However, it in no way meets the recommendation for additional recreational space mentioned in the last two accreditation reports. In fact, since the last report, the small student lounge was turned over to office uses, and there is no student lounge.

- (b) IT WAS RECOMMENDED THAT AN ADDITIONAL STAFF MEMBER BE OBTAINED FOR THE STUDENT ACTIVITIES OFFICE WHO MIGHT WELL BE GIVEN THE RESPONSIBILITIES OF THE CLUB STRUCTURE. THIS MIGHT VERY WELL BE A WOMAN.

Action Taken

The position of Assistant to the Director of Student Activities was created and is now held by Mr. David Herrington, a former student body President. Pursuant to the recommendation, a woman was originally hired, but she had to leave for personal reasons part way through the first year. The then current affirmative action program gave priority to those already on staff who could qualify for promotion to an open position. Mr. Herrington qualified. Some of the tasks assigned (i.e., crowd control at ball games and dances, having to make large late-night cash deposits after games) made it difficult to find a qualified woman. Thus there remains no woman in either the advisor or assistant advisor positions. To some extent, this need may have been mitigated by the creation of a Women's Co-Ordinator outside of student government.

- (c) IT WAS RECOMMENDED THAT THE ASSISTANCE OF THE ATHLETIC DEPARTMENT BE SOUGHT TO TAKE THE LEADERSHIP ROLE IN DEVELOPING AND CONDUCTING THE INTRA-MURAL PROGRAM.

Action Taken

This has been done.

III. Evaluation

As described in Part I, Student Activities functions may be divided into two areas: 1) the administration of programs ("a" and "b" of Part I) and 2) representation of student opinion to the administration ("c" of Part I).

From a student opinion survey⁴ the Student Activities Office provides programs which most students favor. This is accentuated by the fact that many programs which are partially student supported are probably not viewed by the audience as "Student Activities" (i.e., Mid-Day Series). Most students also believe that the Student Government effectively represents their views to the administration.⁵ This is further supported by the fact that all interviewees⁶ agree that the administration considers Student Government the recognized vehicle for expression of student opinion and takes its proposals seriously if sufficient exploratory research has been done.

The Student Activities Office has been a motivating force behind the creation of: The Women's Center, The Child Care Center, rebates on student parking fees, expansion of library hours, and free student legal aid, to name only a few projects.

The representatives of Student Activities deserve special commendation for their courteous and effective manner in dealing with students. Over 90% of respondents felt they had been well treated.⁷

A comparative analysis of student sponsored events⁸ and budgetary outlay⁹ reveals several things. First, overall student government income has declined since the adoption of voluntary student body cards. This is especially true if inflation is taken into account. Secondly, since athletic activity has increased phenomenally¹⁰ while new programs were being added in other areas it is obvious that the District has quietly increased its financial responsibility for athletics. With this one exception (and a couple of unusual years for student grants) spending patterns have remained remarkably stable, regardless of the current student administration. In other words, program continuity as well as innovation have been nicely balanced, despite a semesterly turnover of administrations.¹¹

⁹see Exhibit 12

¹⁰see Exhibit 9

¹¹all interviewees agree the advantages of semesterly elections outweigh the disadvantages

- (b) To all those dealing directly with students for what was overwhelmingly perceived (by survey respondents)¹⁶ to be fair and courteous treatment.

VII. * Personal Note

Of the many student and campus agencies approached the most open and helpful, by far, was the Student Activities Advisor. Mr. Canevari was generous with his time and had, over the years, carefully collected data to make an evaluation possible. Interviews, formal and informal, with the students who work with him evidence a high regard for his performance in a difficult position.

SANTA ROSA JUNIOR COLLEGE

SANTA ROSA, CALIFORNIA

Phone: (707) 542-0315

TO: CAMPUS COMMUNITY

FROM: STUDENT AFFAIRS COMMITTEE

During the past school year, the Student Affairs Committee, in conjunction with the Food Service Department, has been researching the steps involved in organizing a program intended to up-date and remodel the Santa Rosa Junior College food service facility.

A list of dining areas that would be logical targets for refurbishing was constructed. Secondly, Mannings Director of Marketing, Hank Meyer, and Architectural Consultant, Del Leach, were brought in to give their professional opinions on the scope of this project. They visited our present facility on May 2, 1975, to estimate the initial cost involved in obtaining drawings and pictures, suggesting a new decor. Hank Leach agreed to submit a letter indicating the cost of drawing, etc., by May 5, 1975. The drawings, on approval of price, will be submitted by May 19, 1975.

It is at this point in our information gathering that we feel the need for help in the form of further input from students, student groups, faculty, staff and administrators.

PROPOSED STAGES OF PROJECT FOR DOYLE STUDENT CENTER

A. Main Cafeteria

- 1) Establish a permanent, enclosed structure that functions as a scramble system service area including a beverage island salad bar and cashier stand. (see sample drawing on display in Student Activities Office)

B. Dining Area - Main Cafeteria

- 1) Redecorate by installing new tables, room dividers, carpets, and wall decor. Lighting and acoustics should be considered.
- 2) Establish a recreation area in the southwest section between pillars and windows. Suggestions may include carpets, mismatched furniture and pool tables.

C. Faculty Dining Room

- 1) Redecorate with carpets, drapes and plants. Consider a new food program such as the Great American Faire, i.e., self-service salads, soup, chili, gourmet sandwiches.
- 2) Clean-up and establish maintenance schedule for faculty patio area.

D. Patio Area

- 1) Establish two patio dining areas
 - a. South patio between restrooms and the old bookstore.
 - b. West patio in front of Coop.

Responses may be submitted to: Mr. Nazarian, Mr. Canevari or Mr. Broyles.

Suggestions may also be placed in the "Hot Box" suggestion box in the Coop.

SUMMARY OF STUDENT OPINION SURVEY

A student opinion survey was sent out to 400 students selected at random from SRJC students. One hundred and eleven valid answers were received. While a list of day students only was requested, the one furnished included night students as well. This distorts the results in a manner unfavorable to the Associated Students.

DEAR FRIENDS:

I WOULD LIKE THIS LETTER TO BE A PERSONAL INVITATION TO JOIN ME, STEPHEN "MICHAEL" PLATT, IN THE ATTEMPT TO BRING VITAL STUDENT GOVERNMENT TO SRJC...

AS PRESIDENT OF YOUR ASB, I COULD AID THIS PROCESS BY BRINGING IN TO STUDENT GOVERNMENT THOSE OF YOU WHO EITHER HAVE NOT BEEN INTERESTED IN THE PAST OR HAVE BEEN DISENFRANCHISED FOR ANY REASONS. SPECIFICALLY, I CAN DO THIS WHEN I APPOINT COMMISSIONERS; WE CAN ALSO TRY TO BRING IN TO STUDENT GOVERNMENT ALL STUDENTS AND NOT JUST THOSE OF US WHO ARE FORTUNATE ENOUGH OR WILLING TO PAY THE FEE...ALTERNATIVES DO EXIST!

I BELIEVE THAT SRJC CAN BECOME MORE THAN JUST A PLACE TO GET AN EDUCATION: AN ACTIVE STUDENT GOVERNMENT CAN AND SHOULD BECOME A POLITICAL FORCE IN THE BROADER COMMUNITY WE ARE ALL A PART OF. SPECIFICALLY, WE AS STUDENTS, CAN MONITOR EVERYTHING FROM COMMUNITY POLITICAL ACTION AND ELECTIONS TO ENVIRONMENTAL AND OTHER SOCIAL POLICIES; THIS CAN BE DONE BY ESTABLISHING NEW COMMISSIONERS AND COMMITTEES. NOT ONLY CAN WE MONITOR THESE THINGS BUT WE CAN PROVIDE EDUCATIONAL AND ADVOCACY ROLES(FOR EXAMPLE, COMMUNITY "TEACH-INS").

ALL OF THIS DOES NOT MEAN WE SHOULD FORGET OUR OBLIGATIONS TO SRJC AND EDUCATION; IN THESE AREAS WE SHOULD SEEK MORE ACTIVE STUDENT CURRICULUM PLANNING AND MORE WORK WITH THE FACULTY. WE NEED TO WORK MORE WITH TEACHERS RATHER THAN DUPLICATING THEIR EFFORTS; SIMILARLY, TEACHERS HAVE OFTEN EXPRESSED INTEREST IN WORKING ON STUDENT PROJECTS...LET'S WORK TOGETHER!

I SEEK YOUR SUGGESTIONS AND HELP. I BELIEVE THAT CHANGE AND NEW APPROACHES CAN BE POSITIVE AND REALISTIC; IT IS POSITIVE FOR MORE OF US TO GET INVOLVED AND IT IS REALISTIC TO ACCEPT OUR ROLES IN THE LARGER COMMUNITY; WE ARE NOT JUST "COMMUNITY COLLEGE STUDENTS".

THANK YOU FOR YOUR ATTENTION.

STEPHEN "MICHAEL" PLATT

UCSB demonstration broken up

SANTA BARBARA (UPI)—Fifteen helmeted and club-wielding campus police officers broke into the computer center at the University of California, Santa Barbara today, ending a three-hour take over by about 20 students.

Santa Barbara Police Chief A.W. Trembly said 20 persons inside the building surrendered peacefully shortly after midnight and were arrested. Five persons who had been outside the building also surrendered, he said.

All were booked on charges of trespassing.

Katie Jacobson, a reporter for the Santa Barbara News and Review who was in the building covering the protest, reportedly was among those arrested.

Officers dispersed about 300 persons who had gathered in front of the \$14 million computer center, which had been

the scene of a student take over six years ago.

Using bolt cutters, the campus police broke the locks and entered the building around 12:30 PDT.

A meeting was scheduled today to discuss the protesters' demands which included the forced retirement of Chancellor Vernon Cheadle.

The protestors, who called themselves "Students for Collective Action," entered the computer center at 9:30 p.m. PDT and told everyone in the building to "get out,

we're taking over."

There was no violence and no damage was done to the computer.

Among the group's demands was a request that funds be reinstituted to the Black Studies Department, which was established after a similar takeover of the building six years ago.

Dear Gene and the Executive Council:

The Concert Choir and Chamber Singers will be going on their annual tour to bay area schools the days of May 22 and 21. Money for the tour was requested for the district last year, but after the usual budget cuts, the amount left for food for each student was significantly lowered from the actual cost. The choirs were wondering if there were any student body funds available for suppliment the food money appropriation.

We are taking seventy-six students for two days; that is six meals the students will need to purchase. They are being given nine dollars each by the college which amounts to only \$1.50 per meal, hardly adequate for an evening meal. We would like to ask supplementary funds of \$4.00 per student or \$300 total so that each would have approximately \$13 for the six meals.

As you know we admit students free to our concerts so this cuts down on the amount of funds we gain over our operating expense for local programs. We feel the role of the choirs and other such groups is important to the total campus program in so far as extending the name of the college outside of Santa Rosa. This is our first request for funds from the student government.

Thank you for any assistance you can give.

Sincerely,

Curtis Sprenger, Instructor

Dr. Mikalson,

We are currently in the process of selecting Cheerleaders and Song-leaders for next year. We have altered the Election Code of the Associated Students so that cheerleaders and songleaders may be selected by a committee appointed by the President of the Associated Students instead of in a general election.

We have sent information to the seventeen high schools in our feeder area inviting any of their senior boys or girls who are planning on attending SRJC in the Fall to attend our workshop. The workshop will be held on campus in the men's and women's gyms from 9:00 a.m. until 1:00 p.m. on Saturday, May 10. The potential cheerleaders and songleaders will learn a standard routine and will be asked to make up a routine. They will present these routines at a selection meeting. We will have two selection meetings so that we can accommodate those who are busy on the original date of Friday, May 16. The alternate date will be Wednesday, May 14. We will have the selection by a committee of thirteen. The committee will be comprised of students and staff involved in student government or the athletic program. The selection will be done by a point system (see attached). If you would like to stop by at any of these times, please feel free to do so. We would be happy to see you.

Sincerely,

We are asking that each of you give what you can, whether it be 25¢ or \$1.00 or more. Please give the money to Gayle no later than this Friday or put it in her box in an envelope. Thank you for your help.

From the dean of students at predominantly black Prairie View A & M U. (Texas), testifying before a state committee investigating alleged repression at the school:

"You have to base your rules on your clientele. I am of the firm belief that you have to have some kind of discipline. ...[in reply to a question about the school's dress and grooming guidelines] We take the viewpoint at Prairie View that where our students are going, on certain occasions they will be required to dress a certain way, speak in a certain way. We are trying to prepare them for that.

"Our reaction is that we will not have coed living accommodations...It is unacceptable to the majority of students and unacceptable to their parents... The administration takes the view that for our environment and achieving academic excellence, coed living is unacceptable."

Ad Idea

"Multiple Choice," a new advertising vehicle for reaching the college student market made its debut last fall. The full-color, 12-page brochure was inserted in 86 student newspapers with a combined circulation of 275,000.

Mark Brenner, the publisher, says most of the schools reached were selected because they were not located near a major city. Students at these schools, Brenner theorizes, are more receptive to the advertising insert because of the limited access to a variety of products in their geographical area.

The insert appears only in weekly or semi-weekly college newspapers. Brenner says these papers "receive more enthusiasm and attraction than a paper that is printed every day. A weekly newspaper also adds to the life of the inserted catalog."

The brochure includes direct-response postcard advertising for a variety of products ranging from stereo equipment to cigarette rolling papers.

An expanded 24-page issue is being planned for distribution in fall, 1975. Advertising rates begin at \$2400 for a single card. Also offered is a special section with rates set on a per-inquiry basis.

On-Campus Capsule Courses

- * A U. of Wisconsin administration proposal to cut tuition in half was the subject of much discussion in academic circles. The Governor of Wisconsin, however, called the plan "completely unrealistic" and "a pie in the sky." Last week he said that some UW campuses may have to close to save money and asked the administration to make recommendations on how the cuts should be made.
- * The Second Annual National Invitational Trivia Tournament will be held at the U. of Illinois, February 28 and March 1. The defending champion trivia team hails from the U. of Kentucky.
- * The U. of Texas has accepted a \$50,000 donation to build a statue of the Longhorn mascot. The university reportedly attempted unsuccessfully to convince the donor that there were other more important uses for the money on campus.
- * In what is believed to be a national first, an undergraduate was elected to the head of the student-faculty-administration Senate at the U. of Maryland-Eastern Shore.
- * A group of journalism students from the U. of California-Berkeley has charged NBC News with presenting a "Totally false image of Berkeley, its students and the whole issue of marijuana use" in a segment filmed there. The students charge that many opinions were solicited but only those negative to marijuana were used on the air. They also say the network showed a "Marijuana Skid Row" and wrongly represented the persons filmed there as being students.
- * Somebody pushed the wrong button and the heating system in the dorms at Northwestern U. ran wild over Christmas vacation. Students returned to find laminated table tops peeling, records warped, candles melted and other damage.
- * In October, 1974, 921,000 veterans were studying at the college level, up 15% from October, 1973.
- * Three Northern Illinois U. students, one a city alderman and two student government officers, were arrested and charged with possession of marijuana. Some students there are complaining that the three were singled out for selective enforcement of the law because they were active in organizing a marijuana decriminalization petition.

Rose Parade revisited: Does it occur to you that five years from now there won't be a serious marching band left in the parade? It's the Marching Male Chauvinist Pig Band ("Now number 46 in the top 25 and climbing fast!") and the hard-hatted Humboldt Lumberjacks (How do you twirl a double-bitted axe. Vary carefully!) and the Picayune Times Star Bulletin Vigilante Marching Band and Drinking Society that are the crowd pleasers in this iconoclastic brave new world we live in.

The Picayune group was particularly well-received although they caused some puzzlement.

"Where's Picayune? Is that in California?" asked one observer, prompting the smart answer that it was up near Ophir Prison and probably not far from Ennui — in eastern Oregon. Actually the Picayune Times Star Bulletin Vigilantes are from Santa Rosa Junior College but so thoroughly disguised that no one seemed to realize it. I heard one parade-goer comment that it was a shame that the junior college doesn't enter any more. Maybe there is such a thing as being too obscure.

Parade horses, too, may be a vanishing parade attraction. There don't seem to be any young people coming along in the silver trappings and Scheherazade garb. I wonder how many Rose parades this one made for Bob Offut. It seems to me I can remember him prancing past the judges back when they used to have an evening parade on the opening night of the fair.

You can't help but love those parade horses. They look so darn pleased with themselves that you just have to smile back at them.

Vet elected SRJC student body head

Clarence Hagins, a seventeen year veteran of the air force, was elected president of the Associated Students this week in a runoff election at Santa Rosa Junior College.

Hagins defeated Mike Underwood.

Ten per cent of the student body membership voted.

Three other candidates were eliminated in an earlier round of voting.

Hagins promises an "open door" administration, "keeping in touch with all elements of the student body."

He also listed "Making the constitution work" as one of his major aims, while at the same time trying to fulfill his campaign promises. He also asked for the support of all students for his administration, which will take office with the be-

Elected in the run-off as vice president was Ken Johnson, a Sonoma High school graduate majoring in Agriculture, who defeated Gwen Hill. Mark Stegman defeated Beth Blanke for the executive vice president

spot.

Elected in an earlier round of voting were Katherine DePrima, recording secretary; and Larry Gruver, corresponding secretary.

A series of constitutional amendments were also approved.

Gourmet Gallops Again

by Rosemary Renfrew

When time is of the essence....
and you have to cook a meal,
Please don't lose your senses....
or make it a big deal.
Your hubby's late, what else is new....
the kids are here and there
Relax, and take some time for you....
then make that meal with care.
When everything is done, at last,
you'll find you still have time for class!

HAMBURGER BOATS

6 sandwich size French rolls
1½ pounds ground beef
¼ cup onion, chopped
garlic salt to taste
salt and pepper to taste
1 — 16 oz. can peeled tomatoes
1 tsp. oregano
1 pkg. sliced mozzarella cheese

Brown ground beef and onions. Flavor with garlic salt, salt and pepper while cooking and stirring. Slice rolls lengthwise and hollow out some of the dough in the center. (Put the extra dough in a plastic bag and put in the freezer for further uses.) Butter the hollowed out rolls and heap with the beef mixture. Chop the tomatoes into small pieces and spoon over filled rolls. Sprinkle lightly with

oregano and top with generous slice of cheese. Bake on a cookie sheet at 350 degrees for 15 minutes.

LEFTOVERS ORIENTAL

2 Tbsps. butter
1 cup white rice
1 medium onion, chopped
1 small can mushrooms,
drained and chopped
1 to 2 cups leftover meat, cut into cubes
1 can chicken broth
or beef broth if using beef
¼ cup soy sauce

Brown rice in butter and add onion, sauteing until transparent. Add mushrooms and meat and stir well, browning slightly. Add broth and soy sauce, cover and simmer on low for 15 minutes. Remove lid and turn up heat and stir until browned and dry. Serve this with a fresh spinach salad and egg rolls (purchased frozen).

Once classes have been completed students can hopefully find the time to grade themselves as gourmet cooks as well as eaters. Despite the heat the kitchen can beckon.

Paper Boats Sink; Experiment Succeeds

Does the press influence people, or does it merely inform them?

To obtain their own answer to this question, several members of the *Night Owl* staff decided to "create" a fad and to do everything they could to make people believe in its existence. Then they would see if they had so influenced people that the fad would continue without the support of the press. It could be called a "scientific sociological experiment."

Thus was launched the "SRJC Evening College Paper Boat Regatta"—and like the *Titanic*, it sank shortly after. The May issue of the *Night Owl* was emblazoned with blurbs advertising the Regatta. It also contained an article about the fad which was subsequently reprinted in the *News-Herald*. Paper boat races in the fountain in front of Bailey Hall were planned for the week of May 12-15 at 6:30 each evening.

Monday evening of that week arrived. It was cold and cloudy, with hardly a wind to ripple the waters of the fountain. By 6:45, four members of the *Night Owl* staff stood listlessly wondering what happened to the crowd they had half-expected. They decided to hold the races anyway; but it was soon apparent that nobody there even knew how to make a paper boat.

However, at last somebody tucked a paper into what resembled a lop-sided soldier's hat. The boat was gleefully launched.

And it immediately sank.

On Tuesday night the "crowd" had diminished, and by Thursday not even the staff members could be encouraged to go anywhere near the fountain.

Thus the Regatta failed; but the "experiment" succeeded.

Our Team

by Beverley Babbini

Congratulations to the Santa Rosa Junior College Wheelers on completion of a successful basketball season. Friday night, May 16, marked the end of their competitive year, and they did it in style.

Sonoma County Board of Supervisors Vella, Hinkle, Kortum, and many Sonoma County governmental department heads met their match and fell to defeat: 40-14. Supervisor Johnson, in a show of loyalty, stuck with the Wheelers and aided in their rout. "A good politician always gets on the winning team," he said.

The *Night Owl* extends its support to the Wheelers. We feel the team should be our night school athletic representative. We hope you agree, and will join us in supporting the Wheelers in the forthcoming fall season.

traceptions, has been affirmed in 47 states. In mid-1972, one-third or 18 of the states, including California, affirmed that minors under 18 years of age may consent for their own contraceptive or VD services without parental consent.

However, there are some doctors who will not serve minors without parental consent. Their anxiety stems from the old "common law rule" that minors are not competent to consent for their own medical services. Also, doctors are afraid of damage suits. However, at this writing, there has been no damage suit in the U.S.A. against any doctor who has served any teenager with beneficial medical services.

So, whether you're a day or night student, SRJC can fill your need if you're looking for family planning services.

Though not open on campus during the summer session, until the fall any student may attend any of the other locations. These are at: Unitarian Church on Stony Pt. and Todd Rds., the Veterans Building in Sebastopol, Church of God of Prophecy in Petaluma, St. Paul's Annex in Healdsburg, the Veterans Building in Sonoma, Congregational Church in Cloverdale.

For appointments to any of the clinics in the outreach areas and the campus, call Sonoma County People for Economic Opportunity at 544-6911.

Some sweaters have a tendency to shrink. The sweater specialty learned in Gertrude Isenhart's knitting class can be lengthened several times to accommodate a growing child. Simply rip out the ribbing on sleeves and body. Then knit to desired length and refinish the ribbing.

"This sweater, unlike most others, is started at the collar," Isenhart explains. "The same pattern can be used for a newborn babe or a large man. The only factor influencing the size of the sweater is the number of stitches in the neckband.

"With raglan sleeves, it can be made into a slip-on or coat sweater. The pattern is very simple with only a seed stitch border, but lends itself to a series of cables and other intricate designs."

For sixteen years Isenhart has taught knitting at SRJC. This may be the oldest, still active, non-credit course on campus; in any case, it has the record for continuous instruction by the same person.

In 1958, SRJC had a flourishing course in crocheting. Isenhart sold Dr. Eugene Portugal, who was Evening dean at the time, the need to supplement it with a knitting class.

Isenhart teaches the Northern European style of pick knitting. She urges the beginning knitter to use light-colored yarns, because it is easier to detect and correct errors when not using dark colors. Rather than discourage a beginner by having her rip out two or three inches of work, the instructor will make the correction for the student.

Learning is done on a simple slipper pattern, but the student soon progresses to a sweater. Isenhart supplies many patterns. The student, however, may bring in any others, and the two work it through together.

So at one of the tables filled with bright color or variegated yarns, students will be knitting slippers, socks, baby booties, shawls, afghans, caps or dresses. Isenhart herself nearly always wears knitted dresses to class.

When asked about men students, Isenhart laughed. "Only four young men

Twenty percent of the adult community is functionally illiterate. "The open door policy of the JC is an empty offer if we don't have programs for these people," says Elizabeth Avakian, instructor in the Learning Skills Development Program.

"We're not trying to bring these people up to the Junior College level, which is really an empty term; we're trying to help them survive in the world," adds Avakian. "We have found that everyone has learning disorders, and they can all benefit from our program, but because of funding we have to be concerned with the people who need us the most."

"If the high schools improve miraculously," adds Charles Miller, English instructor, "our program won't be needed in another thirty-five years, but until then we are working on more funding, so that we can expand our program.

"Our program differs from COIL in that our tutoring is on a regularly scheduled one-to-one basis. Tutors in the

program have at least five training experiences available to them."

About half of the students in the program are solely enrolled at the skills center, some of them carrying up to twelve units. These people are referred by local high schools and community agencies. Others are referred by friends in the program or their teachers if they seem to be having problems in their classes.

"We are at our limit now, but anyone interested in either tutoring, or being tutored, in the fall can come in for an interview. You have to enroll in the day school to be in the program, but tutoring is available at night. That is when we do most of our tutoring," adds Avakian.

Currently the program employs a corps of 38 tutors. For most of the tutoring they rely on 27 non-SRJC students, some of whom are upper division students at California State College, Sonoma. Sixteen hold bachelors degrees, five have teaching credentials, and two have masters degrees. Almost all of them have had experience working with students who have learning disabilities.

for 20 years. During his career he has held all the various ratings offered at SRJC. In addition he holds a teacher rating from the FAA and the State of California.

A typical busman's holiday for Denny and Pat is a flight in the sea plane, which they own and lease to Nation Air for flight instructions. "We have taken it to Lake Berryessa, the Petaluma River, Clear Lake and the Delta," he recalls. "Since it converts to a double bed, it makes a great camper. The only problem is when you land. All the boats in the area want to come over and take a look at you."

ever had the courage to enroll for the class, and only one stuck it out through the entire semester," she says.

There is no particular age when one learns to knit. "Age has nothing to do with it. I have students as young as eighteen and others well up into their sixties. Knitting is a common denominator that makes age groups merge quite easily."

Most classes start out with the maximum 40 students. By the end of the term class attendance is usually over 50 percent. Of the students who complete the semester, about one third return again and again.

"Knitting is the most versatile form of stitchery," Isenhart concludes. "Tatting is slow and very limited in use. Crocheting, though it lends itself readily to clothing design, deals only with one loop at a time. Knitting, however, often deals with more than 500 stitches at a time. And the end product can be as intricate as the finest lace or as heavy as bulky blizzard wear."

He draws a large crowd at Clear Lake when he lands at Lakeport. "We just drive up the ramp and onto the lawn at the Skylark Motel. The sea plane is convenient," he laughs.

Ryan also finds relaxation with the family aboard their 34-foot sloop, "De Panama Tishkama." To the trained eye it's easy to see the boat is named for Denny, Pat, Matthew, Nancy, Tim, Kate, Shannon and Maureen. Any further additions to the Ryan family and he will be looking for a bigger boat.

lifetime, but eventually....The tragedy of life is that you can't teach....Everyone must learn for himself....Although it's our duty to pass on what we know, it doesn't seem to do any good to give it on a silver platter....Each one must teach himself....I, for one, know less now than I did years ago," he says modestly.

Gaining more knowledge and experience, Spencer and his wife, Grace, packed everything in a trailer and headed west 17 years ago. As he tells it, they reached the Pacific Ocean and he said to Grace, "We can't go any farther."

Today they live in a 64-foot trailer, replete with a grand piano and a playroom. After teaching piano for 15 years at Dominican College in San Raphael and 14 years at SRJC, Harold Spencer finds himself "weary, exhausted from the insufferable patience one must have to teach piano." But his many students seem to agree that SRJC finds itself very fortunate to have such a man on the faculty.

Waldo Pepper, take note. They're more sophisticated today. The thrill of flight is still there, but the methods have changed.

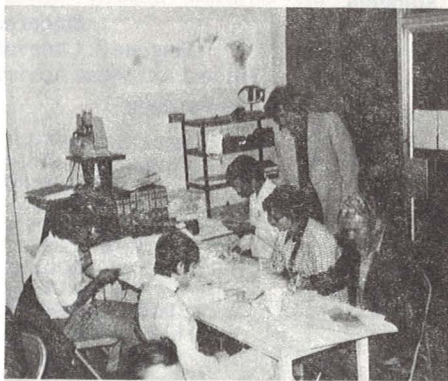

To the old barnstormer, being a pilot meant flying by the seat of your pants. Not today. By the time you and your "bird" first break ground on that solo flight, a lot of time and effort have been expended on your behalf. Hopefully you will remember how to read the navigation maps and use proper radio procedure when contacting the control towers.

The ground school portion of your aviation program is available at Santa Rosa Junior College. Both day and night school courses have been designed to assist you in obtaining a private, commercial, instrument or multi-engine pilot's rating. A recent addition to the instruction program makes it possible to acquire a sea plane rating, also.

Since 1965 the aviation department at SRJC has been directed by Denny Ryan. "At that time there were approximately 20 students taking aviation courses," he states. "Next semester we will offer 48 units, and we anticipate 350 students will be in the program."

Ryan will teach 18 of these units. The program will expand to 7 instructors, 4 of whom will be full time. Courses will be held in Petaluma, Sonoma and at the SRJC campus. Celestial navigation and airplane mechanics will be offered, in addition to the regular curriculum.

"Class instruction includes lab courses and flight simulators, as well as textbook knowledge," Ryan said. "Our programs are designed to support private flight schools rather than compete with them. Though class attrition is high, those students who complete some SRJC courses can look forward to passing the FAA test as their final examination."

Ryan checks class progress

Ryan further stated similar instruction is available from private ground schools. "Their program is parallel to ours. It differs in the number of students enrolled for a particular course and the individual's immediate rating requirements," he explained.

Ryan is married and lives in Rohnert Park with his wife, Pat, and their 6 children. Flying has been his way of life. Please turn to page 10

In Self Defense

It's late. You've stayed after class to ask your instructor some questions. You start back to your car realizing you've parked clear on the other side of campus.

It's later than you thought and the campus is dark and lonely. To the right a flash catches your attention, but it's only the custodian turning out the light in the room he's just finished cleaning.

It seems to have gotten darker, quieter; the light evening mist adds to the dimness. Your footsteps get louder. It's easy to hear a second pair behind you as fearful thoughts flash through your mind. You stop and look back—nothing but darkness; but the anxiety, at least, is real as you wonder, "what if?"

...Have you ever been in a situation that you weren't sure you could handle? Well, one answer to assure a positive feeling is a course available every Thursday evening from 7 p.m. - 9 p.m. It's called Karate, listed in the catalogue as PE 741C.

Its instructor is Frank Scalercio who is assisted by Jerry Stine and Manual Gonsalus. The three teach limited contact or full contact Karate and have other classes besides the one on campus.

Scalercio says there are four basics to the art of Karate which he teaches during the semester. He lists these as follows, and what they deal with:

Organic body functions - the physical development of the body.

Interpretative development - necessary action.

Neuro-muscular coordination.

Emotional development - self image.

Forty-four men and women are currently enrolled. This spring has been the first semester Karate has been given at night school, according to Scalercio, who says he is looking forward to future semesters. He's already entered some of his SRJC students into competition, and spoke of his teaching experience in this field, which began in 1954.

Scalercio feels, "Train the mind first and the body will follow the mind." This motto is one which night students may choose to investigate.

Anyone who wants self confidence and physical health at the same time is urged to look into the possibilities and potential Karate can offer.

The author of the following poem is neither a member of Journalism 701 nor on the staff of The Night Owl. However, as one of the editors of Midnight Ink, the anthology published by Writer's Workshop, English 790, Evening College student Linda Kane submitted her "recipe" to fellow word manipulators on campus who may have a cupboard full of similar ingredients.

This effort is not in the book put out by the no credit Evening College class, although other of Kane's work does appear. A mixture of prose, poetry, fiction and non-fiction, much of which is illustrated, the class effort is available by calling 525-1737 or inquiring at the Evening College office. The price is \$2.00 for this non-profit, entirely class produced publication.

We held a Regatta and nobody came. Trying to find out "the power of the press" we sponsored the first Semi-Anti-Annual Sail Boat Regatta (please see related article, page 9), and so we decided it was time to find out how many of the 12,000 evening students had seen one of our 2,000 copies. The results of our somewhat humbling survey are on page 8.

Since summer is coming up and the "living is easy," I would like to suggest that all students who now find themselves with a free evening should buy tickets to this season of the Summer Repertory Theatre. By purchasing season tickets, with special discounts, you have the opportunity to expose yourself to facets of the theatre you may not be aware of.

In any case you owe it to yourself to take in at least one performance, and support the program. The schedule has been balanced to appeal to the tastes of everyone from classics enthusiasts to devotees of rock musicals. For more information on the season, please see the article on page 1.

And now it's time to say our "thank you's" again. First of all I would like to thank the Evening College administration for continuing and increasing support

through the semester. I would also like to thank the staff of the *News-Herald*, David Bolling, John Brill, Michael Funke, Nadenia Newkirk and Rich Mellott for taking the time to come and speak to our journalism class.

I would also like to thank Hugh Taylor, owner of KPLS, for conducting us on a personally guided tour of his radio station, and speaking to us about the unique facets of broadcast journalism.

As you can see by this, our third issue of *The Night Owl*, we have not yet slipped into any sort of traditions, and so we would like to encourage anyone who is interested in becoming involved in this ever-changing publication to contact us through the Evening College offices or simply enroll next fall.

At the risk of being too personal, we, nevertheless want to express real appreciation to Aileen, Ann, Lou, Bev, the Dean's staff, John, Ray and our families for putting up with us and helping us meet our deadlines.

We survived the tense times, enjoyed the great fun times, and certainly learned by doing. To all of us involved, this has all happened in the true spirit of a community college.

And in the beginning was the Redwood Highway, and the traffic came into the city and zigged and zagged its way around the courthouse and up the residential area past the high school. And after the Great Conflict, lo and behold, there came wise men from the East, who said unto themselves, "Let us even now relieve the citizens in their distress. Let us remove this burden several miles west of here, to a place called Stony Point, where exists already a thoroughfare, and land is not dear in price."

And when the chief elders of the city heard of this plan, they became exceeding wrath, and rent their garments, and travelled a long journey to the great Eastern city to plead with the wise men not to locate the great highway so far away, lest their commerce be lessened.

And the wise men hearkened to their plea, and located the new thoroughfare down through the commerce area, rending it, and the city, in twain. And so was built the infamous Steele Lane overpass, and the government buildings beside it.

With two offramps, two onramps, Steele Lane, Armory Drive, Commercial Avenue, Cleveland Avenue, Guerneville Highway, five restaurants, the Forestry Dept., the County building complex, a gas station, the new Community Recreation Center, the Junior College, and small businesses all competing for space, this

exchange takes its place among the alltime snafus of the State Highway Department, amid such formidable competition as the San Jose crossings of 17 and 101, the turnoff from Martinez to Concord on 680, the Napa conjunction of 12 and 37, and the whole city of Vallejo.

If you're going to have a baby, a broken leg, or a heart attack, don't do it in Coddington. The ambulance might be able to get to you, but making it back to the hospital—all on the other side—well, lots of luck!

Letters to the Editor

Dear Editor:

I was interested in the story in your last issue re the Pyranees Pooches.

My son Paul's paper route includes several offices of the Junior College. On Sunday mornings my husband, Charlie, usually rides along with Paul. Last Sunday morning they decided to take Prince, our elderly Labrador, with them. The sun was barely up when they arrived at the Junior College. Prince, who lives a sheltered existence penned in our backyard, was enjoying himself running back and forth investigating every nook, cranny, tree and fireplug on the campus and smelling all the lovely smells.

Trotting around the corner of the museum he suddenly came face to face with one of the Pyranees Pooches. Prince stopped short and stiffened, the hair bristling on the back of his neck. His tail straightened behind him as he muttered a low growl. The strange dog didn't respond so Prince edged closer to investigate. Apparently realizing then that the Pooch was not what he seemed, Prince raised his leg in salute and trotted on to help deliver Paul's papers.

Sincerely,
Mary L. Head

Dear Editor:

Please accept this brief note as our congratulations on your new Evening College newspaper, *The Night Owl*. I think that this publication can fill a very legitimate need for evening college students.

I also would like to thank you for your article on SRJC Associated Students' membership.

I would like to correct one inaccuracy. Membership in the SRJC Associated Students has always been available to those evening college students who request the opportunity to join the Associated Students. As a matter of fact, we have a number of evening college students who are currently members.

Thank you again for the coverage and we look forward to the possibilities of providing new services to evening college students.

Sincerely
Eugene S. Canevari

Dear Merchant:

Presently more than 140 Sonoma County merchants are participating in the Santa Rosa Junior College Associated Students Discount Program. This is a program which offers members of the Associated Students discounts at various merchants.

This program has stimulated considerable interest and enthusiasm among the students of SRJC. Many students make a special effort to patronize merchants who are in the program.

Not only is this program beneficial to students, it also gives a considerable amount of publicity to the merchant through campus resources. Advertisements are published daily in the Bear Facts, a campus facts sheet, and weekly in the Oak Leaf, the campus newspaper. The Associated Students also publish and distribute 5,000 copies of a discount booklet each semester. This booklet lists participating merchants, their address and the amount of the discount offered.

It is my hope that this program would continue to grow. If you would like to participate in the program, please fill out the enclosed card and return it.
