# Associated Students Santa Rosa Junior College

Dear New SRJC Students,

Congratulations! In choosing Santa Rosa Junior College, we think that you've made an excellent decision.

When you go through registration in August, you'll be asked to pay \$9.50 to join the SRJC Associated Students. We'd like to tell you where this money goes and how ASB membership will benefit you.

The ASB has a budget of over 72,000 dollars which goes to support many of the activities on campus. They range from Athletics to the Women's Center, from programs for the handicapped to Ethnic programs, from the Day Care Center to the student newspaper, the Oak Leaf. In all, there are about 40 activities supported in whole or part through the ASB.

Members receive benefits which can easily bring back the membership cost. The first benefit which you can take advantage of, and one of the biggest, is a five dollar discount on your parking permit. Normally, it's seven dollars but ASB members can park for just two dollars.

ASB members receive free admission to all home football and basketball games (in accordance with ticket issuance procedures). Sunday Night Movies, and SRJC Theatre Arts productions which needs to be picked up ahead of time. They receive free or reduced admission to any ASB sponsored dances, concerts, or other activity.

The ASB Discount Program includes 5 to 40% discounts at almost 200 merchants. The insurance policy covers members while at school or any school sponsored activity or while walking to school.

Associated Student Body membership is required for participation in Inter-Collegiate Athletics and to vote for or hold office in the College Student Assembly, the student government.

All in all, the \$9.50 will be one of the best investments you will make during your time at SRJC. If you have any question, give us a call or stop in at the Student Activities Office. Our motto is "We're here to help!"

Looking forward to seeing you

Jim DeManche  
ASB President, Fall 1977

1501 Mendocino Avenue, Santa Rosa, CA 95401

Dear Coach:

The MELBOURNE basketball team of Victoria, Australia, champions of Victoria for 1976-77, is planning a trip to the United States during the period of November 15 - December 15, 1977 to play a series of games.

Athletic Enterprises has been asked to assist them in the development of their schedule and handling arrangements for the trip. If you would be interested in playing the MELBOURNE team, we would appreciate hearing from you at your earliest convenience.

Their financial needs are a guarantee of \$750 per game or \$375 per game plus meals and lodging for 15 people. If arrangements can be made for meals and lodging in your dormitories and food service centers, this would be satisfactory.

For your information, scheduling of the MELBOURNE team ~~will not count~~ in the 26 games limited by NCAA.

The MELBOURNE team has the following dates available on their schedule:

November 21-28-29-30  
December 1-2-3-4-5

*Dec. 6 at home*

During the period of June 7-18, we will be in Michigan at the following address: General Delivery Telephone: 616-796-8883  
Big Rapids, Michigan  
49307

We will be back in Florida June 25.

Here is an excellent opportunity to add variety to your 1977-78 schedule as a special exhibition international contest. Some teams use this type of international attraction as a fund raiser for their program.

May we hear from you soon?

Sincerely,

*Sam Ketchman*

TO: Executive Cabinet

FROM: David Herrington

SUBJECT: Request for funds for Spirit Team

First of all, thank you for having the faith in us to approve the appointment of the spirit team as we suggested.

In my opinion, I think it would benefit us directly to appropriate the money out of this years funds to send the team to a camp. I also believe that the team needs some seed money for their own money making projects. Therefore, In the name of the Spirit Team, I hereby request money for the following purposes:

Cheerleading camp, 5 members @ \$65.00 each	\$325.00
Transportation to camp and seed money for money raising projects	75.00
	<hr/>
Total	\$400.00

Note: This is only a partial request. Mr. Canevari and I may be asking for additional funding in accounts payable at a later date.

Dean of Instruction  
Santa Rosa Junior College

Dear Mr. Tauzer:

Several questions have come to my attention in regards to the scheduling of final exams. Mainly, the content of these questions deal with why classes scheduled on Monday, Wednesday, and Friday, have final exams that are scheduled on Tuesdays and Thursdays?

Students have expressed to me that with this present system, it becomes necessary for them to take time off from their jobs due to the change in class days. *Agree*

Thank you for your consideration in this matter.

With Kind Regards,

## Staff News

Santa Rosa Junior College

June 17, 1977

**COLLEGE COUNCIL MEMBERS SELECTED** The twelve positions on the new SRJC College Council have been filled and the

Council will begin meeting twice monthly starting in September, according to Brook Tauzer, new Vice President of Academic Affairs and secretary to the Council.

Named to the new policy recommending body are: faculty representatives, Dean Frazer, Lois Mazzucchi Claudia Turner-Busching, and Courtenay Anderson (serving as President of the Academic Senate); administrative representatives, Duane Blackwill, Jack Healy, Gene Canevari, and Brook Tauzer; classified representatives, Marie Francescutti and Annette Nelligan; and student representatives, Jim DeManche and Santiago Tarantino.

The Superintendent/President serves as an ex-officio non-voting member of the Council and as a resource person to the Council.

All office holders will be elected to two-year terms with the exception of the students who hold one-year terms and the Vice President of Academic Affairs and President of the Academic Senate who are permanent members.

Faculty representatives were selected by the Academic Senate and administrative appointments were made by the Administrative Association. CSEA selected the classified members, while the Associated Students' Executive Cabinet named the student members.

Chairperson for the Council will be elected by the membership for a one-year term and except for the first chairperson, must have served on the Council for one year prior to serving as chairperson.

The College Council was established by the Board of Trustees as part of the District's reorganization. Except for the Board and the Superintendent/President, the Council is the highest policy recommending body at SRJC. In addition to policy formation, the Council will coordinate and give direction to all

committee actions on the campus.

All campus committees will become subcommittees of the Council. The Council is charged with reviewing the structure of all college committees and establishing the scope and function of all committees.

The Academic Senate, Student Government, and other such bodies are not part of the committee system, and the Council is charged with routing policy changes to them, the President's Cabinet and classified employees prior to taking final action.

**CURRICULUM & INSTRUCTIONAL CHANGE CHAIRPERSONS** The Curriculum Committee

and Instructional Committee will each have a new chairperson next September as a result of reorganization, according to Vice President of Academic Affairs, Brook Tauzer.

Jack Healy, Dean of Adult and Continuing Education will chair the Curriculum Committee and Ernie Martinez, Assistant Dean of Liberal Arts and Special Education, will chair the Instructional Committee.

**DIRECTOR OF DATA PROCESSING NAMED** Robert J. Schooling, Jr., currently an instructor in computer science at California State University, Sacramento (CSUS) has been hired as the new SRJC Director of Data Processing.

Schooling, who will arrive sometime in August, has an extensive background in application of computers to college uses. Before becoming an instructor in 1976, he was the Associate Director of the Computer Center at CSUS for eight years.

He has direct experience in the development and application of computer assisted registration, personnel applications, property accounting, and student records. Besides instructing in the Computer Science program, he developed and coordinates

continued on back page. . .

the Data Processing Applications specialty within the CSUS Computer Science major. He has also presented numerous papers on computer applications in education.

Prior to joining CSUS, he worked as senior analyst for the Washington State Government and served nine years in the US Air Force in the Data Processing field.

Schooling earned a Masters of Business Administration from CSUS (1975), a Bachelor of Science degree from Arizona State University (1962) in Business Administration, and an Associate of Arts degree from Shasta Junior College, Redding (1959).

QUANDT SHOWS SRJC Art instructor, Elizabeth Quandt, is currently showing her print series, "Homage to Boudin" in the California Society of Printmakers 1977 show at the Richmond Art Center in Richmond.

The Show, which runs until June 19, is titled, "Prints in Series," and is part of the Society's effort to bring original prints to the public and further the understanding of printmaking today.

ENERGY SAVINGS Natural gas consumption at SRJC dropped 37% during the month of April over 1976, according to John Thomson, Superintendent of Buildings and Grounds.

The Swim Center, which uses natural gas to heat the swimming pools, showed a reduction of 42% over last year.

"These large savings have been the result of the resetting of thermostats, lowering of pool temperature, and nightly use of the pool cover," explained Thomson. "But the most important is an awareness by the entire campus community of our country's energy shortage."

Electrical consumption is continuing at a lower level which was achieved a year ago. Further reductions in electrical consumption will depend on the individuals awareness of the light switch and its use at every opportunity, says Thomson.

PART-TIMERS Superior Court Judge Joseph P. Murphy, Jr. has denied a petition by SRJC part-time instructors requesting that they be

classified regular or contract employees.

In handing down the opinion, the Judge stated, "Section 13337.5 when read together with Section 13346, manifests a legislative intention that certificated instructors employed for not more than 60% of a full-time assignment. . . are classified as temporary employees."

Therefore, explained Murphy, "the Board of Trustees is under no duty to classify the individuals as regular or contract employees."

The part-time employees represented by California Teachers Association indicated they would appeal the decision.

ACCOUNT CODES Staff members will soon be receiving a packet describing the new account coding system for 1977-78 purchase orders, according to Dick Hollingshead, SRJC Business Assistant and head of purchasing.

The new coding system called the Program Accounting Code System (PACS) will go into effect for fiscal year 1977-78 as a requirement of the new computer financial system recently installed in the Business Services Office. The new system will identify expenditures by location, function, program/project, budget activity and object of expenditure.

"It is not nearly as important to code your own purchase orders as it is that you supply us with the necessary information for us to code them," Hollingshead explained. "Such information as SRJC campus, Los Guilucos, day credit, non-credit, special funding, etc., is needed."

Please refer to this new account coding on all future purchase orders so we in turn can give you better service by expediting your purchases."

TIME SHEETS Monday, June 20, at 10:00 am is the deadline set for two time sheets for the month of June, according to Director of Financial Aids, Reg Elgin.

Those signing time sheets are reminded that one of the time sheets should reflect hours worked from May 20, 1977 thru June 19, 1977, and the other should list the project hours from June 20, 1977 thru June 30, 1977.

Insider is published for the Santa Rosa Junior College Faculty and Staff every Monday by the Public Information Office. Articles are invited and should be submitted one week before publication to the Public Information Office in Bailey Hall .... (527-4266)

## Back-to-School Back-to-School

### JC maintenance crews work on improvements

Though the improvements may go virtually unnoticed, students, faculty and staff returning to Santa Rosa Junior College next month will find themselves in a safer and more comfortable atmosphere in which to work and study.

Maintenance workers have been involved in projects during the summer, when the campus population is at a low. According to SRJC Buildings and Grounds Superintendent John Thomson, the improvements will be accomplished with a relatively low budget, expending only a portion of the year's \$56,000 allotment.

Some of the major projects, as outlined by Thomson, include almost com-

plete revision of air conditioning and heating control systems in Pioneer Hall (including re-routing of ducting to prevent exhaust gases from vehicles at the loading dock from entering the fresh air inlet); major ventilation system revisions in Bech Hall; recaulking (rainproofing) of 50 per cent of the metal portion of the roof of Plover Library; and spray sealing the roofs of Tauzer Gym, Analy Hall, and Doyle Center, a job that can only be accomplished when campus population is low.

Thomson also explained there are many minor projects that occur year round, such as shelf and cabinet construction, painting and rewiring.

## DeManche president of SRJC students

Heading Santa Rosa Junior College Student Government this Fall will be James DeManche, an Administration of Justice major. DeManche was elected president in a run-off election conducted when no candidate in the regular election gained a clear majority.

Born in White Plains, N.Y., DeManche has been at SRJC four semesters and is 20 years old. His educational plans include graduation from SRJC and a Masters in either Administration of Justice or Business Administration, to be followed by a career in Administration of Justice or some other field of Public Administration.

When asked about goals for student government for the fall, DeManche responded, "I'd like to review current policies and procedures of student government and to effect changes to better meet student needs when necessary. We'd also explore the possibility of expanding student government awareness by creating more student representative positions on

the College Student Assembly. I can't see how 10 representatives can possibly be aware of the individual or group needs of over 4,000 students."

DeManche has also stressed the importance of

communication and openness in student government, including a suggestion of bi-weekly press conferences with the campus publications Oak Leaf and Night Owl and with outside news media to create a sense of unity and availability of people concerned in student government.

"The most important issue here is student involvement... student participation. Committee positions have been made available and students just don't want to join. In a very real sense, it is important not to jam student government down students' throats."

-The Press Democrat, Santa Rosa, Calif., Tuesday, August 22, 1977

**JAMES DEMANCHE**, an administration of justice major, is president of Santa Rosa Junior College's student government for the fall semester. DeManche, 20, was elected in a run-off. He plans to complete SRJC and pursue a masters either in administration of justice or business administration. As the new student body president, he stresses the importance of communication and openness in student government.

Student Body President,

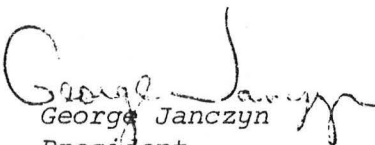

Last Fall, we sponsored a Motivation Conference at which 75 students from twenty-one colleges participated in an exciting three day adventure.

The purpose of the conference was to give newly-elected student government persons an opportunity to informally share their experiences and learn how others have resolved particular problems. The event turned out to be ideal for those having little or no experience in student organizations.

This year, we plan again to sponsor a Motivation Conference. The projected dates are October 13, 14 and 15. The place will be the La Jolla Village Inn. Workshops on various topics will be conducted three at a time, but some will be held more than once so that you have an opportunity to cover more areas. See the agenda for more details. Also attached is a brochure describing the beautiful setting.

There is no registration fee- all you pay for is your room and board- and transportation of course.

Dear Student Activities Advisor:

Recently a letter came from me and our Student Body President to you regarding the plans Grossmont College is now making for the Fall Motivation Conference to be held in San Diego on October 6, 7, and 8. Frankly, we were very pleased at the numbers of you who responded.

We did not hear from everybody because, of course, some of you are not on a 12-month contract (you are smart!) and probably have not seen the letter yet.

Concurrent with this letter, the planning committee for the 4th Annual Motivation Conference is mailing a detailed letter to your Student Body President covering dates, location, charges, workshop topics and time frames. I think you will find this letter very interesting and we hope that you will try to plan to attend. I think our students appreciate our efforts, as advisors, to help them reach beyond the immediate campus/community environment to intermingle with other colleges and students. From where we operate, this is a much easier thing for us to do than for them to generate these vital contacts. For this reason, I think you will be doing your students a service if you encourage them to attend this conference, and of course, if you should come, too!

If your Student Body President does not get the "package" letter from my Student Body President in the next few days, please call me collect or write, and I will see that these materials are sent to your office.

If you decide to come to San Diego, please RSVP as soon as you can so that we can work closely with the hotel. The proposed site is the La Jolla Inn in San Diego area adjacent to the freeways and the attractions of a world famous tourist center; 12 minutes from downtown, the parks, shows, etc.

Our Student Body elections, like yours perhaps, will occur in early September. As you know, in the Community College business there is a tremendous turnover of students, and for that reason, I do have some concerns that we might not have sufficient discussion leaders for all of the topics to be presented at the Motivation Conference. A complete list of the topics is attached.

If you have a student with an interest and ability to communicate, centering around one of these topic areas, would you please call collect or mail that person's name so that the planning committee can work with them. We'd like to call upon them for assistance in conducting a short session on such topics as they have expressed interest.

I do look forward to hearing from you and seeing you in San Diego. We need firm room reservations by September so please reply soon to our student "package" letter.

## Continuing Saga Of Parking Place

You can always tell former SRJC students by the way that they park. They are the ones who can sell a parking space on the far side of Coddington in the middle of the Christmas rush. The cars at Santa Rosa Junior College have taught them skills not found in any classroom. They learn experience, but you are now offered an opportunity to learn by reading this publication. There will be times (like when you are late for a mid-term) when you will consider your parking skills usually or more important than your study skills.

Every student who parks on campus has to purchase a parking sticker. It normally costs seven dollars, but by joining the Associated Students, you can get a sticker for only two bucks. We don't commend trying to park without a sticker because you will get ticketed and after a few tickets, you can pick your car up at Swift's Garage where towed vehicles are taken.

**PARKING PROBLEM?:** Why is there a parking problem? Obviously, because at certain times, there are more people trying to park than there are spaces. Although the college is making an effort to find more room for parking, recent construction has eliminated quite a few spaces. If they were to provide enough spaces for everyone on campus, the lot would run from Bailey Hall to the Mendocino Overpass. Another alternative would be to eliminate classroom buildings. Some students have advocated selling only as many permits as there are spaces, on a first-come, first-served basis. This would be fine for the lucky few, but would be a waste because no one goes to school all day and persons with different schedules can use the same parking space with no conflict.

**PEAK HOURS AND SEMESTER SWELLING:** Almost everyone wants to go to school only on Monday, Wednesday, and Friday mornings (but not too early!). This means that it is hardest to get a place for your car on MWF from about ten to noon. Nine and one can also be a problem. The first three weeks of the semester are the hardest until students drop some classes and start skipping others. This makes the parking situation easier for those of us who do go to classes. The last two weeks of the semester will also see an increase in traffic as everyone tries to prepare for finals in classes which they have never attended.

**PARKING STRATEGY & TACTICS:** Knowing that you have a ten o'clock class, you should try to arrive at least a half hour early. This will let you take a quick tour of all parking lots and maybe find an empty space.

When you make up your schedule, consider an eight o'clock class. No one likes to wake up early, but it is easier and less frustrating than trying to park an hour later.

The Bech lot faces Mendocino Avenue and is the most visible of the parking lots. Therefore, the first parker bypasses it and checks the back lots first. Not only are they less crowded (until the new students finally find them), but depending on your class location, they might be more convenient (especially Bech lot for science classes). Also, don't forget the temporary lots right off of Armory Drive. The walk is longer, but.....

While you're looking at the back lots, keep the far rows in mind too. While the blind optimists circle around the first two rows waiting for a space to open, those in the know sail right into a space in the back corner and can sit in the Coop drinking coffee while those too lazy to walk a little further keep burning gas.

Although your day is just beginning, some students finish early. When classes let out, watch for people walking toward their cars. Some are just changing books, but some are ready to surrender to the elusive asphalt.

If all else fails and absolutely no space exists on campus, there is some legal parking on streets near the campus. Nearby businesses frown on students using their lots during classes and some will tow! Also be considerate of our neighbors and don't block their driveways, park on the curbs, etc.

Isn't it be nice to zoom right into a parking space at anytime on anyday? And you know, it just might be possible if we all Car Pooled. Not only would it be easier to park but we could save on expenses. Just in case you're interested in a Car Pooling Program there is a ride board located in the Student Activities Office, Pioneer Hall, or just check around.

**TICKETING AND TOWING:** Ticketing and towing are a phenomenon that occur when cars are parked illegally, so be sure to read your parking rules which you receive with your sticker. Otherwise, you might find your car ticketed or maybe even towed away. If you happen to be the unlucky recipient of a ticket which you feel was unjustly given, the solution is to appeal it. SRJC has an appeals board made up of students but you must file an appeals form at the Campus Police Office no later than five days after you get the ticket.

**5 MORE RULES:** Finally, remember two more rules which will help you in parking on campus. First, stay patient. A space will open up sooner or later and probably before your class starts. Second, "Courtesy is contagious" or "An accident in Elliot Lot will make you later than looking for a space in Bech Lot". Good Luck. Now Ready...Set...Go!

Dear Patron:

Thanks to you any many other Community Agencies and Individuals. Our May 21, 1977, Martin Luther King Festival was a booming success. We fed over 1,500 people. Many others came to participate in the games, entertainment, and other events that were offered for their enjoyment.

There were many things that we were able to accomplish with the aid of other community businesses, and individuals. One of these accomplishments of which we are very proud to report is the raising of over \$500.00 for the MLK Scholarship Fund. We shall award the Scholarships to some deserving students in the coming year.

We have already begun to plan our next MLK Festival for May 20, 1978, at Rotary Park in Santa Rosa. We are now requesting to please be put on your contributions list for food items and/or cash donations to help make the 1978 Martin Luther King Festival/Scholarship a hugh success.

Again, we thank you for your participation.

Very sincerely,

## MESSAGE FROM ASB PRESIDENT

When the time comes that I must leave this campus and continue my journey in life, I will always keep a close and precious space in my heart for Santa Rosa Junior College. The friendships, knowledge and growth that I received amidst oak trees, ivy and red brick buildings is one which is both priceless and eternal.

It is not just the varied classes and vocational opportunity which make Santa Rosa Junior College one of California's highest ranked junior colleges, but the services to the students and community which make Santa Rosa Junior College a unique and satisfying experience.

We possess one of the finest athletic departments in this area. The reason behind this is due to our excellent coaching staff in all the varied departments, and the record which each one holds.

Santa Rosa Junior College is not only a fine campus for athletic growth, but for any other discipline from Automotive Engineering to Home Economics, Drama to Administration of Justice.

Most of these programs are funded in part by the Associated Student Body (ASB). The ASB is the only organized group of students who endeavor to serve their fellow students and their campus. It is my hope that Santa Rosa Junior College will forever hold its high academic standing, and that the ASB may be a key to opening your future in college. Welcome to each of you!

Good Luck to the Bearcubs ..... **GO BEAR CUBS, GO!!**

### Bearcubs Face Bulldogs Tonight

Tonight the San Mateo Bulldogs who held a pre-season national ranking, come to Bailey Field to meet the Bear Cubs.

Last Friday night the Cubs dropped a 25-14 decision to the College of the Redwoods. The Cubs trailed 19-0 at halftime but came back to outscore Redwoods 14-6 in the second half.

San Mateo was leading Fresno C.C. 12-11 at halftime but fell 26-13. The Bulldogs will feature the rifle arm of QB (19) Ralph Costanzo and the power running of No. 25 Dewey Bohling.

The Bear Cubs attack will rely heavily on freshmen who showed good potential in the Redwood game. Harley Miller and Erik Pedersen at Q.B., Homer Jones at Halfback, end Bob Salazar and tackle Ulma Afoa led the freshmen on offense.

The defensive back were hit for 361 yards last week, however, coach Izzy Derkos feels that the all freshmen pass defense squad will improve greatly as they become accustomed to the college system.

Given heavy duty last week were Damien Farden, Tim Stanley, Scott Northfield, Freshmen Bart Pellandini, Sitau Moi, Reed Olaso and Linemen Lomina Fatu, Larry Coombs and Jeff Moneymaker rallied around veteran Bret Del Bondio to hold Redwood to only 87 yards rushing.

Next Saturday the Cubs travel to Weed to play College of the Siskiyous.

September 29, 1977

Dear Friends:

I would like to take this opportunity to answer some of the questions that most of you have pertaining to the fence between the Library and the Liberal Arts Building. After several days of negotiations between Joe Johnson, Assistant Dean for Administrative Services; Herb Grutgen, Maintenance Supervisor and Paul Wright Construction Company, I feel that a reasonable settlement has been reached.

First, all the barbed wire around the top of the fence, except for that part of the fence that runs along Elliott Parking Lot, has been removed. The fence exists where it does, due to the contract and the law. Every bit of space now fenced in will have some type of work done to it. So, the fence is to keep the workers in, students out, and to protect everybody!

The present entrance to the Library was provided for the students by the Contractor at no cost to the college! It is also the only negotiable entrance affordable. Red curb guards have been placed along Elliott driveway to provide a walkway to the north side of the Library.

Every student must realize and accept the fact that more construction and more fencing is in the future of our campus. Joe Johnson has assured me that adequate notification to students will be given before any more fences are raised. However, please try to remember that the few months of construction and inconvenience will result in years of better quality education for more students.

Sincerely,

James M. DeManche

## SSC return of student government?

ROHNERT PARK —

Forums this week may determine whether student government will return to Sonoma State College.

Graduate student James Hershey, one of four students trying to revive student government, said the forums are to stimulate student interest and gather input on what students want.

Student government was abolished in 1970 when students, feeling their influence on campus had severely diminished, voted out the fees which supported it.

Since then numerous attempts have been undertaken to reinstitute some kind of collective student voice but none successfully.

Hershey, however, feels "optimistic" about his group's chances.

Robert Joseph, of the campus Student Resource Center, agrees, doubting this new effort "will get bogged down" as did previous attempts.

Joseph said this new group is setting a "mid-range goal" more easily attainable.

Joseph said the group is planning to scheduled an election, probably in November, where students will elect a committee to draw up a proposed student government.

Later, students would vote on the government and elect representatives to it.

Joseph said students, at least 70 per cent of those polled in a survey last year, want some kind of student government.

Reeling off a number of past controversial campus issues, Hershey said students, because of a lack of a collective voice, are nearly powerless in the campus decision making process.

## Actions by Santa Rosa JC trustees

Santa Rosa Junior College trustees took actions Monday night:

**SCOR** — Approved \$100,000 funding for 1977-78 for Sonoma County Organization for the Retarded (SCOR) while deciding the organization must pay the college \$36,149.87 over the next four years. The district forgave an additional \$13,406. The vote was 5-1, with trustees John Jacobs opposed.

**ASSOCIATION** — Approved the concept of Redwood Empire Industries (REI) associating with California Human Development Corporation with REI's same services in vocational training for the handicapped and disadvantaged to continue as before.

**FUNDING** — In both SCOR and REI situations, the college provides support by funding employee positions approved by the trustees.

**BID** — Awarded the bid for construction of the Salem Avenue parking lot to Ghilotti Brothers for \$33,080. There were five bids. The estimate was \$35,000.

**NAMED** — Trustees Lianne Reynolds and Lawrence Bertolini to review the board of governors five-year plan with college President Roy Mikalson and to prepare a comment from the local level.

**ENROLLMENT** — First days of enrollment show 6,551 day students with the peak expected to reach about 7,100. Night students, including some day students attending both sessions, number 8,876 — also expected to increase.

**BROADCASTS** — Praised Eugene Canevari, assistant dean for student activities, for his continuing campus-oriented broadcasts via Radio KSRO as an extra activity.

The person who made the flyers for the "Learning Resource Programs" should try writing in normal English sometime; it's a real challenge. In item No. 2 he wrote, "The Learning Skills Program offers: specially designed courses and tutoring for students desiring intensive remediation in communication and quantification skills." If you have to ask what it means, you need it. Or a Bureaucratese 1A class . . .

ASB President Jim DeManche didn't much like my treatment of his Sept. 29 letter in my last column, I've been told. The letter explained why the fence around the library is where it is and told us that the barbed wire has been removed. The latter is mostly due to DeManche's efforts, though he didn't say that in the letter.

He may be straight, but he doesn't seem much interested in playing straight man to my jokes . . .

Reading over the notes on the freshman representatives article, I noticed they all want to help around here but none of them seems to know how to find out what the students want. They all have great intentions, but no real plan of action.

Any student can get in touch with the reps, or any student body officer, by leaving a note in their mailbox in the student activities office . . .

No, you didn't miss the twist of irony or the punch line; there isn't one . . .

"If an outsider visited I would be embarrassed about how the people in here are conducting their business," Assistant Dean Eugene Canevari told CSA members at their meeting last Monday. Canevari is a delightful person, aware, on-the-ball, and actively concerned. It's a shame more of his "charges" can't be so described . . .

I had a lot of fun with the opposite sex last Friday. Oh, don't get the wrong idea; it was all oral. One of my friends asked, "Who or what is the opposite sex?" I was about to tell him he was when I realized he wouldn't think so.

We guessed it must be a club or a lodge or something of that sort. People are always talking about members of the opposite sex." And we decided the group must be on the government's list of subversive organizations. That is all we can think of to account for all the concern some people have about others "fraternizing with member of the opposite sex . . ."

Libra women are difficult to find fault with, and that makes them almost intolerable . . .

## Out of the ASB closet

There is a mysterious, nameless figure on the SRJC campus. He is the attorney that is working for the Associated Student Body (ASB) to provide legal services for student body card holders.

The reason the legal advisor's name is kept quiet is because he is only allowed to work on student legal problems two hours a week for his \$100 monthly salary. The campus attorney is also a faculty member and apparently finds himself overloaded if he takes on more than his allotted two hours. At present a student must make an appointment through the student activities office in order to get legal aid. The present waiting list is backed up almost to the end of the semester.

We appreciate the legal service program that the ASB offers, but it is clearly not enough. When the campus attorney has to keep a low profile to avoid an overload of calls during his off duty hours then the current legal program is failing.

In the past, the ASB pushed for expanded legal services but were refused by the board of trustees. The board was reluctant to grant the small fee that was given for legal services. If the board feels that providing legal services is not part of giving students an education, they should reconsider. The chances of a person having to go to court are many, and few people at the junior college level or beyond are prepared to face such circumstances. There is a clear need for students to have a place to go for legal assistance in case of car accidents, law suits, rent disputes or other court related problems.

We urge the board of trustees to review past decisions on limiting legal services for students. We also hope that the current ASB officers will bring about student legal services that will work.

## Out of the OL closet

In the Editorial in last week's *Oak Leaf*, "Out of the ASB Closet," it was said that the ASB legal services were booked up until the close to the end of the semester. This was inaccurate. ASB legal services were only booked up for a week and a half at the time the editorial appeared.

The *Oak Leaf* still believes that the ASB legal service program is inadequate if the advising attorney has to conceal his name from the students he services.

## Feedback table provides student with a ready ear

by Pat Hamilton

Officers of the Associated Student Body (ASB) see their new Feedback Table, located in the coop, as a way to improve communication with all students. ASB officers staff the table. They're willing to give information and take suggestions.

"We're there to listen to anything. We're not going to shoo them away or laugh at them," said ASB Sophomore Representative David Alberti, co-coordinator of the Feedback Table.

The ASB still has some problems to work out with the Feedback Table, Alberti says. There is still some confusion about how to handle some

questions and where to go for help when the ASB officers don't know the answers. "I hope by the end of the month people working the table know the routes better, have a more direct and personal touch with the students," Alberti added.

"We're trying for a personal approach," said Alberti. The ASB member or the person who receives the question or comment will get in touch by mail, phone or in person with the student who submitted it.

All interested students may work on the Feedback Table, Alberti says, but they should be involved and know what is going on at SRJC.

The person who made the flyers for the "Learning Resource Programs" should try writing in normal English sometime; it's a real challenge. ASB President Jim DeManche didn't much like my treatment of his Sept. 29 letter in my last column. I've been told. The letter explained why the fence around the library is where it is and told us that the barbed wire has been removed. The latter is mostly due to DeManche's efforts, though he didn't say that in the letter.

He may be straight, but he doesn't seem much interested in playing straight man to my jokes . . .

Reading over the notes on the freshman representatives article, I noticed they all want to help around here but none of them seems to know how to find out what the students want. They all have great intentions, but no real plan of action.
